Human Rights Committee Meeting
at Black Mountain Neuro-Medical Treatment Center
Monday, May 09, 2022 at 4:30pm
in the Multi-Purpose Room
Please enter at the Moore wing to be screened.

Core principles and best practices reduce the risk of COVID-19 transmission to ensure the safety of all residents and staff.

- Core principles of COVID-19 infection prevention include screening, hand hygiene, physical distancing and use of PPE, such as masks or face coverings.
