

NC Early Childhood Action Plan

Bold

- Sets a vision and goals to reach by 2025 for NC children.
- Focuses on how we can change outcomes for young children from birth through age 8 and their families.
- Centers on three themes: that North Carolina's young children are healthy, grow up safe and nurtured, and are well-supported to be learning and ready to succeed.
- Builds off the extensive leadership of NC Pathways to Grade-Level Reading led by the NC Early Childhood Foundation, NC Think Babies, the NC Perinatal Health Strategic Plan, the North Carolina Institute of Medicine Essentials for Childhood Taskforce, and others.

Data-Informed

- All 10 goals feature a measure of accountability by 2025.
- Data for each goal include statewide and county information, broken down by demographics.
- An online data dashboard provides public accessibility for over 50 measures.

Evolving

- Governor Roy Cooper issued an executive order charging the NC Department of Health and Human Services (NCDHHS) to collaboratively lead the development of a statewide early childhood plan, with support from the Early Childhood Advisory Council (ECAC), other departments and stakeholders.
- Nearly 1,500 people from across the state provided feedback and input in the drafting of the plan.
- Feedback was provided from a broad range of stakeholders, including parents, families, healthcare providers, child care providers, educators, school administrators, child advocacy groups and researchers.
- The plan will be reevaluated on an ongoing basis as appropriate measures and areas of focus shift over time.
