In collaboration with its partners, the Office of Economic Opportunity mission is to support low-income individuals and families achieve physical, social, and economic well-being. The primary duty of OEO is to administer the Community Services Block Grant to 33 Community Action Agencies and 1 Limited Purpose Agency. The CAAs are agencies which provides comprehensive case management services inclusive of, but not limited to, job creation and employment, fiscal management and counseling, health/nutrition services, education/training, information & referral and emergency financial assistance. OEO administers this federal grant by: 1. Allocating funding 2. Monitoring program performance and compliance 3. Providing technical assistance to CAA's on program planning, CSBG funding utilization, and community integration 4. Assessing outcome data for the Community Action Agencies in North Carolina

Describe the state’s CSBG-specific goals for state administration of CSBG under this State Plan.

(Note: This information is associated with State Accountability Measure 1Sa(i) and pre-populates the State’s Annual Report, Module 1, Item B.1.)

The primary goal of the North Carolina Community Services Block Grant Program is to provide funding to Community Action Agencies to carry out activities that will enable low-income families to move out of poverty. Community Services Block Grant specific goals under this plan include: (i) Increase the number of families attaining economic self-sufficiency (income above the poverty level based on household size), (ii) Improve the administrative efficiency of the Office through staff training and development and integration of the use of automation technology in all aspects of office operations. (iii) Build grantee and community capacity to plan, develop and deliver services. (iv) Build and maintain collaborative and integrated partnerships with Divisions within NC DHHS, other state cabinet-level agencies, local public and private human service organizations to promote effective and efficient utilization of existing resources. 3.4a. Describe the specific steps the State took in developing the State Plan to involve the eligible entities.

(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)

The Office of Economic Opportunity provided monthly updates to CAA Executive Directors in areas of community needs, monitoring, and fiscal. These meetings provided transparency amongst OEO and the CAAs and generated much feedback. These forms of engagement and communication serve the dual purpose of providing eligible entities information and seeking feedback/suggestions for the State Plan. The OEO team meet with CSBG Directors in advance notice to discuss community needs, performance and state plan section areas. A survey was distributed to calculate each agency's report on what services need more attention in their community. The Office of Economic Opportunity, in partnership with the NC Community Action Association, provided a kick-off meeting for the draft review of the State Plan. This meeting reviewed in detail the State Plan and asked for feedback and questions to be posed. All feedback is considered, and relevant once approved leadership then integrates into the final plan. Additionally, state staff completed and reviewed eligible entities, needs assessment, and performance data submitted quarterly in the development of the State Plan. The OEO team has created a State Plan Project Workflow that will be reviewed the year before and integrated within departmental goals. This workflow defines this scope of work as an annual form of quality improvement, in preparation for the next state plan.

3.4b. Performance Management Adjustment: Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous plans in order to:

1) encourage eligible entity participation and
2) ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State’s analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing.

If the State is not making any adjustments, provide further detail.

(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)

The Office of Economic Opportunity and the NC Community Action Association completed the annual Regional Performance Innovation Consortium (RPIC) Combined Training and Technical Assistance Plan Template provided as part of the Organizational Standards Center of Excellence (OSCOE) to determine adjustments needed to develop the state plans according to the needs of the Community Action Network. The 34 eligible entities are surveyed to determine their programmatic and fiscal needs. The results of the survey are reviewed and analyzed. This data is used, in part, to make adjustments to state plan development process. OEO also, shares the results of the organizational standards assessments and the American Customer Service Index with the NC Community Action Network to inform areas of strengths and weaknesses. Lastly, an adjustment was made to how the state office provided an overview of key areas of the state plan and received feedback from eligible entities. The previous state plan overview was provided through four regional meetings but for the development of this state plan, OEO in partnership with the NC Community Action Association presented the overview of the state plan to the full body of the eligible entities at an NCCAA Council of Executive Directors meeting. During this meeting the dialogue, facilitated by OEO and NCCAA included receiving direct input and feedback from the executive directors of the local community action agencies.

3.5. Eligible Entity Overall Satisfaction:

Provide the State’s target for eligible entity Overall Satisfaction during the performance period:

| Year One | 75 | Year Two | 80 |

Instructional Note: The state’s target score will indicate improvement or maintenance of the state’s Overall Satisfaction score from the most recent American Customer Survey Index (ACSI) survey of the state’s eligible entities.

(Note: Item 3.5 is associated with State Accountability Measure 8S and may pre-populate the State's annual report form)

6.1a. Modified Organizational Standards: In the case that the state is requesting to use modified COE-developed organizational standards, provide the proposed modification for the FFY of this planning period including the rationale.

6.1b. Alternative Organizational Standards: If using an alternative set of organizational standards, attach the complete list of alternative organizational standards.

6.1c. Alternative Organizational Standards Changes: If using an alternative set of organizational standards:
1. provide any changes from the last set provided during the previous State Plan submission;
2. describe the reasons for using alternative standards; and
3. describe how they are at least as rigorous as the COE-developed standards.

**Possible Responses:**

- There were no changes from the previous State Plan submission
- Provide reason for using alternative standards
- Describe rigor compared to COE-developed Standards

6.2. Implementation: Check the box that best describes how the state officially adopt(ed) organizational standards for eligible entities in the state in a manner consistent with the state’s administrative procedures act. If "Other" is selected, provide a timeline and additional information, as necessary. [Check all that apply and narrative where applicable]

- Regulation
- Policy
- Contracts with eligible entities
- ☑ Other, describe:

  Guidance Memoranandum; these documents serve as policy communication from the state office to eligible entities and the NCCAA

6.3. Organizational Standards Assessment: Describe how the state assess eligible entities against organizational standards this federal fiscal year(s). [Check all that apply.]

6.3a. Assessment Process: Describe the planned assessment process.

NC DHHS will use the CSBG Organizational Standards Center of Excellence Organizational Standards and Self-Assessment documents released by the Community Action Partnership to facilitate the assessment of eligible entities. The assessments will be both remote and onsite assessments and will require eligible entities to complete a self-assessments that are supported with documentation to validate the information reported during the self assessment. Staff from the NC Office of Economic Opportunity review the self-assessments and supporting documentation. OEO staff will determine if the eligible entity is or is not conforming to the Organization Standards. In areas that eligible entities are not conforming or there is a disagreement between the eligible entity and the OEO, additional documents may be presented and reviewed to determine if the organization is conforming with the standards. In areas determined as not met, OEO will work with eligible entities to develop and implement technical assistance and quality improvement plans as required in OCS IM-138. Assessments for eligible entities will be completed annually. A technical assistance memorandum regarding organizational standards has been developed and distributed to the eligible entities. This memorandum provides key information to strengthen the overall performance management framework of CSBG in North Carolina. Additionally, the State Office routinely collaborates with NCCAA to target technical assistance and training needs to the eligible entities pertaining to the organizational standards.

6.4. Eligible Entity Exemptions: Will the state make exceptions in applying the organizational standards for certain eligible entities due to special circumstances or organizational characteristics (as described in IM 138)?

### Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

7.1. Formula:
Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- [x] Historic
- [ ] Base + Formula
- [ ] Formula Alone
- [ ] Formula with Variables
- [ ] Hold Harmless + Formula
- [ ] Other

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.

Availability of CSBG funds are determined based on federal grant award. Ninety percent of funding is disbursed to eligible entities. Annual funding for each eligible entity is calculated based on approved SAIPE poverty formula. Also, no eligible community action agency shall receive less than $120,000 or 80 percent of their FFY 1982 allocation. In addition, per state rule, agencies are awarded any unspent funds from their prior state fiscal year allocation. Those allocation values are communicated in the new application packet, sent to eligible entities in October, prior to the beginning of the new state fiscal year. Beginning July 1. Based upon those applications, contracts are developed, negotiated and executed prior to the beginning of the new state fiscal year.

7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities?
- [x] Yes  
- [ ] No

7.2. Planned Allocation:
Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

7.3. Distribution Process:
Describe the specific steps in the state’s process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

In compliance with federal and state rules, NC ensures that 90 percent of CSBG funds are distributed to eligible entities in a timely process. Available funds are calculated/projected and included in the state biennial budget, approved by the state legislature. Concurrently, individual community action agency budgets are calculated and communicated to those agencies for next state fiscal year (July 1) contract development in October, 8 months in advance. Agency applications are then submitted to the state for review, modification and inclusion in the annual contracts. Those contracts are executed prior to July 1, ensuring agencies have timely, full access to funding. In addition, each agency has the option to request a 2-month cash advance to ensure adequate cash-fl
low. Note, year one amounts include unspent funds from previous year. Year 2 amounts are projected and will be adjusted based on availability and expenditures.

7.4. Distribution Timeframe:
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? ☑ Yes ☐ No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may pre-populate the state's annual report form.

7.5. Performance Management Adjustment:
Describe the state’s strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may pre-populate the state’s annual report form.

NC DHHS has diligently worked to improve grant and contract administration procedures over the past few years. In the past, there was challenges associated with timely implementation of contracts, addition of prior-year balance amounts and contract revision/amendment processes. A review of the process was completed, including receiving input from eligible entities and other sources. Each of those issues identified has been addressed with significant improvements made in each. We continue to work to improve efficiency, timeliness and flexibility of the process.

Note: This information pre-populates the state’s Annual Report, Module 1, Table E.4.

7.6. Allocated Funds: Specify the percentage of your CSBG planned allocation for administrative activities for the FFY(s) covered by this State Plan.

Year One (0.0% ) $5.00 Year Two (0.0% ) $5.00

7.7. State Staff: Provide the number of state staff positions to be funded in whole or in part with CSBG funds for the FFY(s) covered by this State Plan.

Year One 10.00 Year Two 10.00

7.8. State FTEs: Provide the number of state Full Time Equivalents (FTEs) to be funded with CSBG funds for the FFY(s) covered by this State Plan.

Year One 10.00 Year Two 10.00

7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds, as described in Section 675C(b)(1) of the CSBG Act?

☒ Yes ☐ No

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

Year One (0.0% ) 5.00% Year Two (0.0% ) 5.00%

Use of Remainder/Discretionary Funds (See Section 675C(b)(1) of the CSBG Act)

Note: This response will link to the corresponding assurance, Item 14.2.

Instructional Note: The assurance under 676(b)(2) of the Act (Item 14.2 of this State Plan) specifically requires a description of how the state intends to use remainder/discretionary funds to "support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act]." Include this description in Item 7.9f of the table below.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

8.2. TAPs and QIPs: Does the state have Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) in place for all eligible entities with unmet organizational standards, if appropriate?

**Yes**  **No**

**Note:** This information is associated with State Accountability Measure 6Sb. QIPs are described in Section 678C(a)(4) of the CSBG Act. If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

8.2a. Address Unmet Organizational Standards: Describe the state’s plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. OEO will review all submitted documentation of Organizational Standards, and provide technical assistance and detailed guidance for all standards that are not met. Training and technical assistance will be provided throughout the year to assist eligible entities to achieve unmet standards. Targeted, performance-based technical assistance is provided by the state office. General technical assistance and training is managed through a contract with NCCAA. Eligible entities who meet 30%-60% of standards will be required to develop a TAP in collaboration with OEO.

8.3. Training and Technical Assistance Organizations: Indicate the types of organizations through which the State Plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement.

The Office of Economic Opportunity (OEO) in partnership with NCCAA completes the RPIC Combined T&TA template as part of the Organizational Standards of Excellence. In the new T/TA plan the DHHS has entered into a contract with the NCCAA to provide training and technical assistance on the Performance Management Framework to North Carolinas eligible entities. By contract NCCAA will focus its efforts on areas supporting certified ROMA trainers and Implementers to remain active, train and support the eligible entities in developing logic models based on the ROMA framework, and NCCAA will provide the Community Action Professional Certification to all staff throughout the network to include staff from OEO. Lastly, an online board of directors certification program started this fiscal year for all new Board members and executive staff for eligible entities An assessment of the NC CSBG Networks included; feedback provided through the American Customer Satisfaction Index; Organizational Assessment Scores; On-site/remote monitoring activities; responses to T/TA surveys; feedback received from agencies hopefully will increase the number of eligible entities meeting 100% of the Organizational Standards is a priority. OEO conducts quarterly monitoring with agencies via face to face or desktop to ensure agencies are addressing any programmatic or fiscal areas of improvement in a timely manner and not only in response to program monitoring.

State Linkages and Communication

**Note:** This section describes activities that the state may support with CSBG remainder/discretionary funds, described under Section 675(c)(1) of the CSBG Act. The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).

#### 9.1. State Linkages and Coordination at the State Level:

Describe the linkages and coordination at the state level that the State intends to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Describe additional information as needed. [Check all that apply from the list below and provide a narrative]

- State Weatherization office
- State Temporary Assistance for Needy Families (TANF) office
- State Head Start office

NC Department of Aging

Each CSBG eligible entity collaborates and coordinates local services based on the needs and resources available within their respective service areas. The State Office collects this information in narrative format from each eligible entity through an annual application for funding. While each eligible entity's unique in its approach, some common strategies for linkages and coordination are to maintain or increase CSBG services. Each strategy's design avoids duplication and includes participation in local human service councils where representatives from human service agencies meet regularly and identify solutions to low-income families' experiences. The strategy consists of referrals to service providers addressing issues associated with poverty and collaborative efforts with the North Carolina Community Action Association and North Carolina Association of County Departments of Social Services. This eligible entity will increase efforts in a potential collaboration with the North Carolina Department of Commerce as the lead state agency for the Workforce Innovation and Opportunity Act and the Temporary Assistance for Needy Families Program and NC Department of Aging housed within the exact organizational, physical location as the CSBG State Office.

**9.2. State Linkages and Coordination at the Local Level:**

Describe the linkages and coordination at the local level that the state intends to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services, (and as required by assurances under Sections 676(b)(5).)

**Note:** This response will link to the corresponding CSBG assurance, items 14.5 and 14.6., and pre-populates the State’s Annual Report, Module 1, Item G.1.

The State Office provides ongoing communication to the North Carolina Community Action network through quarterly leadership webinars/calls, The North Carolina Community Action Association Council of Executive Director's meetings, and presentations on targeted areas. The North Carolina Community Action Association holds regular regional meetings with agencies providing services within the same geographic region. These modes of communication present opportunities for the State Office, the State Association, and local agencies to discuss and plan coordination among eligible entities.
9.3b. State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.

Each CSBG eligible entity develops linkages to fill identified gaps in the services by providing information, referrals, case management, and follow-up consultations based upon the needs and resources in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding. As part of the yearly application process, each eligible entity completes a needs assessment. The assessment includes a narrative or list of local public agencies, businesses, faith-based organizations, civic organizations, and other non-profit organizations. The collaborative effort strengthens the process to develop linkages to fill identified gaps and avoid duplication of services.

9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act) [☐ Yes ☐ No]

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a. WIOA Combined Plan: If the state selected "yes" under item 9.4, provide the CSBG-specific information included in the state’s WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community anti-poverty strategy.

North Carolina has opted for a Unified State Plan under WIOA, and not a Combined State Plan. The NC WIOA Unified State Plan, 2016-2020 addresses leveraging the use of Community Action Agencies, with federal CSBG funding, to increase educational access through the provision of transportation assistance, child care assistance and/or occasionally direct educational assistance (p. 61). The NC WIOA Unified State Plan identifies the CSBG as one of the programs under the review of the NCWorks Commission, which includes representatives from the business community, heads of state workforce agencies, educators and community leaders align workforce programs and activities at the state-level through a Strategic Planning Task Force that is focused on coordinating and aligning all workforce programs, and avoiding duplication across workforce activities (p. 40). Other programs include: Displace Homemaker and American Indian Workforce Development Program administered by the NC Department of Administration; the Title I adult and youth programs, Wagner-Peyser, Trade Adjustment Assistance, Veterans Program, and Apprenticeship programs administered by the NC Department of Commerce: Bioweb Network, Customized Training, Small Businesses Center Network, Adult Education and Basic Skills, Occupational Continuing Education, and Post-secondary Career Technical and Vocational Education programs administered by the NC Community College System; the Career and Technical Education program administered by the NC Department of Public Instruction; and the Temporary Assistance to Needy Families (TANF), Food and Nutrition Services; Senior community Service Employment, and the Vocational Rehabilitation and VR Services for the Blind programs a administered by the NC Department of Health and Human Services.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under Section 676(b)(6) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

Each CSBG eligible entity supports and/or operates emergency energy crisis intervention programs under title XXVI based upon the needs and resources in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding. While each eligible entity is unique in its approach, common approaches to support emergency energy crisis intervention is through operating Weatherization and Heating and Air Replacement and Repair Programs and referrals to appropriate providers. Then National Performance Indicators within the CSBG Annual Report and the state required outcome eligible entities provide the number of participant families provided emergency assistance. This outcome requirement serves as information sources for the State to indicate emergency crisis services provided or referred by eligible entities.

9.6. Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state’s assurance under Section 676(b)(9) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.9.

Each CSBG eligible entity coordinates and forms partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations based upon the needs and resources in their respective service areas. While each eligible entity is unique in its approach, the importance of the agencies’ mission and established goals is a standard driver for the coordination and formation of partnerships with other organizations. Eligible entities often strengthen coordination and partnerships through entities represented on the tripartite board of directors. The eligible entity capacity building section of the CSBG Annual Report will serve as an information source for the State to indicate eligible entities are coordinating services and partnering with other agencies to address the needs in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding.

9.7. Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:

Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3c.

Each CSBG eligible entity coordinates and forms partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations based upon the needs and resources in their respective service areas. While each eligible entity is unique in its approach, the importance of the agencies’ mission and established goals is a standard driver for the coordination and formation of partnerships with other organizations. Eligible entities often strengthen coordination and partnerships through entities represented on the tripartite board of directors. The eligible entity capacity building section of the CSBG Annual Report will serve as an information source for the State to indicate eligible entities are coordinating services and partnering with other agencies to address the needs in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe state activities for supporting coordination among the eligible entities and the state community action association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.
OEO provides regular and ongoing communication to the North Carolina Community Action network through quarterly leadership webinars, NCCAA Council of Executive Director meetings, and presentations on targeted areas. Additionally, the NCCAA holds regional meetings with agencies providing services within the same geographic region. These modes of communication present opportunities for the State Office, the State Association, and Local Agencies to discuss and plan coordination among eligible entities.

*Note: This information is associated with State Accountability Measure 5S(iii), and will pre-populate the Annual Report, Module 1, Item G.6*

The State will provide feedback to local entities and the State Community Action Association on performance specific to the State Accountability Measures through quarterly and year end updates in narrative, presentation, listening sessions and/or meeting formats. In addition to the modes of communication detailed in 9.9, the States CSBG and State Association Directors meet regularly to discuss overall strategies for strengthening resource coordination, service delivery and performance management for CSBG related activities. Regular and ongoing communications will support the states success with achieving positive results related to accountability measures in the area of state plan development, grantee monitoring and corrective action and organizational standards for eligible entities.

Describe any adjustments the state made to the Communication Plan in this State Plan as compared to past plans. Any adjustment should be based on the states analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearings. If the state is not making any adjustments, provide further detail.

*Note: This information is associated with State Accountability Measures 7Sb; this response may pre-populate the state’s annual report form.*

The Office of Economic Opportunity (OEO) is planning to increase remote and regional training opportunities for eligibility entities as well as a plan to increase the efficiency/timeliness of written communications. OEO is also planning to strengthen collaborative efforts and communication with the NC Community Action Association surrounding eligible entity performance and will continue to have representation on the NC Performance Management Workgroup to support adjustments to communication where applicable.

10.2. Monitoring Policies:  
Provide a copy of state monitoring policies and procedures by attaching and/or providing a hyperlink.

See Attached Monitoring Policy

10.3. Initial Monitoring Reports:  
According to the state’s procedures, by how many calendar days must the State disseminate initial monitoring reports to local entities?

Note: This item is associated with State Accountability Measure 4Sa(ii) and may pre-populate the state’s annual report form.

10.4. Closing Findings:  
Are state procedures for addressing eligible entity findings/deficiencies and documenting the closure of findings, included in the State monitoring protocols attached above? ☐ Yes ☒ No

10.4a. Closing Findings Procedures: If no describe state procedures for addressing eligible entity findings/deficiencies, and documenting the closure of findings.

NC has a process that involves standardized Corrective Action Worksheets which accompany any monitoring report with findings which identifies the finding, cause, required action and details the actions/steps to be taken for correction, the responsible party(ies) and the date by which the action/step will be completed. Upon agency submission of the evidence the action/steps have been taken, the State Office reviews the documentation and/or conducts a follow-up visit to confirm implementation of the planned action/steps and issues a formal response indicating whether the finding is closed, or additional documentation/ action is required. For the purpose of CSBG Administration, a finding is defined as any area of non-compliance with federal or state rules, contracts requirements, agency bylaws/policies/procedures, or binding source document. All findings require corrective action; however, all findings do not result in Quality Improvement Plans (QIPs). Quality Improvement Plans are to be initiated when a level of non-compliance results in suspension of funding and/or the threat of de-designation as a result of documented repeat findings, fraud, waste, abuse, lack of capacity to safeguard resources, inability to demonstrate outcomes achievement or failure to meet contract requirements. Like the CAWs, QIPs will accompany a formal notice to the agency of the area s of non-compliance/findings, causes of the non-compliance/findings, required actions and details the actions/steps to be taken to correct the ongoing and/or significant deficiencies, the responsible party(ies) and the date by which the action/step must be completed. Upon agency submission of the evidence the action/steps have been taken, the State Office will review the documentation and/or conduct a follow-up visit to confirm implementation of the planned action/steps and issue a formal response indicating that additional documentation and/or action is needed or that the agency has successfully addressed the deficiencies thereby removing the threat of de-designation. The QIP will require Board and Executive Level Staff engagement. Should the agency fail to address the deficiencies outlined in IM 116.

10.5. Quality Improvement Plans (QIPs):  
Provide the number of eligible entities currently on QIPs, if applicable.

Note: The QIP information is associated with State Accountability Measures 4Sc.

0

10.6. Reporting of QIPs:
Describe the state’s process for reporting eligible entities on QIPs to the Office of Community Services within 30 calendar days of the State approving a QIP.

Note: This item is associated with State Accountability Measures 4S(a)(iii).

North Carolina will copy the Office of Community Services (OCS) on all formal notifications to agencies indicating the State is approving a Quality Improvement Plan. To expedite receipt, a scan of the formal notice will be emailed to the OCS. NC respectfully asks that OCS specify a lead QIP point of contact and a process by which receipt of notification will be formally acknowledged and feedback provided.

10.7. Assurances on Funding Reduction or Termination

The state assures that any eligible entity that received CSBG funding the previous fiscal year and has not had funding terminated or reduced because of low the proportional share of funding of the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678(b)(y) per Section 676(b)(8). Yes No

Note: This response will link with the corresponding assurance under item 14.8.

Policies on Eligible Entity Designation, De-designation, and Re-designation

10.8. Eligible Entity Designation: Do the State CSBG statute and/or regulations provide for the designation of new eligible entities? Yes No

10.8a. New Designation Citation: If yes, provide the citation(s) of the law and/or regulation.

Requirements for designation of new eligible entities are specified in Title 10A North Carolina Administrative Code, Chapter 97C .0106 and are Available at http://reports.oah.state.nc.us/ncaasp?folderName=Title%2010A%20-%20%20Health%20and%20Human%20ServicesChapter%2097%20-%20%20Economic%20Opportunity.

10.8b. New Designation Procedures: If no, describe state procedures for the designation of new eligible entities and how the procedures were made available to eligible entities and the public.

10.9. Eligible Entity Termination: Do State CSBG statute and/or regulations provide for termination of eligible entities Yes No

10.9a. Termination Citation: If yes, provide the citation(s) of the law and/or regulation.

When de-designation becomes necessary, the State references Title 10A North Carolina Administrative Code 97C Section .1300 A Grant Recipient Compliance: Suspension: Termination. In addition, the State notifies the Office of Community Services on the necessary action, follows OCS EM-116 as deemed appropriate and works diligently to designate a new provider as quickly as possible to minimize the break in service delivery to eligible low-income families.

10.9b. Termination Procedures: If no, describe state procedures for termination of new eligible entities and how the procedures were made available to eligible entities and the public.

10.10. Eligible Entity Re-designation: Does the State CSBG statute and/or regulations provide for re-designation of an existing eligible entity? Yes No

The Department of Health and Human Services Office of the Controller Federal Grants and Financial Reporting Unit is responsible for the management, coordination and supervision of all federal fund accounting, financial reporting, financial analysis, and audit resolution relative to federal funds accountin g and the coordination of the annual accrual process and preparation of the Comprehensive Annual Financial Report (CAFR) for the Department of Health and Human Services. CSBG expenditures are tracked through FRC 54. The submission of interim FFRs will be on a quarterly, semi-annual, or annual basis, as directed by the Federal agency. A final FFR shall be submitted at the completion of the award agreement. The following reporting period end dates shall be used for interim reports: 3/31, 6/30, 9/30, or 12/31. For final FFRs, the reporting period end date shall be the end date of the project or grant period. Quarterly and semi-annual interim reports shall be submitted no later than 30 days after the end of each reporting period. Annual reports shall be submitted no later than 90 days after the end of each reporting period. Final reports shall be submitted no later than 90 days after the project or grant period end date.

10.12. Single Audit Management Decisions:

Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.

Note: This information is associated with State Accountability Measure 4Sd.

Monitoring (RMAM) team. It should be noted in North Carolina required reports and audits of agencies are submitted by the eligible entity into the Federal Audit Clearinghouse and/or emailed to www.ncgrantsreporting@dhs.nc.gov. While changes are being made to this system to enhance capabilities, current key components of the submission, review and issuance of management decisions are as follows: 1) Required reports and audits of agencies are submitted by the eligible entity by email to www.ncgrantsreporting@dhs.nc.gov. A desk review of the audit is completed to determine if it was conducted in accordance with the required audit standards. a. If an audit does not meet the required standards, it is rejected and the entity is notified with a listing of the required reports. The entity is required to submit a revised audit report that meets the required standards. b. 10.13. Assurance on Federal Investigations:
The state will "permit and cooperate with Federal investigations undertaken in accordance with Section 678D" of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act. ☑ Yes ☐ No

*Note: This response will link with the corresponding assurance, Item 14.7.*

10.14. Performance Management Adjustment:
Describe any adjustments the state made to monitoring procedures in this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

*Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the state's annual report form.*

Staff closely reviewed the responses to the 2017 ACSI Survey related to monitoring as well as conducted a survey using Survey Monkey in the spring of 2019 as we prepared for the submission of the State Plan. During the review of both surveys results we determined that the adjustments made with the ACSI Survey were still meeting the needs of our eligible entities. Conducting an internal self-assessment of our monitoring process, we determined that we needed to ensure that we follow up in a timely matter with closing out corrective action worksheets once submitted to us. During staff meetings Corrective Action Close Outs will be added to the agenda to ensure we are keeping up with those that need to be closed in a timely manner.
Section 11: Eligible Entity Tripartite Board

11.1. Tripartite Board Verification: Verify which of the following measures are taken to ensure that the state verifies CSBG Eligible Entities are meeting Tripartite Board requirements under Section 676B(a)(2) of the CSBG Act. [Check all that applies and narrative where applicable]

- Attend Board meetings
- Organizational Standards Assessment
- Monitoring
- Review copies of Board meeting minutes
- Track Board vacancies/composition
- Other

The State Office monitors board requirements by collecting board membership/composition rosters, inclusive of committees, during the annual application process. Board member profile sheets are submitted to the Office as new members are seated. The process by which members are elected as well as engaged is assessed through review of board minutes, board member files and agency by-laws during onsite and desktop monitoring. Attempts are made to meet with board members during onsite monitoring visits or when requested.

11.2. Tripartite Board Updates: Provide how often the state requires eligible entities (which are not on TAPs or QIPs) to provide updates regarding their Tripartite Boards. This includes but is not limited to copies of meeting minutes, vacancy alerts, changes to bylaws, low-income member selection process, etc. [Select one and narrative where applicable]

- Annually
- Semiannually
- Quarterly
- Monthly
- As it Occurs
- Other

11.3. Tripartite Board Representation Assurance: Describe how the state will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity’s Tripartite Board as required by the assurance under Section 676(b)(10) of the CSBG Act

Note: This response will link with the corresponding assurance, item 14.10.

North Carolina will ensure that eligible entities have the required petition process to afford individuals and organizations expressing a need for adequate representation on the tripartite board by reviewing each eligible entity by laws, policies and/or procedures through desktop and/or onsite monitoring. Guidance will be issued to ensure the process delineates at a minimum: 1) A format in which the petitioner will specify why he/she or the organization/group feels inadequately represented 2) A reasonable number of signatures needed for the petition to be considered based on a set of defined criteria related to the service area and poverty population 3) The procedures by which the petition will be received, reviewed, approved for seating and/or denied and how the petitioner will be notified of the results.

11.4. Tripartite Board Alternative Representation: Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, “another mechanism specified by the state to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs” as allowed under Section 676B(b)(2) of the CSBG Act. [Yes, No]

11.4a. Tripartite Board Alternative Mechanism: If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.

In accordance with Public Law 676 B(b)(2)(c)(2) another mechanism specified by the State to assure decision making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs funded under this subtitle. The Office of Economic Opportunity will allow agencies with a Board Structure that represents different states, have an Advisory Council. The Advisory Council must be structured in the Tripartite Board structure.
12.1. Required Income Eligibility:
Provide the income eligibility threshold for services in the state.

[Check one item below.]

- ☐ 125% of the HHS poverty line
- ☑ % of the HHS poverty line (fill in the threshold)
- ☐ Varies by eligible entity

0%  % [Response Option: numeric field]

12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

Requirements for income eligibility are specified in Title 10A North Carolina Administrative Code, Chapter 97C.0106 and are available at http://repositorios.oah.state.nc.us/oac.asp?folderName=Title%2010A%20-%20Health%20and%20Human%20Services/Chapter%2097%20-%20Economic%20Opportunity and have been attached to the OLDC System.

12.2. Income Eligibility for General/Short-Term Services:
Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.

Per Guidance Memorandum 2012-2, NC Office of Economic Opportunity has determined it is reasonable to attempt to verify income for all CSBG participants. Where income verification outlined in the required self-declaration statement is not possible, the agency must maintain a document that captures why income was not verified. Where no income was received, the self-declaration should indicate $0 as the annual income to which the applicant attests.

12.3. Community-targeted Services: Describe how the state ensures eligible entities’ services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

North Carolina acknowledges that provision of services with community-wide benefits as described is an area for strengthening; however, through onsite and desktop monitoring, the State ensures that all CSBG services provided are to families meeting the income guidelines established which are 125% of the federal poverty guideline as outlined in state rules and the Quality Measures of each eligible entities contract. These families are the same for which eligible entities provide advocacy services to in their local communities. We believe that encouraging formal partnership agreements outlining this focus will strengthen the ability to ensure such services target and benefit low-income communities.

In the event performance or expenditures are below expected levels, agencies are required to identify meaningful reasons and planned adjustments to bring these within the expected range. The State Office includes this information in the letters which are mailed to the board chairperson and executive director. Additional supports for ROMA include: thirty National Certified ROMA Trainers across the North Carolina network (one within the State Office and 3 within the Association), ongoing training and technical assistance for the CSBG-IS/ Annual Report and elements of ROMA within the Accountable Results for Community Action case management database. In collaboration with the State Office, the North Carolina Community Action Association leads NC ROMA efforts through coordination of training and technical assistance with the cohort of NCRTs within the state. This includes, but is not limited to, coordination of regional and agency ROMA trainings, quarterly webinars/conference calls and an NC ROMA annual retreat for NCRTs. The North Carolina State Office will work with eligible entities and provide T/TA as needed to support the transition to the CSBG Annual Report.

*Note: The activities described under Item 13.3 may include activities listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, Item 14.12.*

North Carolina has 14 National Certified ROMA Trainers and 28 National Certified Implementer (1 with OEO). The North Carolina Community Action Association leads efforts surrounding these individuals being available to the network for trainings. Elements and concepts of ROMA are consistently incorporated into training and technical assistance materials made available through the State Office and the Association. Some additional efforts the State Office engages in to support use of the ROMA system include written guidance surrounding ROMA in quarterly and year-end report communications, ongoing training and technical assistance for the CSBG-IS/ Annual Report and elements of ROMA within the Accountable Results for Community Action case management database. In collaboration with the State Office, the North Carolina Community Action Association leads NC ROMA efforts through coordination of training and technical assistance with the cohort of NCRTs within the state. This includes, but is not limited to, coordination of regional and agency ROMA trainings, quarterly webinars/conference calls and an NC ROMA annual retreat for NCRTs, and coordination of the NC Performance Management Leadership Workgroup. At a minimum, the State Office will support these efforts through input and support of time of state staff members who are NCRTs.

**13.4. Eligible Entity Use of Data:**
Describe how the state plans to validate that the eligible entities are using data to improve service delivery.

*Note: This response will also link to the corresponding assurance, Item 14.12.*

The State Office has an expected performance range of 80% - 120% of targeted performance and expenditure rate of 100%. *Note: this response will link to the corresponding assurance, Item 14.11.*

The State Office requires each eligible entity submit a CSBG application for funding on an annual basis. An agency strategy for eliminating poverty, OEO Form 210, is a required section of the annual application and serves to meet the requirement put forth in the CSBG Act. While OEO Form 210 is the primary tool used to assure the requirement is met, items within the narrative section of the application also provide important information surrounding needs assessment and coordination of services.

SECTION 14
State Use of Funds

14.1 Use of Funds Supporting Local Activities

CSBG Services

14.1a. 676(b)(1)(A): Describe how the state will assure "that funds made available through grant or allotment will be used -

(A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farm workers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals-

(i) to remove obstacles and solve problems that block the achievement of self-sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);

(ii) to secure and retain meaningful employment;

(iii) to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;

(iv) to make better use of available income;

(v) to obtain and maintain adequate housing and a suitable living environment;

(vi) to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;

(vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to -

(I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and

(II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

Through the annual application process, each eligible entity submits a Community Anti-Poverty Plan inclusive of a narrative section, an agency strategy for eliminating poverty (e.g. community needs assessment), work plan, budget and plan for monitoring, assessment and evaluation. In turn, each eligible entity determines the use of CSBG funds at the local level based upon the needs and resources in their communities. North Carolina outlines eight eligible project models: Self-Sufficiency, Employment, Education, Nutrition, Housing, Income Management, Information and Referral and Emergency Assistance.

The majority of eligible entities in North Carolina implement self-sufficiency programs consisting of a comprehensive service delivery system to assist individuals and families with moving from poverty to economic independence using these models. These agencies provide an array of services to families within their agency or in partnership with other human service agencies. Head Start, Workforce Innovation and Opportunity Act, Weatherization and Section 8 Rental Assistance are among the federal programs operated by majority of North Carolina eligible entities. North Carolina eligible entities also operate federal/state funded projects inclusive of but not limited to employment, nutrition, youth development, senior services and housing. The State Office requires all eligible entities to report contracted outcomes specific to CSBG funding on a quarterly basis. The most commonly contracted reported outcomes include: The number of families served; The number of low-income families rising above the poverty level; The average change in the annual income per participant family experiencing a change; The number of families obtaining employment; The number of families who are employed and obtain better employment; The average wage rate of employed participant families; The number of jobs with medical benefits obtained; The number of families completing education/training programs; The number of families securing standard housing; The number of participant families provided emergency assistance; The number of families provided employment supports. In addition to the annual application process and state CSBG reporting, the CSBG-IS! Annual report serves as an additional information source used by the State to confirm the support of activities indicated above.

Needs of Youth

14.1b. 676(b)(1)(B) Describe how the state will assure "that funds made available through grant or allotment will be used -

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as-

(i) programs for the establishment of violence-free zones that would involve youth development and intervention models such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs; and

(ii) after-school child care programs;

The NC Department of Health and Human Services works to advance the health, safety, and well-being of all North Carolinians in collaboration with a wide array of partners and stakeholders. Much of this work involves managing the delivery of services to North Carolinians who are most vulnerable populations, including children, seniors, people with disabilities, and low-income individuals and families. The Office of Economic Opportunity works with each CSBG eligible entity to conduct activities that promote effectiveness and coordination with other programs related to initiatives of the CSBG. The Department has a strategic plan that is aligned with three priority areas: Medicaid Transformation, Opioid Action Plan, and Early Childhood Action Plan. To make more effective use of grant funding, priorities from the Office of Economic Opportunity will be aligned with these plans to ensure continuity across the Department and alongside CSBG recipients. North Carolina is launching the Healthy Opportunities pilots as part of its Medicaid Transformation efforts. The pilots are an opportunity for payers, providers and community-based organizations to have the tools, infrastructure and financing to integrate non-medical services directly related to improved health outcomes into the delivery of care for many low-income families. Improved health equates to improved well-being and other factors that can help lift families out of poverty. The Opioid Action Plan focuses on three key areas to reduce the impact of the opioid epidemic: Prevention, Harm Reduction, and Connections to Care. Strategies in this action plan can be aligned to CSBGs to increase access to substan...
ance abuse treatment and services that will connect those recovering to employment opportunities and housing. North Carolinas Early Childhood Action Plan (ECAP) outlines a cohesive vision, sets benchmarks for impact by the year 2025, and establishes shared stakeholder accountability to achieve state goals for young children from birth through age eight. CSBG alignment with improving outcomes for children supports the goal of strengthening families by mitigating adverse childhood experience that can help lift families out of inter-generational poverty. Other cross-departmental strategic plans such as those addressing TANF and child welfare will be aligned to CSBG programming to increase self-sufficiency, improve living conditions and support strong families and support systems.

Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

Based upon the needs and resources in their respective service areas, each CSBG eligible entity is responsible for conducting activities that promote effectiveness and coordination with other programs related to the purposes of CSBG. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding process. While each eligible entity is unique in its approach, the tripartite board structure supports coordination and input surrounding effectiveness. Common partners of eligible entities include: Division of Social Services, Workforce Innovation and Opportunity Act providers, community colleges, local businesses, faith-based organizations, civic organizations, and other non-profit organizations.

State Use of Discretionary Funds

14.2 676(b)(2) Describe "how the state intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675(c) in accordance with this subtitle, including a description of how the state will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."

Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10

Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."

14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675(c), to target low-income individuals and families in communities within the state;

The CSBG Program service delivery system is currently composed of 33 eligible entities, there are 33 private non-profit eligible entities and one public agency, population or service category. Most eligible entities implement a comprehensive service delivery system to assist individuals and families with moving from poverty to economic independence. These agencies provide an array of services to families within their agency or in partnership with other human service agencies. Head Start, Workforce Investment Act, Weatherization, and Section 8 Rental Assistance are among the federal programs operated by most North Carolina eligible entities. Eligible entities also operate federal/state funded projects inclusive of but not limited to employment, nutrition, youth development, senior services and housing. Multi-county eligible entities operate with a central office and neighborhood centers located throughout the service area. In keeping with the National ROMA goals, North Carolina encourages eligible entities to embrace and execute a Self-Sufficiency (coordinated case management) approach to better mobilize funding for direct services while also leveraging CSBG funds with other resources. While this approach may be different from how other states administer CSBG, North Carolina believes it affords us the ability to: 1) demonstrate CSBG effectiveness in moving families from poverty based on 125% of the Federal Poverty Guidelines to economic stability and into independence, 2) allows us to scale participants' progress from In-Crisis to Thriving to demonstrate incremental effectiveness, 3) provides agencies with an effective framework for creating meaningful collaborations and generating additional funding to further the agencies goals and 4) permits the usage of CSBG for direct services provision to participants not for administrative purposes only.

Eligible Entity Linkages - Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."

Note: The state describes this assurance in the state linkages and communication section, item 9.3b.

Each CSBG eligible entity develops linkages to fill identified gaps in the services by providing information, referrals, case management, and follow-up consultations based upon the needs and resources in their respective service areas. The State Office collects this information in narrative format from each eligible entity through an annual application for funding. As part of the yearly application process, each eligible entity completes a community needs assessment. The assessment includes a narrative or list of local public agencies, businesses, faith-based organizations, civic organizations, and other non-profit organizations. The collaborative effort strengthens the process to develop linkages to fill identified gaps and avoid duplication of services.

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resource

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675(c) will be coordinated with other public and private resources.

Note: The state describes this assurance in the state linkages and communication section, item 9.7.

Each CSBG eligible entity coordinates and forms partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations based upon the needs and resources in their respective service areas. While each eligible entity is unique in its approach, the importance of the agencies' mission and established goals is a standard driver for the coordination and formation of partnerships with other organizations. Eligible entities often strengthen coordination and partnerships through entities represented on the tripartite board of directors. The eligible entity capacity building section of the CSBG Annual Report will serve as an information source for the State to indicate eligible entities are coordinating services and partnering with other agencies to address the needs in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding.

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood...
14.3. 676(b)(3)(D) Describe "how the local entity will use the funds [made available under Section 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

Each CSBG eligible entity supports innovative community and neighborhood-based initiatives based upon the needs and resources in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding process. While each eligible entity is unique in its approach, some examples of support for innovative community and neighborhood-based initiatives include Head Start Programs supporting fatherhood initiatives and targeted collaborations with faith-based organizations, non-profit organizations and organized community groups.

Eligible Entity Emergency Food and Nutrition Services

14.4. 676(b)(4) Describe how the state will assure "that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."

Each CSBG eligible provides emergency supplies and services to counteract conditions of starvation and malnutrition based upon the needs and resources in their respective service areas. The State Office collects this information in narrative format from each CSBG eligible entity through an annual application for funding process. While each eligible entity is unique in its approach, eligible entities provide direct services to families in these areas and/or assure families access such assistance through referrals or partnerships with community based organizations and county departments of social services who are responsible for the administration of the federal Supplemental Nutritional Assistance Program. Some strategies being utilized to assist families with emergency food needs include the operation of regional food banks, sponsoring supplemental food programs for seniors, and coordinating/sponsoring emergency food box/voucher programs.

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

14.5. 676(b)(5) Describe how the state will assure "that the state and eligible entities in the state will coordinate, and establish linkages between, government and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the state and in communities with entities providing activities through statewide and local workforce development systems under such Act."

Note: The state describes this assurance in the state linkages and communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.

Note: The state describes this assurance in the state linkages and communication section, items 9.2 and 9.5.

Federal Investigations

14.7. 676(b)(7) Provide "an assurance that the state will permit and cooperate with Federal investigations undertaken in accordance with section 678D."

Yes

Note: The state addresses this assurance in the Fiscal Controls and Monitoring section, item 10.13.

Funding Reduction or Termination

14.8. 676(b)(8) Provide "an assurance that any eligible entity in the state that received funding in the previous fiscal year through a community services block grant made under this subtitle will not have its funding terminated under this subtitle, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the state determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in section 678C(b)."

Note: The state describes this assurance in the state linkages and communication section, item 9.6.

Eligible Entity Tripartite Board Representation

Note: The state describes this assurance in the Eligible Entity Tripartite Board section, 11.3.
North Carolina will ensure that eligible entities have the required petition process to afford individuals and organizations expressing a need for adequate representation on the tripartite board by reviewing each eligible entity by laws, policies and/or procedures through desktop and/or onsite monitoring. Guidance will be issued to ensure the process delineates at a minimum: 1) A format in which the petitioner will specify why he/she or the organization/group feels inadequately represented 2) A reasonable number of signatures needed for the petition to be considered based on a set of defined criteria related to the service area and poverty population 3) The procedures by which the petition will be received, reviewed, approved for seating and/or denied and how the petitioner will be notified of the results.

**Eligible Entity Community Action Plans and Community Needs Assessments**

14.11. 676(b)(11) Provide “an assurance that the state will secure from each eligible entity in the services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs.”

Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
