

Appendices for MH/DD/SAS Community Systems Progress Report

Fourth Quarter SFY 2010-2011
April 1 – June 30, 2011

Prepared by:
Quality Management Team
Community Policy Management Section
Division of Mental Health, Developmental Disabilities, and Substance Abuse Services

August 31, 2011

These appendices are a companion document to the *Community Systems Progress Report*. Both the report and appendices are available on the Division's website at: <http://www.ncdhhs.gov/mhddsas/statspublications/reports>.

Appendix A contains the data tables for each Progress Indicator in the Report. Several indicators include county level data.

Appendix B contains a list of Local Management Entities (LMEs) and provides information on member counties, county and LME population, population density (persons per square mile) for each county, urban/rural designation, the number of persons and the percentage of county population enrolled in Medicaid.

Appendix C explains the formulas used for calculating each performance indicator.

Appendix D is included only when a report has been revised. It explains any revisions that have been made to the report.

Appendix A: Data Tables For Each Progress Indicator

INDICATOR 1: Timely Access to Care (Emergent Care)									
LME	# Persons Requesting Services	Determined To Need Emergent Care		Provided Care Within 2 Hours		Access Available But Not Seen in 2 Hours*		Total Provided Care or Access Within 2 Hours**	
		# Persons	% of Persons Requesting Services	# Persons	% of Persons Determined To Need	# Persons	% of Persons Determined To Need	# Persons	% of Persons Determined To Need

* "Access Available But Not Seen" is defined as a qualified provider was on the physical premises ready to provide immediate care as soon as the consumer was available to receive care, but a face-to-face service was not provided within 2 hours of the request for services because the consumer was not available within this time frame to receive it.

** "Total Provided Access Within 2 Hours" includes consumers provided emergency care plus consumers provided access but not seen within 2 hours of the request.

* "Appointment Within 48 Hours Offered - Declined" includes consumers that were offered one or more appointments at reasonable times within the target time frame but either:

- declined the offered appointment for personal convenience or necessity and requested an appointment outside the target time frame, or
- were initially scheduled for an appointment within the target time frame but later rescheduled it to a date/time outside the target time frame.

NOTE: Percentages have been rounded. The sum of percentages across each row are not expected to equal 100%.

SOURCE: Medicaid and State Service Claims Data for the one year period: April 1, 2010 to March 31, 2011 based on claims paid through July 31, 2011.

* Data for PBH LME is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.

Data Sources and Calculations

Population Data: The Office of State Budget and Management (OSBM) State Demographics Branch website: http://www.osbm.state.nc.us/demog/countytotals_singleage_2010.html. Last Update: May 4, 2009. Downloaded 6/22/10.

MH Prevalence Rates: Prepared by NRI/SDICC for CMHS, July 6, 2010 (for the MH Block Grant)

- **Children:** URS Table 1: Children with Serious Emotional Disturbance, ages 9-17, by State, 2009. Note: 11% is the midpoint (10%-12%) for the LOF=60 range (SED with substantial functional impairment). The same rate was applied to children under age 9.
- **Adults:** URS Table 1: Number of Persons with Serious Mental Illness, age 18 and older, by State, 2009 = 5.4%.

NC Substance Abuse Prevalence Rates: SAMHSA, Office of Applied Studies, National Surveys on Drug Use and Health, 2007 and 2008, published June 2010.

- **Children and Adults:** Table B.20, Dependence on or Abuse of Illicit Drugs or Alcohol in Past Year, by Age Group and State: Percentages, Annual Averages Based on 2007 and 2008 NSDUH.

Prevalence rate for adolescents (ages 12-17) is 6.57%, for adults (ages 18-25) is 19.26%, and for adults (ages 26+) is 6.42%. Total = 8.04%. Applying these age group rates to July 2010 population = 8.21% total.

DD Prevalence Rates: Larson, S., Lakin, C., Anderson, L., Kwak, N., Lee, J.H., & Anderson, D. (2000). Prevalence of MR and/or DD: Analysis of the 1994/1995 NHIS-D. MR/DD Data Brief, April 2000, Vol 2, No. 1. Minneapolis: University of Minnesota, Research and Training Center on Community Living, Institute on Community Integration. The NHIS-D is the National Health Interview Survey (NHIS) Disability Supplement used to estimate the prevalence of people with MR and/or DD in the US Non-Institutional Population. According to the article, prevalence rates for persons ages 3-5 = 3.84%, ages 6-17 = 3.17%, and ages 18+ = 0.79%. Based on July 2010 NC projected population, and excluding children ages 0-2 who receive services from DPH, 1.30% of the total NC non-institutionalized population and 1.32% of the total population (including persons in institutions) are estimated to have MR and/or DD. If persons ages 0-2 were to be included, the prevalence rate for the non-institutionalized population would be 1.40% and the prevalence rate for the total population would be 1.42%.

Estimated Persons in Need Of Services: These numbers were calculated by multiplying the most current available statewide prevalence rates for NC for MH, DD, and SA by the July 2010 county population projections for each relevant age group for each county in each LME's catchment area.

Persons Served: Disability group is based on the first three diagnoses on all claims. Persons in each disability group were counted once -- based on the LME and age at first service in the year. Persons with multiple disabilities (e.g. MH and SA, MH and DD, etc.) were counted in all applicable columns. An unduplicated total of 119,285 children and 242,700 adults were served during this 12 month period.

SOURCE: Medicaid and State Service Claims Data for the one year period: April 1, 2010 to March 31, 2011 based on claims paid through July 31, 2011.

* Data for PBH LME is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.

Data Sources and Calculations

Population Data: The Office of State Budget and Management (OSBM) State Demographics Branch website: http://www.osbm.state.nc.us/demog/countytotals_singleage_2010.html. Last Update: May 4, 2009. Downloaded 6/22/10.

MH Prevalence Rates: Prepared by NRI/SDICC for CMHS, July 6, 2010 (for the MH Block Grant)

- **Children:** URS Table 1: Children with Serious Emotional Disturbance, ages 9-17, by State, 2009. Note: 11% is the midpoint (10%-12%) for the LOF=60 range (SED with substantial functional impairment). The same rate was applied to children under age 9.
- **Adults:** URS Table 1: Number of Persons with Serious Mental Illness, age 18 and older, by State, 2009 = 5.4%.

NC Substance Abuse Prevalence Rates: SAMHSA, Office of Applied Studies, National Surveys on Drug Use and Health, 2007 and 2008, published June 2010.

- **Children and Adults:** Table B.20, Dependence on or Abuse of Illicit Drugs or Alcohol in Past Year, by Age Group and State: Percentages, Annual Averages Based on 2007 and 2008 NSDUH.

Prevalence rate for adolescents (ages 12-17) is 6.57%, for adults (ages 18-25) is 19.26%, and for adults (ages 26+) is 6.42%. Total = 8.04%. Applying these age group rates to July 2010 population = 8.21% total.

DD Prevalence Rates: Larson, S., Lakin, C., Anderson, L., Kwak, N., Lee, J.H., & Anderson, D. (2000). Prevalence of MR and/or DD: Analysis of the 1994/1995 NHIS-D. MR/DD Data Brief, April 2000, Vol 2, No. 1. Minneapolis: University of Minnesota, Research and Training Center on Community Living, Institute on Community Integration. The NHIS-D is the National Health Interview Survey (NHIS) Disability Supplement used to estimate the prevalence of people with MR and/or DD in the US Non-Institutional Population. According to the article, prevalence rates for persons ages 3-5 = 3.84%, ages 6-17 = 3.17%, and ages 18+ = 0.79%. Based on July 2010 projected population, and excluding children ages 0-2 who receive services from DPH, 1.30% of the total NC non-institutionalized population and 1.32% of the total population (including persons in institutions) are estimated to have MR and/or DD. If persons ages 0-2 were to be included, the prevalence rate for the non-institutionalized population would be 1.40% and the prevalence rate for the total population would be 1.42%.

Estimated Persons in Need Of Services: These numbers were calculated by multiplying the most current available statewide prevalence rates for NC for MH, DD, and SA by the July 2010 county population projections for each relevant age group for each county in each LME's catchment area.

Persons Served: Disability group is based on the first three diagnoses on all claims. Persons in each disability group were counted once -- based on the LME and age at first service in the year. Persons with multiple disabilities (e.g. MH and SA, MH and DD, etc.) were counted in all applicable columns. An unduplicated total of 119,285 children and 242,700 adults were served during this 12 month period.

SOURCE: Medicaid and State Service Claims Data, January 1 - March 31, 2011 (first service received) based on claims paid through July 31, 2011.

* Data for PBH LME is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.

** For persons receiving 2 visits within the first 14 days of service.

NOTE: Percentages should NOT total 100% across the LME or county row.

SOURCE: Medicaid and State Service Claims Data, January 1 - March 31, 2011 (first service received) based on claims paid through July 31, 2011.

* Data for PBH LME is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.

** For persons receiving 2 visits within the first 14 days of service.

NOTE: Percentages should NOT total 100% across the LME or county row.

SOURCE: Healthcare Enterprise Accounts Receivable Tracking System (HEARTS) Data for discharges between April 1 - June 30, 2011 as reported in the Consumer Data Warehouse (CDW) as of 8/8/11.

This indicator is intended to measure how well the community system is doing providing local community-based crisis and inpatient psychiatric care to reduce the use of state psychiatric hospitals to provide short-term acute inpatient psychiatric care. It is not intended to measure care provided by the state hospitals and does not include all discharges.

Discharge data from state hospitals has been modified to include only discharges coded as "direct" discharges to sources that fall within the responsibility of an LME to coordinate services (e.g. to other outpatient and residential non state facility, self/no referral, unknown, community agency, private physician, other health care, family friends, nonresidential treatment/habilitation program, other). Discharges for other reasons (e.g. transfers to other facilities, deaths, etc.); to other referral sources (e.g. court, correctional facilities, nursing homes, psychiatric service of general hospital, state facilities, VA); and out-of-state are not included in the numerator and denominator.

SOURCE: Healthcare Enterprise Accounts Receivable Tracking System (HEARTS) Data for discharges between October 1, 2010 - December 31, 2010 as reported in the Consumer Data Warehouse (CDW) as of 8/8/11.

These indicators are intended to measure how well the community system is doing following-up, engaging consumers, coordinating care, and providing services that reduce the need for readmission to state psychiatric hospitals. They are not intended to measure care provided by the state hospitals and do not include all discharges.

Discharge data from state hospitals has been modified to include only discharges coded as "direct" discharges to sources that fall within the responsibility of an LME to coordinate services (e.g. to other outpatient and residential non state facility, self/no referral, unknown, community agency, private physician, other health care, family friends, nonresidential treatment/habilitation program, other). Discharges for other reasons (e.g. transfers to other facilities, deaths, etc.); to other referral sources (e.g. court, correctional facilities, nursing homes, psychiatric service of general hospital, state facilities, VA); and out-of-state are not included in the numerator and denominator.

SOURCE: Healthcare Enterprise Accounts Receivable Tracking System (HEARTS) data for discharges between January 1 - March 31, 2011 in Client Data Warehouse (CDW) as of 8/8/11 matched to Medicaid and State Service Claims Data for claims paid through July 31, 2011. PBH LME data is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.

NOTES: The data has been lagged 4 months to allow time for claims to be submitted and the data to be captured by the paid claims system and may not be complete for claims that were submitted and paid later. "Not Seen" means a publically-funded (Medicaid or IPRS) claim for services was not paid during the period reviewed. It is possible that these individuals may have received a service paid by another payer. The rows may add up to > 100% due to rounding.

Discharge data has been modified to include only discharges coded as "direct" discharges and "program completion" to sources that fall within the responsibility of an LME to coordinate services (e.g. to other outpatient and residential non state facility, self/no referral, unknown, community agency, private physician, other health care, family friends, nonresidential treatment/habilitation program, other). Discharges for other reasons (e.g. transfers to other facilities, deaths, etc.); to other referral sources (e.g. court, correctional facilities, nursing homes, psychiatric service of general hospital, state facilities, VA); and out-of-state are not included in the numerator and denominator.

SOURCE: Medicaid and State Service Claims Data, services received and persons served January - March 2011 paid through July 31, 2011.

1. Residential Treatment = Residential Treatment Level 2 (Program Type), Level 3, and Level 4.
2. The number of children served includes those with co-occurring developmental disabilities.
3. PBH LME data is self-reported as it is operating under a Medicaid waiver and its data is not included in the paid claims database.
4. The LME total children receiving residential treatment is an unduplicated count for the LME. If a child receives residential treatment in more than one county during the quarter, the LME total may not equal the sum of the individual counties for that LME.

Total of 100 Counties: 26 Urban and 74 Rural

Data Sources:

Population: NC Office of State Budget and Management (OSBM) website. http://www.osbm.state.nc.us/demog/countytotals_singleage_2010.html Last Update: May 4, 2010. Downloaded 6/22/10.

Medicaid Eligibles: Medicaid eligibles on July 1, 2010, extracted from DRIVE from Client Population on November 15, 2010. May not yet include all retroactive eligibles.

County Area: US Census Bureau 2006 Quick Facts (<http://quickfacts.census.gov/qfd/states/37/>).

Urban/Rural: NC Rural Economic Development Center defines urban and rural based on population density as of the 1990 Census of Population. Rural counties contain <200 persons per square mile. Urban counties contain ≥200 persons per square mile (<http://www.ncruralcenter.org/databank/>). Counties in this table are defined based on the same population density criteria using July 2010 population projections.

Appendix C: Formulas for Calculating the Performance Indicators Used in the Community Systems Progress Indicators Reports SFY 2009-2010			
Indicator	Numerator	Denominator	Notes
Timely Access to Care	Number of new persons requesting care through the LME's STR/Access Unit or through an LME's provider who are determined to need the relevant level of care (emergent, urgent, or routine) and who receive it within the timeframes specified in Clinical Performance Indicators 3.1.1 - 3.1.3	Number of new persons requesting care through the LME's STR/Access Unit or through an LME's provider who are determined to need the relevant level of care (emergent, urgent or routine), during the defined period.	Defined period includes persons screened during a quarter. This indicator will rely on LMEs' quarterly reports, until the NC DHHS is ensured that the screening data submitted to the Client Data Warehouse (CDW) is complete and accurate.
Services to Persons in Need (Treated Prevalence)	Number of unduplicated persons with at least one paid IPRS and/or Medicaid service claim* that indicates a diagnosis for the age-disability group during the defined period. Disability group is based on the first three diagnoses on all claims. Persons in each disability group were counted once -- based on the LME and age at first service in the year. Persons with multiple disabilities (e.g. MH and SA, MH and DD, etc.) were counted in all applicable columns.	Number of persons in the LME catchment area's relevant age group estimated to need service for the disability (based on national studies). Age appropriate estimates were applied to county population, where applicable.	An individual person can be counted in more than one age-disability group. Defined period includes four quarters of service dates, lagged by one quarter prior to the report to allow time for claims to be submitted and paid.
Timely Initiation of Services	Number of persons with a first paid IPRS and/or Medicaid service claim* that indicates diagnosis for the disability group during the defined period who receive a second paid IPRS and/or Medicaid service claim that indicates a diagnosis for the disability group within 14 days of the first service date,	Number of persons with a first paid IPRS and/or Medicaid service claim* that indicates diagnosis for the disability group during the defined period.	The first date of service is defined as a service after 60 days with no service. Defined period includes first service dates during the quarter being reviewed, lagged by four months following the quarter to allow time for claims to be submitted and paid.
Engagement in Services	Number of persons meeting the criteria for Initiation who receive a fourth paid IPRS and/or Medicaid service claim* that indicates a diagnosis for the disability group within 30 days of the second service date	Number of persons with a first paid IPRS and/or Medicaid service claim* that indicates diagnosis for the disability group during the defined period	Defined period includes first service dates during the quarter being reviewed, lagged by four months following the quarter to allow time for claims to be submitted and paid.
Effective Use of State Psychiatric Hospitals (Short Term Use)	Number of persons discharged from a state psychiatric hospital during the defined period who were admitted no more than 7 or between 8-30 days prior to discharge	Number of persons discharged from a state psychiatric hospital during the defined period, according to HEARTS data in the Client Data Warehouse (CDW).	Defined period includes discharges during the most recent quarter prior to the report. NOTE: See the note associated with the Timely Follow-up After Inpatient Care - State Psychiatric Hospitals measure.
State Psychiatric Hospitals Readmissions	Number of persons discharged from a state psychiatric hospital during the defined period who had a subsequent readmission to a state psychiatric hospital within 30 or 180 calendar days of the discharge	Number of persons discharged from a state psychiatric hospital during the defined period, according to HEARTS data in the Client Data Warehouse (CDW).	Defined period includes discharges during a quarter, lagged 7 months to allow for readmissions up to 180 days after discharge, plus one month for the data to be entered into CDW. NOTE: See the note associated with the Timely Follow-up After Inpatient Care - State Psychiatric Hospitals measure.
Timely Follow-Up After Inpatient Care State Alcohol & Drug Abuse Treatment Centers (ADATCs)	Number of persons discharged from a state ADATC during the defined period who had a paid IPRS and/or Medicaid service* within 1-7 or 8-30 calendar days of the discharge	Number of persons discharged from a state ADATC during the defined period, according to HEARTS data in the Client Data Warehouse (CDW).	Defined period includes discharges during a quarter, lagged 4 months prior to the report to allow time for claims to be submitted and paid. NOTE: Persons discharged include "Direct Discharges" (to Inpatient Commitment, to Outpatient Commitment, to Substance Abuse Commitment, by Court Order, with Approval) and "Program Completion" for the following types of "Discharge Referrals" (other outpatient and residential non state facility, nonresidential treatment/habilitation program, self/no referral, community agency, private physician, other health care, family friends, unknown, and other), for all "Discharge Living Arrangements" except "correctional facility", and "institution (psych hospital mental retardation)". Persons discharged are assigned to an LME based on "D/C Aftercare LME" designation, or if blank, based on "Responsible County" (excludes "Responsible County" or "County D/C To" = "Out of State"). Persons receiving ACTT during the month following discharge were counted as having been seen within "0 - 7 days". Excludes cases if readmitted within 7 days.
Timely Follow-Up After Inpatient Care State Psychiatric Hospitals	Number of persons discharged from a state psychiatric hospital during the defined period who had a paid IPRS and/or Medicaid service* within 1-7 or 8-30 calendar days of the discharge	Number of persons discharged from a state psychiatric hospital during the defined period, according to HEARTS data in the Client Data Warehouse (CDW).	Defined period includes discharges during a quarter, lagged 4 months prior to the report to allow time for claims to be submitted and paid. NOTE: Persons discharged include "Direct Discharges" (to Inpatient Commitment, to Outpatient Commitment, to Substance Abuse Commitment, by Court Order, with Approval) for the following types of "Discharge Referrals" (other outpatient and residential non state facility, nonresidential treatment/habilitation program, self/no referral, community agency, private physician, other health care, psychiatric service general hospital, family friends, unknown, and other), for all "Discharge Living Arrangements" except "correctional facility", and "institution (psych hospital mental retardation)". Persons discharged are assigned to an LME based on "D/C Aftercare LME" designation, or if blank, based on "Responsible County" (excludes "Responsible County" or "County D/C To" = "Out of State"). Persons receiving ACTT during the month following discharge were counted as having been seen within "0 - 7 days". Excludes cases if readmitted within 7 days.
Child Services in Non-Family Settings	Number of children ages 0-17 with a MH and/or SA diagnosis (either primary or co-occurring) who had a paid IPRS and/or Medicaid claim* for Level II-Program, Level III or Level IV residential treatment services during the defined period.	Number of children ages 0-17 with a MH and/or SA diagnosis (either primary or co-occurring) who had a paid IPRS and/or Medicaid service* during the defined period.	Defined period includes one quarter of service dates, lagged by 4 months prior to the report to allow time for claims to be submitted and paid.

*Service claims data include:

(1) All paid IPRS claims and claims denied due to lack of funds. (Other denied IPRS claims and procedure codes YP500 and YP692 are excluded.)

Any claim marked paid where the paid amount for the detail is "0", provided the EOB for the detail is either "payment reduced to maximum allowed" or "paid in full". This should capture any claim where the rate is set to "0" or where the reported 1st or 3rd party payments equal the billed amount or at least cover what would have paid.

(2) All Medicaid claims billed by the following providers:

- All enhanced services
- Professional practitioners (licensed psychologists, LCSWs, etc.)
- Criterion 5 extended-stay residential placements
- Select general hospital outpatient
- CAP-MR/DD
- Psychiatrists
- Community Intermediate Care Facilities for Mental Retardation
- Community psychiatric hospitals (excluding state-operated)
- Directly-enrolled residential
- Psychiatric residential treatment facilities (excluding state-operated)
- General hospital inpatient psychiatric units
- "Incident to" claims by provisionally licensed professionals
