# **DSS Co-Location Survey**

# DSS Co-Location Survey

***On July 1, 2023, North Carolina will launch the Specialized Foster Care Plan (FC Plan) that will serve children and youth involved in the child welfare system. Each child/youth enrolled in the FC Plan will be assigned a Plan-based care manager who will manage their health needs. FC Plan care managers will be required to coordinate closely with each child's DSS Child Welfare Worker to ensure that children receive the physical and behavioral health services outlined in their permanency plans. To facilitate this ongoing coordination, the Department envisions that some FC Plan care managers will co-locate in local DSS offices (FC Plan care managers will provide their own hardware, such as a laptop or computer). The Department is seeking input from DSS offices on the co-location approach through the brief survey below. Please complete the survey by September 10<sup>th</sup>. Thank you for your input.***

1. Which county is your office located in? \_\_\_\_\_

2. Does your office currently co-locate with LME-MCOs, other agencies or services?

- Yes
- No

2.a. If yes, what other agencies or services do you co-locate with? (Please check all that apply.)

- LME-MCO(s)
- Division of Juvenile Justice
- Division of Public Health
- CCNC
- Other \_\_\_\_\_

4. What potential barriers do you anticipate to co-locating that would need to be addressed? (Please check all that apply.)

- Physical office space
- Securing access to location (e.g., security clearance)
- General support (e.g., reception, phone access, etc.)
- Potential HR/personnel issues
- Other \_\_\_\_\_

3. Would your office be interested in co-locating with FC Plan care manager(s)?

- Yes
- No
- Not sure

3.a. If yes, would your office be interested in co-locating with FC Plan care manager(s) on a full-time (5 days a week) or part-time basis (a few days a week)?

- Full-time
- Part-time
- Not sure

5. Are there any other considerations the Department should be aware of that might impact your ability to co-locate?

## August 100-County Call

County Administration Reimbursement System Project

August 25, 2021

Presented by:  
Tim Egan, Managing Director, Deloitte Consulting

# Project Approach: The Next 3 Months

# Looking Ahead: The Next 30 Days

## Identify New System Requirements

- Finalize requirements and submit to DHHS for review
- Conduct briefing of requirements with DHHS
- Incorporate DHHS feedback

## System Change Cost-Benefit Analysis

- Facilitate an interview with Ohio (state supervised, county-administered) to help understand their state designs and considerations
- Estimate and Develop To Be Costs and Benefits
  - Continue estimating costs of potential project outcomes based on market options, publicly available information, requirements, and county survey results
  - Continue estimating potential impacts to productivity based on data gathered from DHHS and county survey to (e.g., potential productivity savings or losses)
  - Continue identifying potential “qualitative” benefits that may be achieved from potential project outcomes (e.g., benefits that may not be measured but may be impactful)
- Deliver ‘**System Change Cost-Benefit Analysis**’ for DHHS to review

## Assist DHHS with Potential Next Steps

- Brief DHHS on Cost-Benefit Analysis findings and help make decisions on the best path forward for stakeholders involved.
- Revisit future state system requirements based on decided path forward, if applicable
- Assist DHHS with developing criteria for assessing potential vendors/offerors
- Assist DHHS with potential procurement support activities (evaluation criteria, etc.)
- DHHS to conduct internal planning for outreach to federal partners (e.g., CMS, FNS, ACF, etc.)

# NCCARE360

NCCARE360 is the first **statewide network** that unites health care and human services organizations with a shared technology that enables organizations to:

- **Communicate** in real-time
- **Make electronic referrals**
- **Securely share client information**
- **Track outcomes together**

# NCCARE360 Status

- NCCARE360 is fully statewide as of June 2020
- NCCARE360 Network:
  - Over 2,400 community-based organizations with over 4,300 programs in the NCCARE360 network.
  - NC Health Systems on NCCARE360: Cone Health, WakeMed, Vidant, UNC Health, Duke Health
  - All Medicaid Pre-Paid Health Plans and LME-MCOs on NCCARE360
- Client Served (as of August 2021)
  - Over **69,794 people served** through NCCARE360
  - Over **184,587 referrals or cases** created in NCCARE360
  - 73% of service episodes in NCCARE360 resolved

# How to Join NCCARE360

- STEP 1: Reach out to the NCCARE360 Community Engagement Manager
  - Reach out to the NCCARE360 CEM assigned to your county or region to discuss NCCARE360. During this meeting, your CEM will walk through options for how your Agency may use NCCARE360.
  - There is significant flexibility for how a DSS onboard to NCCARE360, including whether the organization will send referrals, receive referrals, or both send and receive referrals and which DSS programs/staff will use NCCARE360.
- Step 2: Complete a Partner Registration Form
- Step 3: Complete Software Training
- Step 4: Go live and start using NCCARE360!

# NCCARE360 Workflow Options – Receiving a Referral

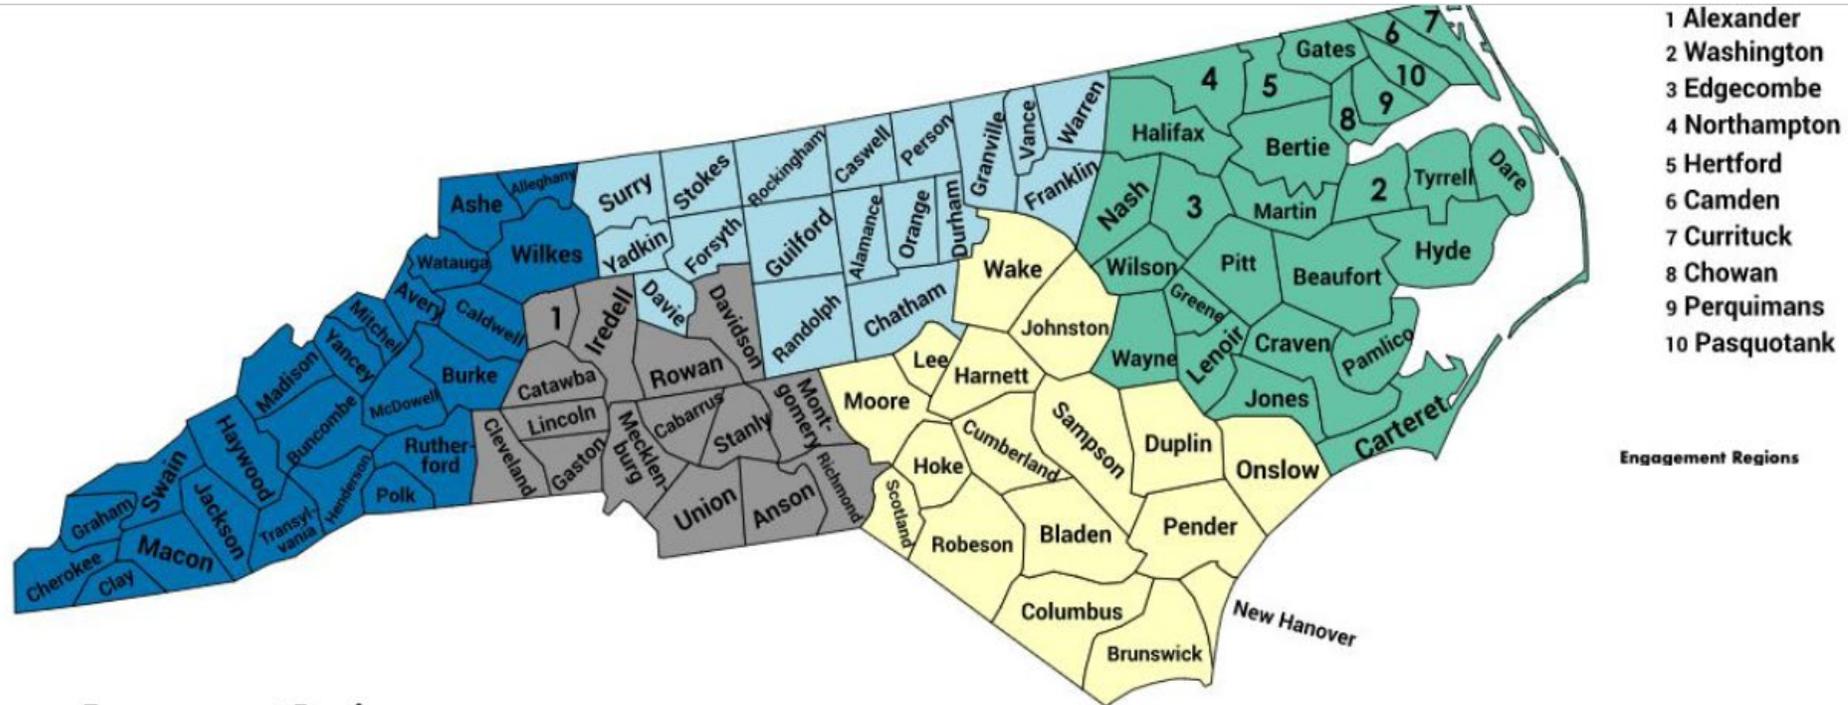

DSS Agencies that Receive Referrals should:

1. Review the incoming referral and determine if you should “Accept” or “Reject” the referral based on initial review.
2. If applicable, proactively reach out to the client to either set up an appointment or provide more information about your services.
3. Work with the client on their resource needs through your current workflows and practices.
4. When you have completed working with that client, close the case in NCCARE360 marking it “Resolved” or “Unresolved”

# NCCARE360 Workflow Options– Sending Referrals

- DSS staff should use the DSS consent form before a referral is sent via NCCARE360 on behalf of a client. The DSS specific consent must be signed in addition to the Unite Us consent.
- It is recommended that DSS Agency upload the consent to the NCCARE360 client profile, so the client does not need to fill out the same form before future DSS referrals can be made. DSS can keep consent in client file or other method as determined by Agency.
- If client does not consent, DSS Agency can still use NCCARE360 to assist client.
  - Print out materials from Directory in NCCARE360
  - Self-Referral at <https://nccare360.org/resources/>
- Client must all complete Unite Us consent (one time)
  - UU Consent Options: Paper upload, on-screen, recorded over the phone, text, email, case worker attestation

# Questions

# Why Participate in NCCARE360?

- ✘ Providers cannot always exchange PII or PHI securely
- ✘ Limited prescreening for eligibility, capacity, or geography
- ✘ Clients must contact each organization they were referred to
- ✘ Providers have limited insight or feedback loops
- ✘ Client data is siloed and transactional data is not tracked

- ✓ Information is stored and transferred on Unite Us' HIPAA, FERPA, FIPS, HITRUST, and 42 CFR Part 2-compliant platform
- ✓ Clients are matched with the provider(s) they qualify for
- ✓ Information is captured once and shared on clients' behalf
- ✓ Providers have insight into the entire client journey
- ✓ Longitudinal data is tracked to allow for informed decision-making by community care teams

Unite Us is here to support our community as we respond to COVID-19. Please contact us via chat or at support@uniteus.com to update your organization's information if you are providing additional or limited service during this time.

Tropical Storms

Snowstorms

Earthquakes

Wildfires

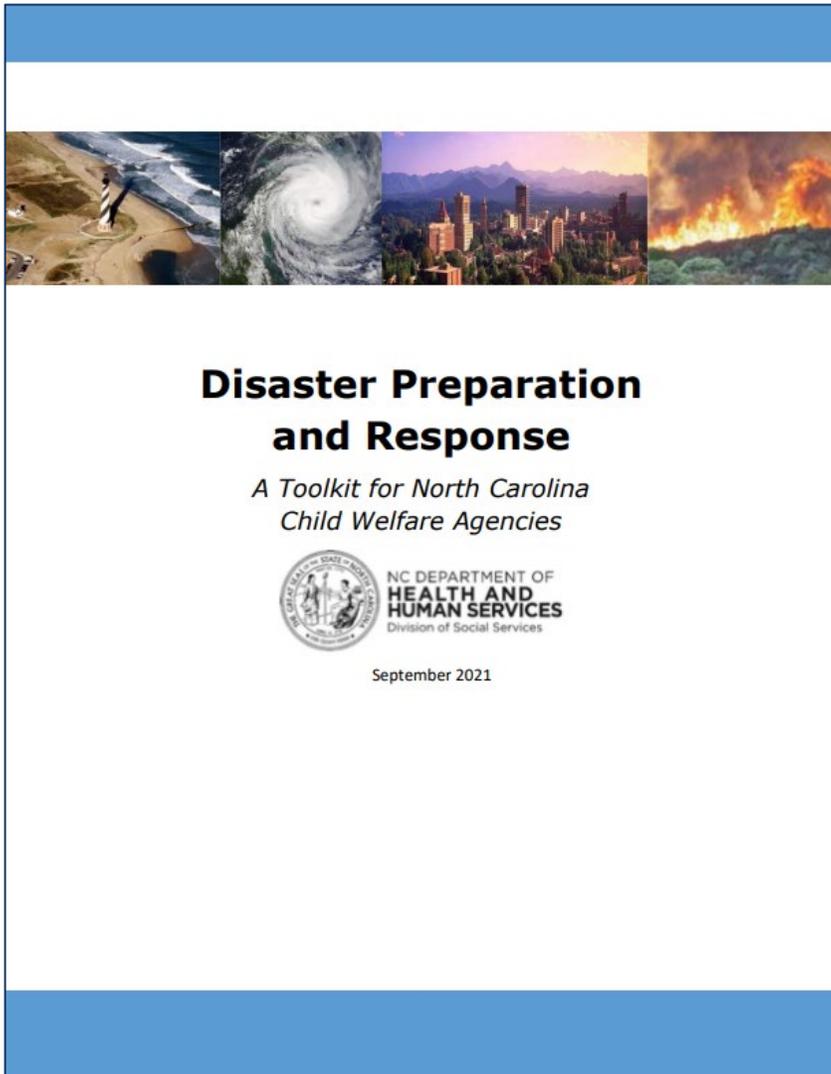

Extreme Weather

Cyber Attacks

Public Health Emergencies

- Federal law and NCDSS **require** child welfare agencies to have disaster plans to prepare for, respond to, and recover from disaster events.
- When a disaster occurs, **all public and private child welfare agencies** should be equipped to:
  - Identify, locate, and continue services for children
  - Respond to new cases
  - Communicate with case workers and other essential personnel
  - Preserve essential program records
  - Coordinate services and share information with other states and providers.

# CWS Disaster Preparedness

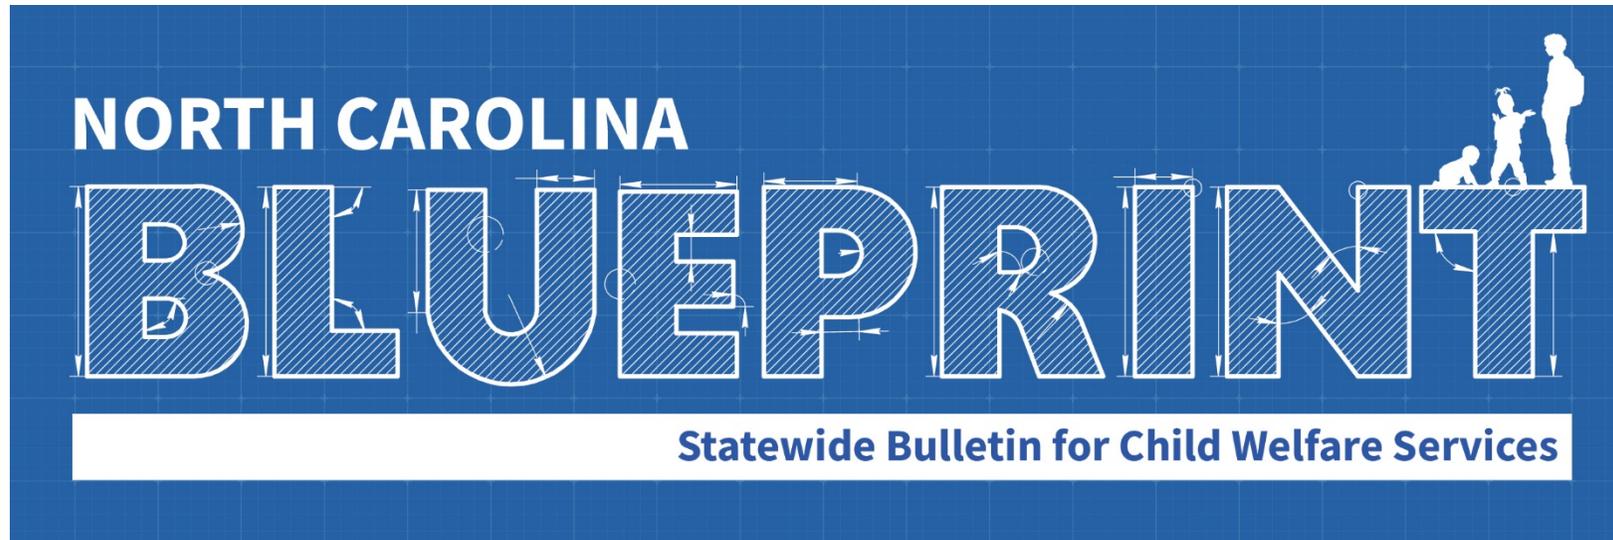

- The **Disaster Preparation and Response Toolkit** will support coordinated disaster efforts for all public and private child welfare agencies throughout North Carolina.
- This toolkit provides a trauma-informed approach to disaster management in three areas:
  1. Preparing for Disasters
  2. Responding to Disasters
  3. Recovering from Disasters
- NCDSS will host a **webinar on Sept. 22, 2021, 10:30 a.m.–noon** to introduce the Toolkit, go over federal and state requirements for disaster plans, and answer questions.

# **NEW Communications for CWS**

- 1) North Carolina Blueprint: Statewide Bulletin for Child Welfare Services**
- 2) Law Change Notices**

# North Carolina Blueprint

- North Carolina Blueprint is a new statewide bulletin for NCDSS to share helpful news, announcements, and events with CWS staff, providers, and stakeholders.
- **Blueprint bulletins do not replace DCDLs** but will cover a large scope of material – from useful resources, to NC proclamations, child welfare reform updates, new trainings, and more.
- Our goal is to provide the many dedicated professionals and agencies who do this work in North Carolina a shared blueprint to support our shared goals.
