

Incoming Patient Information: JFK ADATC

Welcome to the Julian F. Keith Alcohol and Drug Abuse Treatment Center (JFK ADATC) and we are glad you are going to be admitted to our facility! Below are some things you will need to know to prepare you for admission.

About the Program:

JFK ADATC is one of three state operated North Carolina Alcohol and Drug Abuse Treatment Centers (ADATCs) specifically designed to provide inpatient treatment, psychiatric stabilization, and medical detoxification for individuals with substance use and other co-occurring mental health diagnoses to prepare for ongoing community-based treatment and recovery. Your treatment stay will be roughly 5-7 days for detox and 14-21 days for rehab depending on your individual treatment needs.

What to Expect at Admission:

On the day of admission, you will be fully assessed so that we can properly identify your treatment goals. You should expect to see the medical doctor, nurse, psychiatric doctor, and others. For patients being admitted to ACU (Detox), you will be provided scrubs during your entire stay on the unit. For patients being admitted to ARS (Rehab), you will be placed into scrubs until your clothing is washed on the units and returned to you. **To help the process go faster, please carefully review the list of Patient Belongings Approved/Not Approved During Treatment.**

If You Are Scheduled for ARS (Rehab) Admission:

We ask that you complete any necessary detoxification services prior to admission. Alcohol and drug screening will be conducted at your admission. If our physician feels that you need detoxification prior to admission, we may refer you to our Acute Care Unit or back to your MCO/Provider. It is very important that you keep your appointment date and time. If you will be later than 30 minutes, or cannot keep your appointment, please call (828) 257-6230 to schedule a new date and time for admission. You are responsible for arranging your transportation to and from the facility.

Cost for Services:

JFK-ADATC does not deny anyone care based on your ability to pay. However, treatment services at JFK-ADATC are not free and your daily rate for services is based on a sliding scale. Please bring proof of identification, proof of financial status, and any health insurance, Medicare and/or Medicaid cards.

If You Wish to Bring or Receive Money While at ADATC:

Please bring enough money for personal needs such as transportation home, etc. You may keep up to \$40.00 on your person. You may use this money to purchase postage stamps, change, or phone cards daily (Monday – Friday, except Holidays). Any additional funds you bring will be stored and returned to you at discharge.

Medications:

Our physicians will evaluate and may prescribe your medications while you are at our facility. JFK ADATC will supply any medications prescribed by our physicians. However, we will need to know the prescribed medications that you are presently taking. Please bring your prescription medications and an accurate list that includes the name, dosage, and frequency of use. This medicine will be reviewed by the admissions staff and stored while you are in treatment. If you are taking antibiotics or medications for HIV or Hepatitis C be sure to bring those medications with you to ensure continuation of the medication course.

Directions:

JFK ADATC is located at 201 Tabernacle Road, Black Mountain, NC 28711. For direction(s) please search JFK ADATC online, visit our website at <https://www.ncdhhs.gov/divisions/dsohf/julian-f-keith-alcohol-and-drug-abuse-treatment-center> or call (828) 257-6200.

We hope you will find these suggestions helpful as you prepare for your journey toward recovery. We look forward to your admission. For more information, please contact the front desk at (828) 257-6200.
