

NC Infant-Toddler Program Continuing Professional Development Approved Entities

The North Carolina Infant-Toddler Program (ITP) [Policy and Procedures for Personnel Certification](#) (Revised September 1, 2018) applies to early intervention service coordination and special instruction services. Continuing professional development is required for all certificate holders.

The annual continuing professional development requirement is

- ✓ 10 contact hours (1.0 CEU) per year, to be obtained between January 1 and December 31 of the year
- ✓ Contact hours/CEU credits must focus on infants and toddlers with or without disabilities, and their families
- ✓ Contact hours must be obtained from one or more of the approved entities listed below
(These entities are known for high quality, evidence-based professional development)

Approved Entities:

- Accredited U.S. Universities, Colleges, and Community Colleges (courses/trainings)
 - A course grade of "C" or better is required.
 - 1 semester hour = 15 contact hours / 1 quarter hour = 10 contact hours
 - To obtain credit for a course or training, the University, College, or Community College must be accredited by one of the Nationally Recognized Regional Accrediting Bodies for Colleges such as Middle States Association of Colleges and Schools and New England Association of Schools and Colleges.
- [Association for University Centers on Disabilities](#)

- [Triple P Positive Parenting](#)

If the approved source does not offer a certificate upon completion of training, in order to receive credit, participants will need to provide copies of the training materials, such as any slides, PowerPoints, articles, or other information used and/or provided before or during the training, which must be attached to the *N.C. ITP Documentation of Continuing Professional Development* form. Additionally, participants must include a statement about how the training supports evidence-based practices for infants and toddlers and a short paragraph describing how the participant will apply the information from the training to their practice.
