- State-Funded Enhanced Mental Health and Substance Abuse Services
- State-Funded Assertive Community Treatment (ACT program)
- State-Funded Community Support Team (CST)

1.0 Description of the Service

A diagnostic assessment is an intensive clinical and functional evaluation of an individual’s mental health, intellectual and developmental disability, or substance use condition. A diagnostic assessment determines whether the individual meets medical necessity and can benefit from: mental health, intellectual disability, developmental disability, or substance use disorder services based on the individual’s diagnosis, presenting problems, and treatment and recovery goals.

It evaluates the individual’s level of readiness and motivation to engage in treatment. This assessment is designed to be delivered in a team approach that results in the issuance of a written report that provides the clinical basis for the development of the individual’s treatment or service plan. The written report must be kept in the service record.

Elements of the Diagnostic Assessment

A diagnostic assessment must include ALL the following elements:

a. description of the presenting problems, including source of distress, precipitating events, and associated problems or symptoms;

b. chronological general health, past trauma history and behavioral health history (including both mental health and substance use including tobacco use) of the individual’s symptoms, treatment, and treatment response;

c. current medications for medical, psychiatric, and substance use disorder treatment. Identify past medications that were ineffective or caused significant side effects or adverse reactions;

d. a review of biological, psychological, familial, social, developmental and environmental dimensions to identify strengths, needs, and risks in each area;

e. evidence of the individual’s and legally responsible person’s (if applicable) participation in the assessment;

f. analysis and interpretation of the assessment information with an appropriate case formulation including determination of American Society of Addiction Medicine (ASAM) level of care when a substance use disorder is present;

g. diagnosis using the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5), or any subsequent editions of this reference material including mental health, substance use disorders, or intellectual or developmental disabilities, as well as physical health conditions and functional impairment;

h. recommendations for additional assessments, services, supports or treatment based on the results of the diagnostic assessment;
i. the diagnostic assessment must be signed and dated by the licensed professionals completing the assessment; and
j. evidence of an interdisciplinary team service note that documents the team’s review and discussion of the assessment. The involvement of the team in the delivery of the service is very important and is documented in the team note. Particular emphasis is made on the involvement and participation of all members of the team in the formulation of the diagnoses and treatment recommendations.

This assessment must be signed and dated by the MD, DO, PA, NP, or licensed psychologist and serves as the initial order for services included in the Person Centered Plan (PCP). Upon completion, the PCP shall be sent to the designated contractor for administrative review and authorization of services.

1.1 Definitions

1.1.1 Diagnostic
Diagnostic means to examine specific symptoms and facts to understand or explain a condition.

1.1.2 Person Centered Plan (PCP)
A person centered plan is the process of determining real-life outcomes with individuals and developing strategies to achieve those outcomes.

2.0 Eligibility Requirements

2.1 Provisions

2.1.1 General
An eligible individual shall be enrolled with the LME-MCO on or prior to the date of service, meet the criteria for a state-funded Benefit Plan and shall meet the criteria in Section 3.0 of this policy.

2.1.2 Specific
None apply.

3.0 When the Service Is Covered

3.1 General Criteria Covered
State funds shall cover the service related to this policy when medically necessary, and:

a. the service is individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the individual’s needs;

b. the service can be safely furnished, and no equally effective and more conservative or less costly treatment is available statewide; and
c. the service is furnished in a manner not primarily intended for the convenience of the individual, the individual’s caretaker, or the provider.

3.2 Specific Criteria Covered

3.2.1 Specific criteria covered by State Funds
State funds shall cover Diagnostic Assessment when the following criteria are met:

a. there is a known or suspected mental health, substance use disorder, intellectual or developmental disability diagnosis based on the DSM-5 diagnostic criteria; or
b. initial assessment or triage information indicates a need for additional mental health, substance use disorder, intellectual, or developmental disabilities treatment or supports.

3.2.1.1 Continued Stay Criteria
Not applicable.

3.2.1.2 Discharge Criteria
Not applicable

3.2.2 State Funds Additional Criteria Covered
None apply.

3.3 Service Type and Setting
A diagnostic assessment is a direct periodic service that can be provided in any location. This service may be provided to the individual in-person or via telehealth.

4.0 When the Service Is Not Covered

4.1 General Criteria Not Covered
State funds shall not cover the service related to this policy when:

a. the individual does not meet the eligibility requirements listed in Section 2.0;
b. the individual does not meet the criteria listed in Section 3.0;
c. the service duplicates another provider’s service; or
d. the service is experimental, investigational, or part of a clinical trial.

4.2 Specific Criteria Not Covered

4.2.1 Specific Criteria Not Covered by State Funds
State funds shall not cover a diagnostic assessment on the same day as Assertive Community Treatment Team, Intensive In-Home, Multisystemic Therapy or Community Support Team services. If psychological testing or specialized assessments are indicated, they are covered separately using appropriate CPT codes for psychological, developmental, or neuropsychological testing.
State funds and Community Mental Health Block Grant funds outside of UCR may be used to support an individual who is an inmate in a public correctional institution. Substance Abuse Prevention and Treatment Block Grant funds may not be used for this purpose.

State funds shall not cover conversion therapy.

5.0 Requirements for and Limitations on Coverage

5.1 Prior Approval
State funds shall not require prior approval for the first event in a fiscal year of service. Additional events, in the same fiscal year, require prior authorization and utilization management from the designated contractor.

Note: A diagnostic assessment equals one event.

5.2 Prior Approval Requirements

5.2.1 General
The provider(s) shall submit to the LME-MCO the following:
   a. the prior approval request; and
   b. all health records and any other records that support the individual has met the specific criteria in Subsection 3.2 of this policy.

5.2.2 Specific
Utilization management of covered services is a part of the assurance of medically necessary service provision. Authorization, which is an aspect of utilization management, validates approval to provide a medically necessary covered service to an individual eligible for this service.

5.3 Additional Limitations or Requirements
The Diagnostic Assessment report must document and include the elements described in section 1.0.

The Diagnostic Assessment team is responsible for completing all documentation on the diagnostic assessment for each individual being considered for services.

6.0 Provider(s) Eligible to Bill for the Service
To be eligible to bill for the service related to this policy, the provider(s) shall:
   a. meet LME-MCO qualifications for participation;
   b. have a current and signed Department of Health and Human Services (DHHS) Provider Administrative Participation Agreement; and
c. bill only for services that are within the scope of their clinical practice, as defined by the appropriate licensing entity.

6.1 Provider Qualifications and Occupational Licensing Entity Regulations

The diagnostic assessment team shall include at least two Qualified Professionals (QPs), according to 10A NCAC 27G .0104:

a. For individuals with Mental Health (MH) or Substance Use Disorder (SUD) diagnoses, both professionals must be licensed. One team member shall be an MD, DO, nurse practitioner, physician assistant, or licensed psychologist. For substance use-focused diagnostic assessment, the team must include an LCAS.

b. For individuals with intellectual or developmental disabilities, one team member shall be an MD, DO, nurse practitioner, physician assistant, or licensed psychologist and one team member must be a master’s level QP with at least two years of experience with individuals with intellectual or developmental disabilities.

c. The MD, DO, NP, PA, or psychologist shall have the required experience with the population served in order to provide this service.

6.2 Provider Certifications

Diagnostic assessments must be conducted by practitioners employed by a mental health, substance abuse, or intellectual and developmental disability provider meeting the provider qualification policies, procedures, and standards established by Division of Mental Health, Developmental Disabilities and Substance Abuse Services (Division of MH/DD/SAS) and the requirements of 10A NCAC 27G. These policies and procedures set forth the administrative, financial, clinical, quality improvement, and information services infrastructure necessary to provide services.

Provider organizations must demonstrate that they meet these standards by being credentialed by the designated contractor. Within three years of enrollment as a provider, the organization must have achieved national accreditation. The organization must be established as a legally recognized entity in the United States and qualified or registered to do business as a corporate entity in the State of North Carolina.

7.0 Additional Requirements

7.1 Compliance

Provider(s) shall comply with the following in effect at the time the service is rendered:

a. All applicable agreements, federal, state and local laws and regulations including the Health Insurance Portability and Accountability Act (HIPAA), 42 CFR Part 2 and record retention requirements; and

b. All NC Division of MH/DD/SAS policies, guidelines, policies, provider manuals, implementation updates, and bulletins, DHHS, DHHS division(s) or fiscal contractor(s).
7.2 Expected Clinical Outcomes

Results from a diagnostic assessment include an appropriate case formulation, an interpretation of the assessment information including recommendations for services, supports, treatment or additional assessments; a service order for immediate needs; and the development of PCP. For an individual with a substance-use disorder diagnosis, a diagnosis assessment must recommend the American Society of Addiction Medicine (ASAM) level of care determination.
