

DIRECTIONS TO THE AUDIT ROOM AT BLACK MOUNTAIN

Please refer to the map of Black Mountain Center campus. The GII training room is located on 2nd floor of the Gravely wing. Please find parking in any of the lots to the rear of the Gravely building. There is generally space available in the large lot located near house 18 and 19. The easiest entrance to the building from the back is the passageway between the Administration building and the Gravely building. There are ramps leading up to the entrance. Participants should not utilize the visitor's parking spaces in the front of the Administration building as we try to reserve them for visiting family members of our residents.
