MEMORANDUM

TO: Facilities Providing Services to Recipients of State/County Special Assistance for Adults

FROM: Suzanne P. Merrill, Director *Suzanne P. Merrill*
Division of Aging and Adult Services

SUBJECT: Department of Health and Human Services Implementation of Legislation Affecting the Cost and Revenue Reporting for Adult Care Facilities

Applicability. The 2014 Session of the North Carolina General Assembly re-enacted legislation requiring adult care facilities with twenty-one or more licensed bed capacity to submit annual audited Cost Reports. Those adult care facilities with a seven to twenty licensed bed capacity are required to submit annual Cost Reports which are to be audited once every two years. **The Cost Report for the 2014-2015 year is required to be audited for facilities with seven or more licensed beds.**

Audit Requirements. In order to meet the requirements of G.S. 131D-4.2 and in an attempt to minimize the audit cost incurred by the facilities, the N. C. Department of Health and Human Services (Department) has developed procedures (attached) intended to be applied during an agreed-upon procedures engagement performed by a Certified Public Accountant (CPA). The procedures should be performed in accordance with Statement on Standards for Attestation Engagements (SSAE) No. 10, *Attestation Standards: Revision and Recodification*. If a facility, in consultation with their CPA, prefers to have the CPA perform an audit in accordance with Statement on Auditing Standards (SAS) No. 62: *Special Reports*, this will be accepted by the Department. The Independent Accountant's Report on Applying Agreed-Upon Procedures or the SAS No. 62 Special Report, including the Cost Report which reflects the CPA's adjustments, should be mailed by December 31, 2015 to the N. C. Department of Health and Human Services, DHHS Office of the Controller, 2019 Mail Service Center, Raleigh, North Carolina 27699-2019.

To fulfill the requirements of G. S. 131D-4.2, adult care facilities that fall under Chapter 131D and Chapter 122C are required to submit an annual Cost Report for the reporting period of July 1, 2014 through June 30, 2015. Combined nursing facilities should submit a cost report and audited report based on their last completed Medicare cost report. All other facilities submit an audited Cost Report for the reporting period of October 1, 2014 through September 30, 2015. Facilities should engage a CPA to either perform the attached procedures in accordance with SSAE No. 10 or a SAS No. 62 Special Report. If the facility does not retain a CPA to perform the Agreed-Upon Procedures engagement, the Department will accept agreed-upon procedures performed by an Independent Accountant.

Peer Review Requirements. In accordance with the recommendation of the State Auditor, the Department has established minimum requirements for the acceptance of Independent Accountant's Reports on Applying Agreed-Upon Procedures from Independent Accountants. These minimum requirements are similar to CPA requirements and are detailed in the attached certification that should be submitted with the Independent Accountant's Report on Applying Agreed-Upon Procedures. Beginning with the 2001 Cost Reports, any Independent Accountant who performs an Agreed-Upon Procedures engagement **must** (1) be enrolled in a peer review program; and (2) if the Independent Accountant has performed agreed-upon procedures engagements for more than two years, he/she **must** have obtained a peer review of his/her agreed-upon procedures engagement within the last three years for the report to be **accepted by the Department.**

An Equal Opportunity / Affirmative Action Employer

Because of existing certification procedures and peer review requirements established by the State Board of CPA Examiners, we are not requiring CPAs to provide the attached certification. Also, this only relates to the acceptance of the Independent Accountant's Report on Applying Agreed-Upon Procedures. The Department will **not** accept a SAS No. 62 Special Report from an Independent Accountant.

Due Date. The Cost Report which reflects the CPA's/Independent Accountant's adjustments is required to be submitted along with the Independent Accountant's Report on Applying Agreed-Upon Procedures by December 31, 2015.

We express our appreciation to the management and staff of the adult care facilities and their CPAs/Independent Accountants for their cooperation in submitting the cost reports. The objective of these procedures is to ensure that information used by the General Assembly to develop rates in connection with the State/County Special Assistance Program is as accurate as possible.

Agreed-Upon Procedures

for

Adult Care Facilities Licensed Under G.S. 122C

(Licensed Capacity = 7 Beds or Greater)

For the period July 1, 2014 through June 30, 2015

(Revision Date: 10/2014)

Introduction

The procedures specified in this document have been prepared by the N. C. Department of Health and Human Services to satisfy an engagement to perform agreed-upon procedures for Adult Care Homes **licensed under G.S. 122C** in accordance with Statement on Standards for Attestation Engagements (SSAE) No. 10, *Attestation Standards: Revision and Recodification*. For purposes of this engagement, the items of a financial statement are the financial amounts included in the Adult Care Home Cost Report. This document should be considered the N. C. Department of Health and Human Services' requirements for the sufficiency (nature, timing, and extent) of the agreed-upon procedures to be performed for the period of July 1, 2014 through June 30, 2015.

The purpose of this engagement is to apply agreed-upon procedures as specified by the N. C. Department of Health and Human Services to verify the following assertion made by the management of the Adult Care Home on Schedule A, page 1 of the Adult Care Home Cost Report:

Schedule A, Part IV - Certification of Accuracy

The undersigned individual (company) does hereby state that the report forms: Schedule A, B, C or C1, D and E (SCU only) have been prepared from accounting records of the Home and are accurate based on recorded information and/or information provided. All related party transactions have been identified and included in Schedule D.

In accordance with SSAE No. 10, these agreed-upon procedures should be performed entirely by the CPA/Independent Accountant. However, internal auditors or other personnel may prepare schedules and accumulate data or provide other information for the CPA/Independent Accountant's use in performing the agreed-upon procedures. In order to control the cost imposed upon Adult Care Homes to fulfill the requirements of GS 131D-4.2, the CPA/Independent Accountant should encourage the Adult Care Home's personnel to prepare as many of the schedules specified in the agreed-upon procedures as possible.

Included in this package is an example of the **Independent Accountant's Report on Applying Agreed-Upon Procedures**. Although the basic format has been developed as specified in SSAE No. 10, this example has been modified for Adult Care Homes. In some instances the CPA/Independent Accountant is provided several alternatives in the Agreed-Upon Procedures. The attached example should be adjusted depending on the alternative selected by the auditor. Also, the CPA/Independent Accountant is required to attach the Adult Care Home Cost Report reflecting adjustments, if any, to the Independent Accountant's Report on Applying Agreed-Upon Procedures.

Finally, it is the N. C. Department of Health and Human Services' responsibility to ensure that the procedures included in this document are sufficient to ensure that the assertion included in the Adult Care Home Cost Report is valid. It is the CPA/Independent Accountant's responsibility to carry out the procedures and report differences between the reported amounts and the amounts based on performing those procedures in accordance with the applicable general, fieldwork, and reporting standards as discussed and interpreted in SSAE No. 10. Therefore, the CPA/Independent Accountant assumes the risk that misapplication of the procedures may result in inappropriate differences being reported. To reduce the CPA/Independent Accountant's risk, the N. C. Department of Health and Human Services' email address AUP.questions@dhhs.nc.gov should be contacted for any clarification needed in the performance of procedures described in this document. The procedures described in this document have been developed based on the N. C. Department of Health and Human Services' needs and general understanding of the records maintained by an Adult Care Home. In those situations in which an Adult Care Home's records are significantly different than those described in this document in such a way as to prevent the procedure(s) from being properly performed, the N. C. Department of Health and Human Services' email address AUP.questions@dhhs.nc.gov should be contacted. Every effort will be made to assist the CPA/Independent Accountant in developing alternative procedures if possible. **However, any alternative procedures must be approved by the N. C. Department of Health and Human Services as an amendment to this document before they are performed and the Independent Accountant's Report on Applying Agreed-Upon Procedures issued.** As stated in SSAE No. 10, "*The practitioner should not report on an engagement when specified parties do not agree upon the procedures performed or to be performed and do not take responsibility for the sufficiency of the procedures for their purposes.*" **Reports based on unapproved alternative procedures will not be accepted by the Department.**

Requests for approval of alternative procedures should be addressed to:

AUP.questions@dhhs.nc.gov

In accordance with G. S. 131D-4.2(f) the Department has the authority to conduct audits and review audits that are submitted pursuant to G. S. 131D-4.2(a), (b) and (c). Therefore, the N.C. Department of Health and Human Services will select a sample of the Independent Accountant's Reports on Applying Agreed-Upon Procedures that are submitted and conduct a review of the CPA's/Independent Accountant's workpapers to ensure that the procedures were performed in accordance with the agreed-upon procedures guide.

The Independent Accountant's Report on Applying Agreed-Upon Procedures along with the adjusted Adult Care Home Cost Report should be mailed by December 31, 2015 to the following address:

For all employees who's duties relate to more than one cost center, prepare a Summary of Employee's Time (Hours Worked) by Cost Center workpaper (Attachment II) which summarizes the hours worked from the individual employee's "Timesheet for Cost Report" (Attachment III) or other time record. Calculate the percentage of total time for each cost center by employee.</p> <p><i>(Note to CPA/Independent Accountant: See example of workpaper format - Attachment II. Also, if time records are only available for a portion of the required period, this should also be reported in the Independent Accountant's Report on Applying Agreed-Upon Procedures and the above procedure performed for the period that time records were maintained.)</i></p>

5.	<p>From the accounting records obtain or prepare a schedule of all detail interest transactions for mortgages, automobiles and other capital assets. Although possible, in most instances the amount allocated for medically related transportation of residents would not justify cost of the procedure. Therefore, the focus of this procedure should concern mortgage interest which is significant to many homes. In most instances errors in auto interest can be adjusted to Line 180 of the Adult Care Home Cost Report <u>unless you can specifically identify the error to interest expense related to medical transportation.</u>)</i></p> <p>Report the difference(s), if any, in the Independent Accountant's Report on Applying Agreed-Upon Procedures and adjust the Adult Care Home Cost Report.</p> <p><i>(Note to the CPA/Independent Accountant: Do not include missing documentation errors in the calculation for adjusting the Adult Care Home Cost Report. Verification of Supporting Documentation for Providing Medical Transportation

Procedure No.	Description	Initials	Date	Workpaper Reference
	<p><i>Note to the CPA/Independent Accountant: The nature of procedures seventeen (17) is to determine if the Adult Care Home is maintaining transportation logs. These logs document that medically necessary transportation was provided. The primary purpose is to identify homes that are not adequately maintaining transportation logs. Therefore, if transportation logs are not available, this should be reported in the Independent Accountant's Report on Applying Agreed-Upon Procedures. The DMA Auditors will, based on the results you report, determine the potential ramifications to the Adult Care Home.</i></p>

“Example Report for 7 Bed or Greater Home”

Independent Accountant’s Report on Applying Agreed-Upon Procedures to the Adult Care Home Cost Report submitted to the N. C. Department of Health and Human Services for the period July 1, 2014 through June 20, 2015

Note: The Cost Report that includes the CPA/Independent Accountant’s adjustments must accompany the Report on Applying Agreed-Upon Procedures.

To the Board of Directors and Management of (name of facility)

We have performed the procedures enumerated below, which were agreed to by the Board of Directors and Management of (name of facility) and the N. C. Department of Health and Human Services, solely to assist you in connection with meeting the audit requirements of G.S. 131D-4.2 for Cost Reports for the period from July 1, 2014 through June 30, 2015 submitted to the N. C. Department of Health and Human Services. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the Board of Directors and Management of (name of facility) and the N. C. Department of Health and Human Services. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

Schedule A: Facility Data

Total Number of Resident Days: Line #19

1. We compared the summary of daily resident days by resident to the Cost Report and compared every 10th day (sample size of **36** days) as reflected on the summary of residence days to the daily census taken by the facility for that day.

Included in our sample were three days in which the daily patient census exceeded the patient days used to prepare the Cost Report. These three days resulted in an understatement of eight (8) resident days for our sample. This total multiplied by ten (8 X 10) would result in an increase of eighty (80) resident days. This difference has been adjusted on the Cost Report.

OR (OPTION #2)

We compared the summary of resident days by resident to the Cost Report and selected 20% of the residents (sample size of 8 residents) as reflected on the summary of residence days for detail testing.

Included in our sample were two residents in which the individual resident’s total resident days based upon admission/discharged dates was less than the resident days used to prepare the Cost Report. These two residents resulted in an overstatement of nine (9) resident days for our sample. This total multiplied by five (9 X 5) would result in a decrease of forty-five (45) resident days. This difference has been adjusted on the Cost Report.

Schedule C: Expenses

Salaries and Wages: Lines 1, 21, 41, 91, 121, 141 and 161

2. We compared total salaries and wages paid to employees and the total hours the employees were paid for as reflected on the facility’s accounting records to the amounts entered on the Cost Report. We allocated each employee’s salaries and wages and total paid hours to the various cost centers based on either the total hours worked in each cost center as reflected on the employee’s timesheets or the employee’s job description. We compared the allocated salaries and wages and paid hours totals by cost center to the reported amounts entered on the Cost Report.

We noted that total salaries and wages and total paid hours reported on the Cost Report were under-reported by \$2,710.00 and 379 hours, respectively, when compared to the salaries and wages amount and total paid hours documented on the accounting records. In addition, we noted that the facility did not maintain timesheets sufficient to allocate salaries and wages among the various cost centers until July 1, 2008. We adjusted the following salaries and wages and total paid hours reported in the various cost centers as a result of these procedures:

<u>Salaries and Wages (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Salaries</u>	<u>Paid Hours</u>
Line #1 - Housekeeping & Laundry	\$ 0.00	22
Line #21 - Dietary	(5.00)	106
Line #41 - Recreational Activities	770.00	86
Line #91 - Administration & General	590.00	48
Line #121 - Operations / Maintenance	353.00	28
Line #141 - Medically Related Patient Transportation	1,002.00	89
Line #161 - Mental Health Contracted Services	<u>0.00</u>	<u>0</u>
Total	<u>\$2,710.00</u>	<u>379</u>

Payroll Taxes and Employee Benefit Program: Lines 3, 4, 23, 24, 43, 44, 93, 94, 123, 124, 143, 144, 163 and 164

3. We compared net payroll taxes and net employee benefits paid to employees as reflected on the facility’s accounting records to the amounts entered on the Cost Report. We agreed net payroll taxes and net employee benefits payments to supporting documentation. We reallocated net payroll taxes and net employee benefits to the various cost centers based on the total salaries and wages in each cost center as reflected on the Summary of Salaries and Wages and Hours Paid by Employee workpaper. We compared the net payroll taxes and net employee benefits totals by cost center to the amounts entered on the Cost Report.

We noted that total payroll taxes and total employee benefits reported on the Cost Report were over-reported by \$370.00 and \$98.00, respectively, when compared to the net payroll taxes and net employee benefits documented on the accounting records. We adjusted the net payroll taxes and net employee benefits reported in the following cost centers as a result of these procedures:

<u>Payroll Taxes / Benefits (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Payroll Taxes</u>	<u>Employee Benefits</u>
Lines #3 & 4 - Housekeeping & Laundry	\$17.00	\$(94.00)
Lines #23 & 24 - Dietary	(138.00)	74.00
Lines #43 & 44 - Recreational Activities	60.00	63.00
Lines #93 & 94 - Administration & General	(110.00)	(217.00)
Lines #123 & 124 - Operations / Maintenance	(198.00)	16.00
Lines #143 & 144 - Medically Related Patient Transportation	(1.00)	60.00
Lines #163 & 164 - Mental Health Contracted Services	0.00	0.00
Total	<u>\$(370.00)</u>	<u>\$(98.00)</u>

OR

We compared total payroll taxes and total employee benefits paid to employees as reflected on the facility's accounting records to the amounts entered on the Cost Report. We agreed totals for net payroll taxes and net employee benefits payments to supporting documentation. We reallocated each individual employee's payroll taxes and employee benefits to the various cost centers based on either the individual employee's total hours worked in each cost center or the employee's job description as reflected on the Summary of Salaries and Wages and Hours Paid by Employee workpaper. We compared the payroll taxes and employee benefits totals by cost center to the amounts entered on the Cost Report.

We noted that total payroll taxes and employee benefits reported on the Cost Report were over-reported by \$370.00 and \$98.00, respectively, when compared to the total payroll taxes and total employee benefits documented on the accounting records. We adjusted the total payroll taxes and total employee benefits reported in the following cost centers as a result of these procedures:

<u>Payroll Taxes / Benefits (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Payroll Taxes</u>	<u>Employee Benefits</u>
Lines #3 & 4 - Housekeeping & Laundry	\$17.00	\$(94.00)
Lines #23 & 24 - Dietary	(138.00)	74.00
Lines #43 & 44 - Recreational Activities	60.00	63.00
Lines #93 & 94 - Administration & General	(110.00)	(217.00)
Lines #123 & 124 - Operations / Maintenance	(198.00)	16.00
Lines #143 & 144 - Medically Related Patient Transportation	(1.00)	60.00
Lines #163 & 164 - Mental Health Contracted Services	0.00	0.00
Total	<u>\$(370.00)</u>	<u>\$(98.00)</u>

Food (Line #29)

4. We compared a summary of food purchases (detail transactions) as recorded on the facility's accounting records with the amount reported on the Cost Report. We compared the amount recorded in the facility's disbursement journal with the amount of the canceled check and the invoice for every twentieth (sample size of 15 food purchases) payment.

We decreased the reported amount by \$236.49 to reflect the total amount of food costs as reflected on the facility's accounting records. In addition, we found four discrepancies in the sample between the amounts recorded in the accounting records, the canceled check amount and invoice total. These four discrepancies resulted in the sample's food costs being overstated by \$8.95. The \$8.95 overstatement identified in the sample was divided by 500, the total of the sample, and then multiplied by the total food costs of \$2,500 to arrive at a projected overstatement total of \$44.75. The facility's amount of food costs reported on the Cost Report was also decreased by \$44.75 to reflect the projected overstatement. We also noted in our sample that five food purchases/payments totaling \$85.38 were not supported by invoices. No adjustment was made to the reported total for the missing invoices.

Interest - Automobile (Line #152), Interest - Mortgage (Line #179) and Interest – Other Capital Assets (Line #180)

5. We traced the interest expense (detail transactions) for mortgages, automobiles and other capital assets recorded in the facility's accounting records to either a detailed mortgage/ loan amortization schedule, loan document, or invoice/statement provided by the lender. We compared the total interest expense to the total interest reported in the Cost Report on lines 152, 179 and 180.

We noted that total interest expense for mortgages, automobiles and other capital assets reported on the Cost Report was over-reported by \$473.00 when compared to the interest expense documented by the accounting records. We decreased the reported amounts on the Cost Report for Interest - Automobiles (Line #152) by \$122.00, Interest - Mortgages (Line #179) by \$300.00 and Interest - Other Capital Assets (Line #180) by \$51.00 as a result of these procedures.

Rent for Facility (Line #175)

6. We traced the rental expense (detail transactions) for the facility recorded in the facility's accounting records to a rental agreement document. We compared the total rental expense to the total rental reported in the Cost Report on line 175.

The facility did not have a written rental agreement for facility rent; however, the total rental expense per the accounting records agreed to the Cost Report.

Rent for Buildings/Land (Line #176)

7. We traced the rental expense (detail transactions) for buildings/land recorded in the facility's accounting records to a rental agreement document. We compared the total rental expense to the total rental reported in the Cost Report on line 176.

We found no exceptions as a result of this procedure.

Utilities (Line #132)

8. We compared a summary of the detail transactions for utilities as recorded in the accounting records with the amount reported in the Cost Report. We compared every tenth (sample size of #____ utility payments) utility payment as recorded in the accounting records to the amount of the canceled check and the invoice.

We found no exceptions as a result of this procedure.

Management Services (Line #100)

9. We traced the management services expense (detail transactions) recorded in the facility's accounting records to a management agreement document. We compared the total management services expense to the management services total reported in the Cost Report on line 100. We also compared the amount recorded in the facility's disbursement journal with the amount of the canceled check and the invoice for every fifth (sample size of #____) transaction/payment.

The facility did not have a written agreement for management services; however, the total management services expense per the accounting records agreed to the Cost Report. No other exceptions were noted as a result of this procedure.

Contract Services: Lines #9, 27, 47, 97, 127, 147, and 167

10. We traced the contract services expenses (detail transactions) recorded in the facility's accounting records to written contracts. For each cost center, we compared the total contract services expense and the related number of paid hours to the corresponding contract services totals reported in the Cost Report. We also compared the amount recorded in the facility's disbursement journal with the amount of the canceled check and the invoice for every fifth contract services transaction/payment within each cost center (total sample size of 22).

The facility was unable to locate the contract for one service provider that was paid \$800 (line #9). Total contract services expense and total paid hours per the accounting records agreed to the amounts reported on Schedule C for each cost center. We also found six discrepancies in the samples for three expense line items between the amount recorded in the accounting records, the canceled check amount and invoice total. These six discrepancies resulted in the sample's contract services costs being overstated by \$30.00, \$15.00 and \$25.00 respectively for three expense line items. In addition, the number of paid hours associated with these six discrepancies were overstated by 3, 2 and 2 hours respectively. The expense and number of paid hours overstatements identified in the sample were multiplied by five to arrive at a projected overstatement for three expense line items. We adjusted the following Schedule C contract services line number totals as a result of this procedure:

<u>Contract Services (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Contract Services</u>	<u>Paid Hours</u>
Line #97 - Administration & General	<u>(125.00)</u>	<u>(10)</u>
Total	<u>\$ (125.00)</u>	<u>(10)</u>

Cost Center Totals: Lines #20, 40, 50, 60, 80, 90, 120, 140, 160, 170, 190, 200, 210, 215, 220, 225, 230, 235 and 240

11. We verified the addition of all cost center totals on Schedule C and the total of all cost centers (Line 240).

We noted no exceptions in the original Cost Report that was submitted by facility management as a result of this procedure. However, the following totals on Schedule C were adjusted to encompass the adjustments that were reported/identified in procedures 2 through 10:

<u>Cost Center (Line # and Description)</u>	<u>Adjustment Increase/(Decrease)</u>
Line #20 - Total of Housekeeping & Laundry	\$(77.00)
Line #40 - Total of Dietary	\$(484.49)

Line #220 - Total of Indirect Cost Centers	\$309.00
Line #225 - Total of Other Cost Centers	\$939.00
Line #230 - Total of Capital Cost Centers	\$(351.00)
Line #235 - Total of Non-Reimbursable Cost Centers	\$0.00
Line #240 - Total of All Cost Centers	\$2,158.51

Schedule B: Schedule of Profit and Loss

Receipts on Behalf of State/County Special Assistance Residents: Lines 1 through 9

12. We prepared/obtained a summary of revenues as reflected on the facility's accounting records which were received on behalf of State/County Special Assistance residents for the following revenue categories: State/County Special Assistance, Social Security, Supplemental Security Income, Personal Care Services, Medical Transportation, Mental Health Revenue, Other (Insurance, Veteran Benefits, Railroad, Etc.), Refunds and PCS Overpayments/Recoupments. We compared the total for each revenue category to the amounts entered on the Cost Report.

We adjusted the following revenue categories on the Cost Report as a result of this procedure:

<u>Revenue Category (Line # and Description)</u>	<u>Adjustment Increase/(Decrease)</u>

Schedule D: Schedule of Related Party Costs

16. We prepared/obtained a summary by line number of the detail transactions from the accounting records that met the definition of related party transactions and compared the totals for each type of related party expense (line number) with the amount reported on Schedule D. We selected every fifth transaction for specified types of related party expenses and compared the amount recorded in the accounting records with the amount of the canceled check and invoice. For related party salaries and wages, we reconciled the total salary paid by cost center for each employee identified on Schedule D to the salary amount reflected on the Summary of Salaries and Wages and Hours Paid by Employee workpaper prepared in procedure 2a. We also agreed detail transactions to rental/contract/management agreement documents, if applicable.

As a result of our review of related party transactions, we noted the following:

(1) Salaries and Wages

The salaries and number of hours paid to two related party employees were under reported by a total of \$4.00 and .50 hours. The salaries and paid hours were also incorrectly allocated to their respective cost centers. We adjusted the following Schedule D line number totals as a result of this procedure:

<u>Salaries and Wages (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Salaries</u>	<u>Paid Hours</u>
Line #91 - Administration & General	(80.00)	(6.5)
Line #141 - Medically Related Patient Transportation	<u>84.00</u>	<u>7.0</u>
Total	<u>\$ 4.00</u>	<u>.50</u>

(2) Payroll Taxes and Employee Benefit Program Expenses

Total related party total employee benefits reported on Schedule D were under-reported by \$3.00. We adjusted the following Schedule D line number totals as a result of this procedure:

<u>Payroll Taxes / Benefits (Line # and Cost Center)</u>	<u>Adjustments {Increase/(Decrease)}</u>	
	<u>Payroll Taxes</u>	<u>Employee Benefits</u>
Lines #93 & 94 - Administration & General	(10.00)	(7.00)
Lines #143 & 144 - Patient Transportation	<u>10.00</u>	<u>4.00</u>
Total	<u>\$ 0.00</u>	<u>\$ 3.00</u>

(3) Rent for Facility (Line 175)

The facility did not have a written rental agreement for facility rent; however, the total rental expense per the accounting records agreed to the amount reported on Schedule D.

- (4) Rent for Buildings/Land (Line 176)
Since the payments for rent of buildings/land did not meet the definitions of a related party transaction, no review of the payments was required
- (5) Rent for Equipment (Line 149)
We found no exceptions as a result of this procedure.
- (6) Rent for Automobiles/Equipment (Line 177)
We decreased the reported amount by \$63.49 to reflect the total amount of automobile/equipment rental costs as reflected on the facility's accounting records. In addition, we found three discrepancies in the sample between the amounts recorded in the accounting records, the canceled check amount and invoice total. These three discrepancies resulted in the sample's automobile/equipment rental costs being overstated by \$3.50. The \$3.50 overstatement identified in the sample was divided by 150, the total of the sample size, then multiplied by 500, the total related party rent, to arrive at a projected overstatement total of \$11.67. The facility's amount of other rental costs reported on Schedule D was also decreased by \$11.67 to reflect the projected overstatement. We also noted in our sample that two other rental purchases/payments totaling \$129.38 were not supported by invoices. No adjustment was made to the reported total for the missing invoices.
- (7) Contract Services
The facility did not have written contractual agreements for the contract services amounts reported on Schedule D; however, the total contract services expense and total paid hours per the accounting records agreed to the amounts reported on Schedule D. We also noted in our sample for contract services (line #97) that two payments totaling \$1,000.00 were not supported by invoices. No adjustment was made to the reported total for the missing invoices. No other exceptions were noted as a result of this procedure.
- (8) Management Services (Line 100)
The facility did not have a written agreement for management services; however, the total management service expense per the accounting records agreed to the amount reported on Schedule D. No other exceptions were noted as a result of this procedure.
- (9) Central Office Overhead (Line 101)
We found no exceptions as a result of this procedure.
- (10) All Other Types of Related Party Expenses
We found no exceptions as a result of this procedure.
