VPN Usage:

Step 1:
To use the 2Factor VPN, choose the correct VPN group in the drop-down menu: ==6-2Factor-User==
Enter Username-NCID and password
Click-OK

Step 2:
Answer the phone call to validate your MFA
Enter your 4-digit PIN ==(the MFA PIN that you are currently using for ACTS)== followed by the '#' key to complete verification
After the "#" key is pressed, the MFA interactive voice response will relay the following message. "Your sign in was successfully verified. Goodbye!"

Step 3:
Accept the State Warnings and Conditions to complete the VPN Login process
