Subject: Food and Nutrition Services (FNS) Employment & Training (E&T) Management Evaluation Tentative Schedule and Summary of Findings

The United States Department of Agriculture (USDA) regulations require North Carolina to ensure the FNS E&T program is operating in accordance with the Food and Nutrition Act of 2008 and the approved FNS E&T State Plan. To ensure and measure compliance, Management Evaluation Reviews of participating E&T counties are conducted annually. As a part of the new E&T monitoring process some counties will be reviewed annually while others every two or three years. A tentative schedule for the 2021-22 Federal Fiscal Year (FFY) is attached. This schedule is subject to change. An official notification will be sent to directors and FNS E&T managers at least 30 days prior to the scheduled evaluation with instructions.

The objectives of the review are to provide:

- A systematic method of monitoring and assessing program operations; and
- A basis for counties to improve and strengthen program operations by identifying and correcting deficiencies; and

- Component enrollment and outcomes
