

Breaking Barriers on a Budget: Assistive Tech for \$10 or Less

This presentation will explore affordable assistive technology (AT) solutions that empower individuals in various settings — education, workplace, home, and community.

- Learn about NCATP services
- Learn about Assistive Technology and why it matters
- Learn some low tech/low cost/DIY solutions
- Learn how to implement these solutions into everyday life
- Take away a list of budget friendly solutions

Presenters:

Julie Dutchess, ATP
Assistive Technologist

Samantha Westrich, SLP
AAC Consultant

Presented by The North Carolina Assistive Technology Program

Thursday
April, 24, 2025
