Privacy Statement

Statutory Authority:

Article 5E, 90-113.70 the North Carolina Controlled Substances Reporting System Act, requires the Department of Health and Human Services to establish and maintain a controlled substances prescription reporting system of dispensed prescriptions for all Schedule II-V controlled substances. The purpose of this legislation is to improve the State's ability to identify controlled substances abusers or misusers and refer them for treatment, and to identify and stop diversion of prescription drugs in an efficient and cost effective manner that will not impede the appropriate medical utilization of licit controlled substances.

Access to Information:

NCGS 90-113.74. (c) (1) authorizes DHHS to release data from the Controlled Substances Reporting System to persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients.

NCGS 90-113.74. (c) (3) authorizes DHHS to release data from the Controlled Substances Reporting System to Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication and who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs. The SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records.

Unlawful Disclosure:

Prescription information in the Controlled Substances Reporting System is privileged and confidential, is not a public record pursuant to G.S. 132-1, is not subject to subpoena or discovery or any other use in civil proceedings, and except as otherwise provided in Article 5E, may only be used for investigative or evidentiary purposes related to violations of State or federal law and regulatory activities. Except as otherwise provided in Article 5E, prescription information shall not be disclosed or disseminated to any person or entity by any person or entity authorized to review prescription information.

As per 90-113.75., a person who intentionally, knowingly, or negligently releases, obtains, or attempts to obtain information from the system in violation of a provision of this section or a rule adopted pursuant to this section shall be assessed a civil penalty not to exceed five thousand dollars (\$5,000) per violation. The clear proceeds of penalties assessed under this section shall be deposited to the Civil Penalty and Forfeiture Fund in accordance with Article 31A of Chapter 115C of the General Statutes.
