TOTAL SOCIAL SERVICES BLOCK GRANT\$62,420,093

If the Congress of the United States decreases the federal fund availability for the Social Services Block Grant as described above, the Department of Health and Human Services shall reduce the State administration amount(s) by at least the percentage of the reduction in federal funds. After determining the reduction in the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified above. In allocating a decrease in the federal fund availability, the Department shall not eliminate the funding for a program or activity as allocated by the NC General Assembly unless it is related to the State administration.

B. Fiscal Operations

1. Criteria for Distribution

Describe the State's criteria for allocation of SSBG funds to State entities.

In allocating funds to State entities, DHHS considers funds available through SSBG, TANF transfer, and other funding sources. Funds are then allocated in such a way as to sustain community-based services aimed at protecting vulnerable adults and children and supporting the services for youth at risk.

2. Planning Process for Use and Distribution of Funds:

Describe the planning process for determining the State's use and distribution of SSBG funds.

North Carolina DHHS sets program and budget priorities by reviewing the program and budget plans for administration. DHHS personnel also consult with and gather input from stakeholders and community partners. This information is used to make decisions about how to allocate resources to meet the goals and objective specified by DHHS.

3. Financial Operations System:

Describe the State's process of assigning costs (e.g., cost allocation plan) and method of calculating costs (e.g., Random Moment in Time).

North Carolina uses a cost allocation plan to assign costs and calculates costs using the 100% Time Reporting method.

C. Program Operations

1. SSBG Statutory Goals the State Plans to Achieve

Indicate which of the statutory goals the State plans to achieve, and provide a description of how services funded by the SSBG will be directed at one or more of these goals. SSBG Statutory Goals:

- 1. Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency
- 2. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency
- ✓ 3. Preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating or reuniting families
- ✓ 4. Preventing or reducing in appropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care
- ✓ 5. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions

How Services Funded by the SSBG will be directed at these goals:

SSBG funds will be used to support all these goals by providing services to children, youth, and adults that will help individuals achieve and maintain self-sufficiency, prevent or remedy neglect, abuse and exploitation, prevent or reduce inappropriate institutional care, and direct individuals to institutional care when appropriate.

2. Characteristics of Individuals to be Served

Describe the characteristics of individuals to be served, including: definitions of child, adult, and family; eligibility criteria; and income guidelines.

Definitions

- Child: A person who is less than 18 years of age
- Adult: An individual who has reached the age of majority, age 18 in North Carolina, or who has been emancipated by a court order.

Family: One or more parents and children related by blood, marriage, or adoption, and residing in the same household; or a parent substitute, such as a related caregiver or legal guardian, who has responsibility for the 24-hour care and supervision of a child.

Eligibility Criteria & Income Guidelines:

There are three *primary* eligibility categories defined by the State through which individuals may be eligible to receive Social Services Block Grant-funded services. The first eligibility category defined by the State is based on an individual's status in terms of two major income maintenance programs - the Temporary Assistance for Needy Families (TANF) and the Supplemental Security Income (SSI) programs. The second category is based on the income status and size of the income unit.¹ In the third category, services may be provided "Without Regard to Income," based solely on an individual's need, although for some services the recipient may be asked (but not required) to share in the cost of providing the service. A fourth eligibility category results from the transfer of a percentage of the State's allocation of TANF (Temporary Assistance for Needy Families) funding to the Social Services Block Grant. Adhering to federal eligibility requirements for persons receiving assistance through the TANF program, these funds will be used only for programs and services to children and their families whose incomes are at or below 200% of the Federal Poverty Level, applicable to family size. The four eligibility categories are described as follows:

Income Maintenance Status

Individuals considered eligible as income maintenance recipients are:

- Current recipients of Temporary Assistance to Needy Families, known as Work First Family Assistance (WFFA) in North Carolina;
- Persons whose needs are taken into account in determining the needs of WFFA recipients;

¹ Unless otherwise excepted, the following are defined as separate income units for purposes of determining eligibility and cost sharing contributions: biological or adoptive parents and their minor children; a minor parent and his or her children; each adult, whether related or unrelated, other than spouses; children living with adults other than their biological or adoptive parents; and minors who are emancipated through a court proceeding, marriage or participation in the armed services. For Family Planning Services, "family" will be defined in accordance with federal regulation, 10A NCAC 71R .0908 for Family Planning Services. For Nutrition Services, "family" will be defined in accordance with 10A NCAC 71R .0913.

- Applicants for or current recipients of Supplemental Security Income (SSI) benefits;
- Persons who receive regular Optional State Supplementation payments from the State, known in North Carolina as State/County Special Assistance for Adults, to supplement SSI benefits;
- Children for whom adoption assistance payments or foster care maintenance payments are made under provisions of Public Law 96-272, and are thus considered WFFA recipients.

All these income maintenance recipients are categorically eligible for services. For services such as child care, in which various federal and state funding sources have been blended to maximize funding and streamline service delivery to families, policies specific to that program shall apply. An individual applying for child care services is no longer considered income eligible on the basis of income maintenance status. Although income received from an income maintenance payment such as WFFA or SSI may continue after these individuals are employed, it is not included in the amount of family's income used to determine eligibility for child care services. Income from employment and other sources available to the family is counted toward determining eligibility.

Income Status (Income Eligible Clients)

Eligibility for certain services requires consideration of the income unit's monthly gross income. These services include 1) Child Care Services, 2) In-Home Aide Services for the Blind, 3) Voluntary Sterilization (funded under SSBG as an optional resource item of Health Support Services) and 4) Transportation Services.

The maximum income eligibility limit for subsidized Child Care Services is 75% of North Carolina's State median income, adjusted biennially. Families *who qualify on the basis of income eligibility* pay fees based on their income, family size, and the amount of time child care is needed each month.

For the other services listed above, the State has adopted application of the Federal Poverty Level for use in determining eligibility based on the number of individuals in an income unit. In-Home Services for the Blind is the only one of the services listed above that is available to individuals in income units earning up to 100% of the of the State's established income which is 150% of the Federal Poverty Level. Voluntary Sterilization is an option for individuals in income units earning up to 80% of the Federal Poverty Level. Only those who earn less than 60% of the Federal Poverty Level for their family or income unit are eligible for *all* services, including Transportation, offered through the Social Services Block Grant.

The provision of services "Without Regard to Income" is based solely on the individual's need for the service; however for some services, clients are requested to voluntarily contribute to the cost of services provided. Services supported by the Social Services Block Grant and made available on a "Without Regard to Income" basis may include, depending on each year's allocation:

- Adjustment Services for the Blind and Visually Impaired
- Adoption Services
- Adult Placement Services

TANF Funds Transferred to the Social Services Block Grant

Federal regulations allow certain TANF monies to be transferred into the Social Services Block Grant. However, welfare reform law stipulates that any TANF funds transferred to SSBG must be used for families with incomes no higher than 200% of the Federal poverty guidelines. Following this requirement, Social Services Block Grant funds transferred from TANF will only be used for the provision of programs and services to children and their families or income units who earn less than or up to 200% of the Federal Poverty Level, applicable to the size of the family/income unit served.

TANF-to-SSBG funds will be used to support Adoption Services, Foster Care Services for Children, and Other Child Welfare Services where income for families or income units receiving the services does not exceed 200% of the Federal Poverty Level. Activities funded under these service categories include Non-residential Diagnostic and Treatment Services, Recruitment, Assessment and Training of Adoptive and Foster Parents; Adoption Assistance and Post-Adoption Case Management; Case Planning and Case Management, Preparation for and Participation in Judicial Determinations, and other services to youth in foster care or former foster care recipients.

For State Fiscal Year 2017 funds transferred from TANF to SSBG will also be used to support training for child welfare services and to maintain the level of expenditures for Child Protective Services workers.

Consumer Contribution

Individuals determined eligible to receive services subject to the consumer contribution policy shall be informed of the requirement that all such recipients are given the opportunity to contribute to the cost of services provided, based on their gross family income and desire to voluntarily contribute. Income, size of income unit, cost of services, and other factors that affect ability to contribute may be taken into account. Services are not terminated if the individual decides not to contribute. The following is a list of services for which consumer contribution is applicable.

- Adult Day Care and Day Health Services
- Housing and Home Improvement Services (Renovations or Repair and Furnishings or Appliance Purchases only)
- In-Home Aide Services
- Personal and Family Counseling
- Preparation & Delivery of Meals

When any of the above services are provided to adults or children as part of a Protective Services Plan, these individuals will be excluded from consumer contributions, up to a maximum of 12 months. Consumer contributions do not apply to children in foster care, children who have been approved to receive adoption assistance, persons receiving Work First assistance, or federally administered Supplemental Security Income (SSI) applicants or recipients.

Fees

Under North Carolina's social services program, any service available through the county department of social services where the individual lives, when provided in conjunction with Protective Services for Children or Adults, will be provided without cost sharing and without regard to income during the first twelve months after Protective Services for Children or Adults is initiated, or until the case is closed, if it remains open for less than a year.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the

grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1)The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted --

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here. Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Beth A. Wood, CPA State Auditor

March 29, 2016

The Honorable Pat McCrory, Governor The General Assembly of North Carolina

We are pleased to submit the *Single Audit Report* for the State of North Carolina for the fiscal year ended June 30, 2015. The audit was conducted in accordance with standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the requirements of the Single Audit Act Amendments of 1996, and the provisions of the Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.*

This *Single Audit Report* reflects federal awards of \$20.66 billion. This report includes significant deficiencies and material weaknesses in internal control relating to major federal programs and instances of noncompliance, including several that we believe constitute material noncompliance, that meet the criteria of OMB Circular A-133.

The North Carolina *Comprehensive Annual Financial Report* for the fiscal year ended June 30, 2015, has been issued in a separate report by the Office of the State Controller. In accordance with *Government Auditing Standards*, we are issuing our report on our consideration of the State of North Carolina's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements that have an effect on the financial statements.

The deficiencies in internal control and instances of noncompliance arising from our audit that are required to be reported by *Governmental Auditing Standards* or the Single Audit Act and OMB Circular A-133 are described in the Schedule of Findings and Questioned Costs.

We wish to acknowledge the assistance of the North Carolina Office of the State Controller and the cooperation of other state agencies, community colleges, and universities in the preparation of this report.

Respectfully submitted,

Bit A. Wood

Beth A. Wood, CPA State Auditor

Let A. Wood

Beth A. Wood, CPA State Auditor
