Intake RESTful Service Bridge

As NC DHHS, Child Welfare Section works on the revision to the CPS Intake tool, we want to engage with agencies that have an electronic CPS Intake tool. We hope to gather information to assist the Child Welfare Program and your agency in identifying and ideally bridging any gaps that may come as a result of a new, Statewide Electronic Intake tool, until the time your agency enters the Child Welfare System for CPS Assessments.

* Required

* This form will record your name, please fill your name.
