SUBJECT: North Carolina Conrad State 30 J-1 Visa Waiver Program

Enclosed with this letter are guidelines and procedures for the North Carolina Conrad State 30 J-1 Visa Waiver Program.

The North Carolina Office of Rural Health (ORH) is the interested government agency designated to implement the J-1 Visa waiver provision for foreign medical graduates provided by Section 220 of Public Law 103-416. **ORH does not work directly with physician candidates to locate an eligible site. A waiver request to ORH must come from an existing eligible site on behalf of a J-1 physician, and not directly from the physician.**

ORH will review completed application packets in the order that they are received. If ORH believes it is in the public interest that the physician remains in the United States, a waiver request will be submitted to the United States Department of State.

Thank you for your interest in North Carolina.

**North Carolina (NC) Conrad State 30 J-1 Visa Waiver
Information for Foreign Physicians
Interested in Practicing in Underserved Areas of North Carolina**

North Carolina's Office of Rural Health (ORH) assists rural and underserved communities by improving access to quality and cost-effective health care. ORH serves as the "interested government agency" to implement the waiver provision for foreign medical graduates provided by Section 220 of Public Law 103-416 in order to increase the number of physicians practicing in rural and underserved areas. Because of this, ORH is reviewing and processing waiver applications for physicians admitted to the United States under a J-1 visa before, on, or after the date of enactment of the law and before June 1, 1996.

APPLICATION PERIOD/J-1 VISA WAIVER SLOTS

- Application Period: Annually from October 1st to September 30th
- Each year on October 1st, the State of North Carolina receives 30 J-1 Visa Waiver slots;
- Applications are not accepted prior to October 1st;
- Applications will continue to be processed until a total of thirty (30) physicians have been identified and approved for placement;
- In order to be good stewards of our Conrad 30 J-1 Visa Waiver slots, **ALL** providers practicing at sites located in designated Appalachian Regional Commission (ARC) J-1 Visa Waiver Program counties (Alexander, Alleghany, Ashe, Avery, Buncombe, Burke, Caldwell, Catawba, Cherokee, Clay, Davie, Forsyth, Graham, Haywood, Henderson, Jackson, McDowell, Macon, Madison, Mitchell, Polk, Rutherford, Stokes, Surry, Swain, Transylvania, Watauga, Wilkes, Yadkin, and Yancey) **must** apply to the ARC J-1 Visa Waiver Program. The ARC J-1 visa program does not charge a fee effective June 2021 and has unlimited slots. ORH only has 30 slots. Refer to *Attachment G* for more information including the contact for ARC.
- Applications must be submitted to the Placement Services Team at ORH from an existing eligible site on behalf of a J-1 physician and not come directly from a J-1 physician to the Placement Services Team at ORH;
- All required information and documentation must be submitted in a **single package with documents presented in the order outlined in the Application Checklist**;
- **Please send an original application packet, a copy of the application packet, and ensure that the waiver number is legible on the bottom of each page of the original and copy**;
- Waiver requests that do not comply with these requirements will not be considered;
- Applications will be processed in the order they are received;

The submission of a complete waiver package to ORH does not guarantee that ORH will recommend a waiver. In all instances, ORH reserves the right to recommend or decline any request for waiver. ORH will review the information contained in the **completed application packet**. Completed applications must include all required sections filled out (i.e. dates, NPI #, practice site addresses, 214 statement, full statement for termination clause). Incomplete forms may result in the loss of a J-1 Visa Waiver slot number. Upon favorable review of the complete application, ORH will recommend the waiver to the U.S. Department of State (DOS). If DOS finds the waiver request to be in the public interest, DOS will recommend the waiver to U.S. Citizenship and Immigration Services (USCIS), the waiver granting authority. The USCIS will inform the candidate of its decision.

It is important to note that **the waiver of the two-year residence requirement is not a visa.**

Physicians submitting applications through the state waiver program must submit an application to the USCIS and be approved for H 1 (B) visa status prior to employment in North Carolina. No person who has obtained a change of status under subparagraph (A) of Attachment F and who has failed to fulfill the terms of a contract with a health facility shall be eligible to apply for an immigrant visa, for permanent residence, or for any other change of non-immigrant status until it is established that such person has resided and been physically present in the country of his nationality or his last residence for an aggregate of at least two years following departure from the United States.

PROGRAM NOTICES

The North Carolina J-1 Visa Waiver Program is designed to be consistent with the laws, regulations, health care programs, and policies of the State of North Carolina, DOS, and USCIS and is not intended to replace a viable search for a graduate of an accredited U.S. medical school.

NC ORH reserves the right to recommend or deny any request for a waiver. Submission of a waiver application to NC ORH does not guarantee support by NC ORH; nor does support by NC ORH guarantee final waiver approval by DOS/USCIS.

Physicians admitted to the North Carolina State Conrad 30 J-1 Visa Waiver Program and their sponsoring employers are expected to comply with this Policy in its entirety. Failure to uphold this Policy may result in a report of noncompliance to USCIS for the J-1 physician and jeopardize the employer's eligibility for future participation in the program.

NC ORH requires submission of an annual Statement of Service form (See Attachment D). ORH does not issue a letter of completion for the three-year service commitment. Physicians are encouraged to request this letter from their employer.

103 P.L. 416

[*220] Sec. 220. WAIVER OF FOREIGN COUNTRY RESIDENCE REQUIREMENT WITH RESPECT TO INTERNATIONAL MEDICAL GRADUATES.

(a) Waiver. Section 212 (e) of the Immigration and Nationality Act (8 U.S.C. 1182(e) is amended.

(1) in the first proviso by inserting "(or, in the case of an alien described in clause (iii), pursuant to the request of a State Department of Public Health, or its equivalent)" after "interested United States Government agency"; and

(2) by inserting after "public interest" the following "except that in the case of a waiver requested by a State Department of Public Health, or its equivalent the waiver shall be subject to the requirements of section 214(l)".

(b) Restrictions of Waiver. - Section 214 of such Act (8 U.S.C., 1184) is amended by adding at the end the following:

(l) Restrictions on waiver.

(1) In the case of a request by an interested State agency, or by an interested Federal agency, for a waiver of the 2-year foreign residence requirement under section 212(e) [8 USCS § 1182(e)] on behalf of an alien described in clause (iii) of such section, the Attorney General shall not grant such waiver unless—

in the case of an alien who is otherwise contractually obligated to return to a foreign country, the government of such country furnishes the Director of the United States Information Agency with a statement in writing that it has no objection to such waiver;

(B) in the case of a request by an interested State agency, the grant of such waiver would not cause the number of waivers allotted for that State for that fiscal year to exceed 30;

(C) in the case of a request by an interested Federal agency or by an interested State agency—

(i) the alien demonstrates a bona fide offer of full-time employment at a health facility or health care organization, which employment has been determined by the Attorney General to be in the public interest; and

(ii) the alien agrees to begin employment with the health facility or health care organization within 90 days of receiving such waiver, and agrees to continue to work for a total of not less than 3 years (unless the Attorney General determines that extenuating circumstances exist, such

as closure of the facility or hardship to the alien, which would justify a lesser period of employment at such health facility or health care organization, in which case the alien must demonstrate another bona fide offer of employment at a health facility or health care organization for the remainder of such 3-year period); and

(D) in the case of a request by an interested Federal agency (other than a request by an interested Federal agency to employ the alien full-time in medical research or training) or by an interested State agency, the alien agrees to practice primary care or specialty medicine in accordance with paragraph (2) for a total of not less than 3 years only in the geographic area or areas which are designated by the Secretary of Health and Human Services as having a shortage of health care professionals, except that--

(i) in the case of a request by the Department of Veterans Affairs, the alien shall not be required to practice medicine in a geographic area designated by the Secretary;

(ii) in the case of a request by an interested State agency, the head of such State agency determines that the alien is to practice medicine under such agreement in a facility that serves patients who reside in one or more geographic areas so designated by the Secretary of Health and Human Services (without regard to whether such facility is located within such a designated geographic area), and the grant of such waiver would not cause the number of the waivers granted on behalf of aliens for such State for a fiscal year (within the limitation in subparagraph (B)) in accordance with the conditions of this clause to exceed 10; and

(iii) in the case of a request by an interested Federal agency or by an interested State agency for a waiver for an alien who agrees to practice specialty medicine in a facility located in a geographic area so designated by the Secretary of Health and Human Services, the request shall demonstrate, based on criteria established by such agency, that there is a shortage of health care professionals able to provide services in the appropriate medical specialty to the patients who will be served by the alien.

(2)

(A) Notwithstanding section 248(a)(2) [8 USCS § 1258(a)(2)], the Attorney General may change the status of an alien who qualifies under this subsection and section 212(e) [8 USCS § 1182(e)] to that of an alien described in section 101(a) (15) (H)(i)(b) [8 USCS § 1101(a)(15) (H)(i)(b)]. The numerical limitations contained in subsection (g)(1)(A) shall not apply to any alien whose status is changed under the preceding sentence, if the alien obtained a waiver of the 2-year foreign residence requirement upon a request by an interested Federal agency or an interested State agency.

(B) No person who has obtained a change of status under subparagraph (A) and who has failed to fulfill the terms of the contract with the health facility or health care organization named in the waiver application shall be eligible to apply for an immigrant visa, for permanent residence, or for any other change of nonimmigrant status, until it is established that such person has resided and been physically present in the country of his nationality or his last residence for an aggregate of at least 2 years following departure from the United States.

(3) Notwithstanding any other provision of this subsection, the 2-year foreign residence requirement under section 212(e) [8 USCS § 1182(e)] shall apply with respect to an alien described in clause (iii) of such section, who has not otherwise been accorded status under section 101(a)(27)(H) [8 USCS § 1101(a)(27)(H)], if--

(A) at any time, the alien ceases to comply with any agreement entered into under subparagraph (C) or (D) of paragraph (1); or

(B) the alien's employment ceases to benefit the public interest at any time during the 3-year period described in paragraph (1)(C).

Other J-1 Visa Waiver Programs to consider prior to applying for the Conrad 30 are listed below. These programs have unlimited slots; whereas, the Conrad 30 J-1 Visa Waiver program only has 30 slots.

1. Appalachian Regional Commission (ARC) J-1 Visa Waiver Program

In order to be good stewards of our Conrad 30 J-1 Visa Waiver slots, **ALL** providers practicing at sites located in designated Appalachian Regional Commission (ARC) J-1 Visa Waiver Program counties **must** apply to the ARC J-1 Visa Waiver Program. The ARC J-1 visa program does not charge a fee effective June 2021 and has unlimited slots. ORH works with the ARC J-1 Visa Waiver Program to enable medical providers in the ARC counties in North Carolina to recruit and employ international medical graduates who may obtain a waiver of their two-year home residency requirements and practice in a health shortage area. For further information on the ARC J-1 Visa Waiver Program, visit the [ARC website](#). The contact information for the ARC is:

2. US Department of Health and Human Services Exchange Visitor Program

The U.S. Department of Health and Human Services (HHS) manages this program as it relates to health research and clinical care. Physicians must deliver health care services for three years in a mental health or primary care shortage area. Two types of waivers are administered under this program:

- Research performed in an area the agency deems priority or significant, and
- Primary health care services located in Primary Care Health Professional Shortage Areas (HPSA) scoring 7 or above. HHS will process an application for waiver for a physician to practice in a primary care specialty (family medicine, general internal medicine, general pediatrics, obstetrics & gynecology) or general psychiatry. For more information on the clinical care waiver, please visit the website located at:

The Health Care Access Branch can assist with compiling, reviewing and submitting applications and may provide a letter of support for the application. For more information, review the [Exchange Visitor Program](#).
