NOTICE TO FOOD STAMP RECIPIENTS IMPACTED BY HURRICANE KATRINA

Additional Food Stamp benefits were added to your North Carolina EBT Card last night. You are receiving additional Food Stamp benefits for the month of September because the United States Department of Agriculture (USDA) determined that your household is eligible for a full allotment amount from North Carolina. This is because your household evacuated from an area devastated by Hurricane Katrina.

Contact your local food stamp office if you have questions about the additional benefits. Contact EBT Customer Service at # 1-888-622-7328 to find out the amount of EBT benefits available in your account.
