1.0 INTRODUCTION

The North Carolina Department of Health and Human Services (NC DHHS), Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMH/DD/SAS) envisions a person-centered system of recovery-oriented rehabilitation services, with a skilled and culturally competent workforce of psychiatric rehabilitation practitioners. DMH/DD/SAS seeks a contractor to assist in building the state-wide North Carolina Psychiatric Rehabilitation Collaborative (NCPRC). Through outreach and awareness, training, and education, DMH/DD/SAS and the contractor will build a membership platform that will establish the first ever NCPRC.

1.1 PURPOSE

The purpose of this funding is to work with a contractor to promote and educate on psychiatric rehabilitation across the state in order to build interest in joining the NCPRC, increase the workforce and establish a PRC that is self-sustaining long term.

Approximately \$85,000 in federal Community Mental Health Services Block Grant funds will be used to provide financial support to the contractor to establish the NCPRC and support the administrative functions, training and technical assistance provided by the contractor.

North Carolina DMH/DD/SAS seeks a contractor to establish a statewide Psychiatric Rehabilitation Collaborative in order to grow and train the workforce in psychiatric rehabilitation while promoting wellness and recovery. The contract would be funded at 100% for 3 years, 50% for 2 years, with the goal of having the Collaborative fully self-sustaining in 5 years. The contract will be awarded on a year-by-year basis, and in accordance with the availability of funding; provided that the contractor meets the minimum performance requirements.

1.2 BACKGROUND

Treatment of mental illness has shifted from management and stabilization of symptoms to the much broader goal of achieving functional recovery. Psychiatric Rehabilitation represents one of the most relevant systematic efforts to help adults with psychiatric disabilities to achieve their personal goals. Psychiatric rehabilitation promotes recovery, full community integration, and improved quality of life for persons who have been diagnosed with any mental health condition that seriously impairs their ability to lead meaningful lives. Psychiatric rehabilitation services are collaborative, person-directed, and individualized. These services are an essential element of the health care and human services spectrum and should be evidence-based. They focus on helping individuals develop skills and access resources needed to increase their capacity to be successful and satisfied in the living, working, learning, and social environments of their choice. States that have Psychiatric Rehabilitation Chapters or Collaboratives promote and support the mission and values of psychiatric rehabilitation, provide leadership in the field of psychiatric rehabilitation, and promote person centered recovery.

Conflict of Interest Policy Example

The Board of Directors/Trustees or other governing persons, officers, employees or agents are to avoid any conflict of interest, even the appearance of a conflict of interest. The Organization's Board of Directors/Trustees or other governing body, officers, staff and agents are obligated to always act in the best interest of the organization. This obligation requires that any Board member or other governing person, officer, employee or agent, in the performance of Organization duties, seek only the furtherance of the Organization mission. At all times, Board members or other governing persons, officers, employees or agents, are prohibited from using their job title, the Organization's name or property, for private profit or benefit.

A. The Board members or other governing persons, officers, employees, or agents of the Organization should neither solicit nor accept gratuities, favors, or anything of monetary value from current or potential contractors/vendors, persons receiving benefits from the Organization or persons who may benefit from the actions of any Board member or other governing person, officer, employee or agent. This is not intended to preclude bona-fide Organization fund raising-activities.

B. A Board or other governing body member may, with the approval of Board or other governing body, receive honoraria for lectures and other such activities while not acting in any official capacity for the Organization. Officers may, with the approval of the Board or other governing body, receive honoraria for lectures and other such activities while on personal days, compensatory time, annual leave, or leave without pay. Employees may, with the prior written approval of their supervisor, receive honoraria for lectures and other such activities while on personal days, compensatory time, annual leave, or leave without pay. If a Board or other governing body member, officer, employee or agent is acting in any official capacity, honoraria received in connection with activities relating to the Organization are to be paid to the Organization.

C. No Board member or other governing person, officer, employee, or agent of the Organization shall participate in the selection, award, or administration of a purchase or contract with a vendor where, to his knowledge, any of the following has a financial interest in that purchase or contract:

The Board member or other governing person, officer, employee, or agent;

Any member of their family by whole or half blood, step or personal relationship or relative-in-law;

An organization in which any of the above is an officer, director, or employee;

A person or organization with whom any of the above individuals is negotiating or has any arrangement concerning prospective employment or contracts.

D. Duty to Disclosure -- Any conflict of interest, potential conflict of interest, or the appearance of a conflict of interest is to be reported to the Board or other governing body or one's supervisor immediately.

E. Board Action -- When a conflict of interest is relevant to a matter requiring action by the Board of Directors/Trustees or other governing body, the Board member or other governing person, officer, employee, or agent (person(s)) must disclose the existence of the conflict of interest and be given the opportunity to disclose all material facts to the Board and members of committees with governing board delegated powers considering the possible conflict of interest. After disclosure of all material facts, and after any discussion with the person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

In addition, the person(s) shall not participate in the final deliberation or decision regarding the matter under consideration and shall leave the meeting during the discussion of and vote of the Board of Directors/Trustees or other governing body.

F. Violations of the Conflicts of Interest Policy -- If the Board of Directors/Trustees or other governing body has reasonable cause to believe a member, officer, employee or agent has failed to disclose actual or possible conflicts of interest, it shall inform the person of the basis for such belief and afford the person an opportunity to explain the alleged failure to disclose. If, after hearing the person's response and after making further investigation as warranted by the circumstances, the Board of Directors/Trustees or other governing body determines the member, officer, employee or agent has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

G. Record of Conflict -- The minutes of the governing board and all committees with board delegated powers shall contain:

The names of the persons who disclosed or otherwise were found to have an actual or possible conflict of interest, the nature of the conflict of interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
