

# Community Based Restoration Program

This is a NCDHHS and Alliance pilot program to address the needs of individuals adjudicated to be Incapable To Proceed to Trial (IPT). CBRP provides access to evaluations and restoration treatment in the individual's community using individual therapy and community-based wrap-around services to provide whole person care.

Services are focused on effectively delivering individualized programming based upon the person's diagnosis, and social determinants of need.

- ✓ Individual and Group Therapy
- ✓ Access to other treatment including psychiatry, family therapy/caregiver support, ACT, CST, medical and other services

- ✓ Peer Support Services
