VPN Usage:

**Step 1:**
To use the 2Factor VPN, choose the correct VPN group in the drop-down menu: 6-2Factor-User
Enter Username-NCID and password
Click-OK

**Step 2:**
Answer the phone call to validate your MFA
Enter your 4-digit PIN (the MFA PIN that you are currently using for ACTS) followed by the ‘#’ key to complete verification
After the “#” key is pressed, the MFA interactive voice response will relay the following message. “Your sign in was successfully verified. Goodbye!”

**Step 3:**
Accept the State Warnings and Conditions to complete the VPN Login process
