

Alzheimer's Disease and Related Dementias Respite Program – Greenwood Inn

This program provides temporary relief to families who are experiencing the intense pressure of constant caregiving responsibilities of persons with Alzheimer's disease and related Dementias Program. Also known as Greenwood Inn, this six-bed program offers 24-hour care by Certified Nurse Aides who are supervised and supported by professional staff of BMNTC. Families who utilize this service consistently report that Greenwood Inn enables families to postpone or altogether avoid nursing home placement of their loved one. The program serves individuals from across North Carolina that require in-home 24-hour care.

Each guest can stay at Greenwood Inn for up to 30 days per year, in increments convenient to the caregiver/family. The cost is \$40/day and meals are included. The Specialized Respite Program provides unprecedented service and support at minimal cost to the caregiver/family. Guest at Greenwood must be:

- Medically and behaviorally stable.
- Suffer from some form of neurocognitive disorder, i.e. Alzheimer's or dementia.
- Need 24 hour supervision
