

NC DEPARTMENT OF
HEALTH AND HUMAN SERVICES

Division of Mental Health,
Developmental Disabilities
and Substance Abuse Services

Community Engagement & Empowerment Team

Community Update | January 2023

NCDHHS - DMH/DD/SAS

New Leadership Announcement

We are pleased to announce two key leadership appointments in the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMHDDSAS). Effective December 19, 2022, **Kelly Crosbie** will serve as **Division Director** for DMHDDSAS, and **Renee Rader** will serve as **Deputy Director**. Bios for each can be found below.

With nearly 60 years of combined experience, Kelly and Renee have dedicated their professional careers to making a difference in the lives of people with disabilities and improving services for people seeking mental health, substance use, and/or disability support services. I am excited about their leadership and am grateful for the clarity of purpose and depth of knowledge they bring to these respective leadership roles. Please join me in congratulating Kelly and Renee!

We would also like to thank Deputy Secretary Dave Richard for serving as the Interim Division Director for the last few months and to the team at DMHDDSAS who stepped in and stepped up to keep the important work of this division moving forward.

Kelly Crosbie, MSW, LCSW, is a licensed clinical social worker who has supported people with mental illness, substance use disorders, and intellectual/developmental disabilities her entire adult life. She began volunteering in the community with individuals who have intellectual and

developmental disabilities in high school, and she started her career as a mental health clinician **servicing children in foster care and juvenile justice settings** as well as adults and children with co-occurring conditions.

Kelly has worked for multiple non-profit organizations that **support individuals with intellectual and developmental disabilities** in a range of capacities, from Development Officer to Chief Strategy Officer to Chief Operating Officer. In each setting, her work was dedicated to promoting greater self-determination and equity. From 2008-2012 she was the Assistant Director for Behavioral Health and Intellectual and Developmental Disabilities at NC Medicaid, where she oversaw benefits such as the Innovations Waiver before being named NC Medicaid's Chief Operating Officer in 2013. Most recently, Kelly served as the Chief Quality Officer for the Division of Health Benefits (formerly NC Medicaid). In that role, she oversaw all Quality Programs aimed at **improving health outcomes** and **promoting health equity**. She also directed all Care Management Programs, including Tailored Care Management, which is designed to provide comprehensive **whole-person care management** support for members with mental illness, substance use disorder, and intellectual and developmental disabilities.

Kelly received her Masters degree in Social Work Administration from Temple University and her Bachelors of Science degree in Psychology from the University of Pittsburgh. She is an appointed member of the NC Institute of Medicine, the HCP-LAN 2.0 Care Transformation Forum, the Health Equity Advisory Team (HEAT), the NCQA Public Sector Advisory Committee, and the Equity Standards subcommittee. In the past she has served on multiple Technical Advisory Panels (TEP) for CMS/CMMI and NQF initiatives.

Renee Rader, MA, has dedicated her career to improving the lives of people with disabilities. Beginning as a Direct Support Professional for individuals with intellectual and developmental disabilities, Renee spent the first half of her career **supporting people with disabilities in community**. As she moved into leadership roles within various provider agencies, she led the development of **community-based behavioral health programs** for individuals with Intellectual and Developmental Disability, Traumatic Brain Injury, Substance Use Disorder, and Severe Mental Illness.

Renee joined NCDHHS in 2011 to expand her impact and has led policy and program development in NC Medicaid and DMHDDSAS. As a lead consultant for Intellectual and Developmental Disabilities, her expertise was instrumental in developing and implementing the Innovations Waiver. Most recently, Renee served as the Assistant Director for Policy and Programs at DMHDDSAS, where she provided leadership on key policy areas to promote **whole-person health** for individuals living with mental illness, intellectual or developmental disabilities, traumatic brain injuries, and/or substance use disorders.

Renee has a Master's degree in Counseling Psychology from Loyola University and a Bachelor's degree from Geneva College in Beaver Falls, Pennsylvania.

DMH/DD/SAS Job Opportunities

The Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMHDDSAS) is the State agency responsible for developing, implementing and overseeing publicly funded mental health, intellectual and developmental disability, traumatic brain injury and substance use services in North Carolina. DMHDDSAS works collaboratively with other State and local agencies to ensure access and quality services for individuals and families who are uninsured or underinsured. The mission of DMHDDSAS is carried out through a system of Local Management Entities (LMEs) and Managed Care Organizations (MCOs) or Behavioral Health & I/DD Tailored Plans, as well as through direct contracts with local providers, advocacy organizations, and hospitals.

Enhanced ePASS Accounts for NC Medicaid Beneficiaries

[ePASS is North Carolina's secure self-service website](#) where beneficiaries can apply for various benefits, view case details, renew their Medicaid and update their information without having to visit or contact their local Department of Social Services.

NC Medicaid encourages beneficiaries to create an enhanced ePASS account where they can make sure their contact information is correct and make any updates without having to go through their local DSS.

Correct addresses ensure that beneficiaries receive information about how the end of the federal COVID-19 Public Health Emergency affects their eligibility for Medicaid benefits and other ways to receive health care (e.g., through the marketplace). Although CMS has not announced a date for the end of the PHE, it is anticipated to happen in 2023.

To help beneficiaries create an ePASS account, fact sheets are available with step-by-step instructions in [English](#) and [Spanish](#).

Updated Vaccine Dose for Kids Under 5 & Free Telemedicine for All

NCDHHS is launching a time-limited program in partnership with StarMed Healthcare to provide free access to telemedicine screenings for COVID-19 treatment for North Carolinians who test positive. This program is available now until funding runs out, which is expected to be around mid-March.

People who test positive for COVID-19 with an at-home test or other method can set up an appointment online at <https://starmed.care/nc/> or call 704-941-6000, seven days a week from 9 a.m. to 7 p.m. There is no cost to the patient. Read our [press release](#) for more information.

Key facts:

- This service is available regardless of insurance status and IDs are not required. If you do not have insurance, you will not be charged for your appointment.
- If you have insurance, StarMed will bill your health plan and NCDHHS will pay for any additional balance.
- Appointments are available in English, Spanish and more than 200 other languages through an on-demand interpretation service. American Sign Language interpretation is also available.
- If the patient is eligible for antiviral treatment, such as Paxlovid, the provider will send a prescription to the patient's desired pharmacy. There is also an option to mail order the medication. Oral antiviral pills are available at no cost to the patient.
- The telemedicine program will last until funding runs out, which is estimated to be about mid-March.

After a positive test, early treatment is key to avoiding severe illness and hospitalizations, and treatment may even reduce complications from [post-COVID conditions](#), also called long COVID.

Everyone, especially people at high risk of getting very sick from COVID-19, should have a plan to contact a health care provider right away if they test positive. This telemedicine program offers another option for quick access to lifesaving treatments. Please help spread the word in your communities:

- [Printable flyer](#)
- Visit MySpot.nc.gov/FindTreatment (Spanish) or set up a telemedicine appointment [online](#) or by calling 704-941-6000.

Updated COVID-19 Vaccine Dose Now Available for Kids 6 Months to 4 Years : Most children 6 months to 4 years are now eligible for their updated COVID-19 vaccine, which offers the most up-to-date protection against COVID-19 variants. These vaccine doses are becoming available in North Carolina this week following the Food and Drug Administration's emergency use authorization and the Centers for Disease Control and Prevention's recommendation.

The updated vaccine is a bivalent vaccine that targets both the original coronavirus strain and Omicron variants. Like previous COVID-19 shots, children 6 months through 4 years get a smaller dose of this updated vaccine than other age groups. Children under 5 should get the same vaccine brand for all recommended doses. Children are eligible for the updated dose of their COVID-19 vaccine if they are:

- 6 months to 5 years and got their last dose of a Moderna vaccine at least two months ago
- 6 months to 4 years who already had two doses of the Pfizer vaccine and are ready for their third dose

Children 6 months and older may be able to get the updated COVID-19 vaccine and other routine vaccines they are due for at the same visit, including during routine checkups. Parents should talk with a health care provider to make sure their child is up to date on COVID-19 and other vaccines. The updated vaccine, like all COVID-19 vaccines, is safe to get alongside the annual flu shot.

As we spend more time gathering indoors this winter, it's important that everyone stays up to date on their COVID-19 vaccines to help protect against serious illness, hospitalization, death, and long-term complications from the virus.

We need your help to make sure every North Carolinian has easy access to the information they need to protect themselves and others. *Please share the resources below with the communities you serve:*

- [Website](#)
- [Press Release](#)
- [Social Media](#)

Currently, COVID-19 vaccines are still free to everyone through federal funding, regardless of insurance or immigration status. When federal funding ends, COVID-19 vaccines will be available like flu shots and other routine vaccinations but may no longer be free for everyone. Flu vaccines are often available at little to no cost. To learn more about the COVID-19 vaccines including nearby providers, visit [MySpot.nc.gov](https://www.myspot.nc.gov) or contact the CDC-INFO Contact Center at 800-CDC-INFO.

Meetings & Educational Opportunities

Monthly Joint DMHDDSAS and DHB Provider and Consumer Webinars

Joint DMHDDSAS and DHB Provider Webinar

This webinar series is for providers, practice managers, quality improvement professionals, and care coordinators to provide updates from the Division of MH/DD/SAS and the Division of Health Benefits (NC Medicaid).

Date/Time: Thursday, Jan. 5, 2023,
3:00-4:00 p.m.

Join Link: [Click here to register](#)

Joint DMHDDSAS and DHB Consumer Webinar

This webinar series is for consumers, family members, and community stakeholders to provide updates from the Division of MH/DD/SAS and Division of Health Benefits (NC Medicaid).

Date/Time: Monday, Jan. 23, 2023,
2:00-3:00 p.m.

Join Link: [Click here to register](#)

Topic: Healthcare Decision-Making and Advance Care Planning with People who Use Disability Services: It's Not Just About End of Life!

Presenter: Leigh Ann Kingsbury, Principal, InLeadS Consulting

Description: Advance Care Planning and advance directives are not just about end of life.

Advance Care Planning is a way to help everyone ensure that their values and wishes about their personal quality of life, their health, and their desires for healthcare are known, and that someone is identified to honor those values and wishes, should the person be unable to speak for themselves. People with disabilities and older adults have the right to make decisions about their lives, at all stages of their lives, with the kind of support they want. One way to help people be in charge of their decisions is to support development of living wills, and identification of healthcare power of attorneys. This webinar will:

- Review the need for advance care planning as part of everyone's life-planning processes, and not just an end-of-life consideration
- Provide a high-level review of the skills needed to develop advance care plans
- Address the continuum of decision-making authority
- Provide resources for training and guidance in helping people develop advance care plans

Other Announcements:

- **MFP Roundtables:** The 1st Quarter 2023 MFP Roundtable will be held virtually on Friday Feb.17, 2023, 12:00-2:00 p.m. Registration is required, [click here to register](#).

NCDHHS Person-Centered Planning Training

DHHS is implementing a DHHS approved Person Centered Planning training that meets the requirements for service providers responsible for developing a PCP. Person Centered Planning is a collaborative planning practice which emphasizes self-determination and choice in helping individuals to achieve their unique vision of preferred life. Core principles and practices of Person-Centered Planning, and how these differ from traditional approaches, will be reviewed.

Participants will receive concrete guidance in both the process and documentation of Person-Centered Planning, including strategies for respecting strengths-based, person-centered principles while also satisfying expectations associated with clinical, accreditation, and fiscal regulations. Hypothetical, case-based examples of quality Person Centered Plans will be shared as a way of illustrating key quality elements. There are five live virtual training sessions to choose from.

The training will be recorded and posted online for future use. This training will be offered free of charge. Live virtual training dates are:

- Wednesday, Jan. 11, 2023, 9:00-1:00 p.m. [Click here to register](#)
- Wednesday, Feb. 22, 2023, 9:00-1:00 p.m. [Click here to register](#)
- Tuesday, Feb. 28, 2023, 12:30-4:30 p.m. [Click here to register](#)
- Wednesday, March 8, 2023, 9:00-:00 p.m. [Click here to register](#)
- Tuesday, May 9, 2023, 12:30-4:30 p.m. [Click here to register](#)

NC One Community in Recovery Call for Award Nominations

14th Annual NC "One Community in Recovery" Conference
Save the Date! March 1-3, 2023 | Greensboro, NC

The Annual NC "One Community in Recovery" Conference is a yearly conference planned by a statewide committee of behavioral health providers and advocates, many of whom have lived experience with recovery from mental health and/or substance use.

Nominations are being accepted now until **January 13, 2023.**

Do you know of someone making a positive difference in North Carolina? Help us recognize their contribution by nominating them for a Recovery Champion or Youth/Young Adult Voice Award. These awards honor people who have dedicated their individual talents, whether through sharing their story, advocacy, professional work, or volunteering, to successfully promote mental health and/or substance use recovery and resilience. All award winners will receive free registration and lodging for the conference.

- **Recovery Champion Award**

- 3 individuals will be selected one from the West, Central, and Eastern regions of NC. Recovery Champion Awards will be given to people who have dedicated their individual talents, whether through professional work or volunteering, to successfully promote mental health and/or substance use recovery.
- Submit your nomination here: <https://form.jotform.com/210054836047047>

- **Youth/Young Adult Voice Award**

- This award will recognize and celebrate a youth/young adult under the age of 26 in North Carolina who has dedicated their individual talents, whether through sharing their story, advocacy, or volunteering, to successfully promote resilience mental health, and/or substance use recovery
- Submit your nomination here: <https://form.jotform.com/210054617349150>

If you are not able to access the links or need additional information, please contact Ellen Kesler, ekesler@wakehealth.edu

Bringing It Home: Ending Homelessness in NC Conference Save the Date - May 2-3, 2023

As preparations begin for the 2023 Bringing It Home Conference on Ending Homelessness in North Carolina on May 2-3, 2023, the NC Department of Health and Human Services ESG Office, the NC Coalition to End Homelessness, and the NC Housing Coalition are calling for presentation proposals.

Presentations will be 1 hour and 15 minutes long and include interactive components including 10-15 minutes of Q&A or discussion. Presentations could be chosen as stand-alone sessions or

chosen as a part of a panel. At this time, we are planning a fully virtual conference that will take place remotely. Please note that presentations need to include one or more of the topics of interest listed.

Awareness Month - January

- **National Slavery & Human Trafficking Prevention Month - Jan. 1, 2023 - Jan. 31, 2023**
 - The month of January was first declared as such in 2010 by the then President of the USA, Barack Obama. Slavery and human trafficking is often considered a historic problem but sadly it is an issue which is growing on a worldwide basis and one which many people in our communities could be vulnerable to. A highly lucrative business, albeit a criminal one, here in the USA we are seeing an increase in the number of instances reported and it for these reasons that the awareness raising prevention month was established.
- **Martin Luther King Day - Jan. 16, 2023**
 - Martin Luther King Day celebrates life and accomplishments of Dr. Martin Luther King, Jr. MLK promoted Civil Rights through nonviolent civil disobedience. He is perhaps best known for his "I Have A Dream" speech in 1963. He was assassinated in 1968. Martin Luther King, Jr. day became a federally recognized holiday in 1983. The first year this holiday was observed was 1986, and not by all states. In 2000, it became a nationally observed holiday in all states. Martin Luther King Jr. Day is observed annually on the third Monday of January.

Consumer and Family Advisory Committee (CFAC)

Local Consumer and Family Advisory Committees (LCFAC)

Check your local LME/MCOs for meeting dates and times. Some have started meeting in a hybrid manner.

NC Medicaid Transformation

Here are some additional sites that you may go to find more information on Medicaid Transformation:

<https://medicaid.ncdhhs.gov/transformation>

<https://medicaid.ncdhhs.gov/transformation/more-information>

Updated Guidance

NC Medicaid has published [Tailored Care Management Updated Guidance](#), including updates to the Tailored Care Management Provider Manual, The Use of Care Manager Extenders, Tailored CM 101 Frequently asked Questions, and updated guidance on rates.

For more information on Tailored Care Management, please see the Medicaid bulletin article [Tailored Care Management Update: AMH+/CMA Certification Round Two Desk Reviews Completed](#).

All updates can be found on the Tailored Care Management [webpage](#).

Tailored Care Management Updates

With NC Medicaid's transformation to managed care, the North Carolina Department of Health and Human Services (NCDHHS) will continue to offer to Medicaid beneficiaries a comprehensive array of behavioral health, intellectual/developmental disability (I/DD) and traumatic brain injury (TBI) services.

In previous guidance, including the [Behavioral Health and Intellectual/Development Disability Tailored Plan Final Policy Guidance](#) and [Behavioral Health and Intellectual/Development Disability Tailored Plan Request for Applications](#).

NCDHHS released detailed information about the Standard Plan and future Behavioral Health (BH) and I/DD Tailored Plan (Tailored Plan) benefit packages. NCDHHS currently covers a subset of BH services under its 1915(b)(3) waiver, which will sunset upon the Tailored Plan launch in April 2023. NCDHHS is seeking authority to cover most of the current 1915(b)(3) services through the 1915(i) authority (Tailored Plan). Information on the 1915(i) services is available in the [NC Medicaid Transition of 1915\(b\)\(3\) Benefits to 1915\(i\) Authority white paper](#).

Traumatic Brain Injury (TBI) Updates

- The updated 2023 TBI State Action Plan was approved by the Brain Injury Advisory Council. It is effective January 1, 2023 and will be posted to the TBI webpage in the near future.
- The Public Health Workforce Grant (TBI Data) awarded by Administration for Community Living (ACL) to NC DHHS, DMHDDSAS (TBI program) has been initiated in partnership with DMHDDSAS Quality Management and UNC. This grant opportunity supports the expansion of TBI awareness through data collection and analysis.
- Questions about the TBI Waiver should be sent to: TBIinfo@alliancehealthplan.org. The Brain Injury Association of NC (BIANC) website offers a large variety of information, and educational learning tools and maintains a comprehensive online resource guide. The website can be found at www.bianc.net.

- The TBI Program is recruiting for membership on the TBI Grant Steering Committee. This steering committee plays an important role in oversight of grant activity, monitoring project progress, making recommendations, problem solving challenges and other critical functions. Interested individuals should contact Sandy Pendergraft at sandy.pendergraft@bianc.net or Michael Brown at michael.brown@dhhs.nc.gov. All are welcome and encouraged to join!
- The Brain Injury Association of NC (BIANC) website offers a large variety of information, educational learning tools and maintains a comprehensive online resource guide. The website can be found at www.bianc.net
- A diverse and growing library of free online TBI training modules can be found at www.biancteach.net

Certified Older Adult Peer Specialist Training Opportunity

North Carolina Division MH/DD/SAS has identified funds to implement the Certified Older Adult Peer Specialist (COAPS) Initiative. The funds will be used to contract with the University of Pennsylvania COAPS Center to provide **FREE training with the cost of travel to the training location to be provided with these funds**, to current NCCPSS over the age of 50 years old. COAPS training increases understanding of aging, mental health, and co-occurring issues in older adults, teach specialized techniques to support older adults in recovery and increases the level of expertise for current Certified Peer Specialist.

The training is a 3-day training, and the plan is for regional trainings, but the location of the trainings will be based on the location of the participants. The NCCPSS Program will have a certification for COAPS Designation and can be used for the required 20-hr re-certification training.

There will also be an opportunity for NCCPSS/COAPS Designation to become COAPS Facilitators for the State. This will be a 2-day **FREE training with the cost of travel to the trainings to be provided with these funds.**

View the [COAPS flyer](#) for more information.

For more information or to sign-up for a COAPS training, please contact Debbie Webster at Debbie.Webster@dhhs.nc.gov, or 919-218-2515.
