1.0 OVERVIEW
The needs of communities vary greatly across populations, geographic areas, and areas of focus. Communities across the country all struggle with addressing substance use disorders; however, each community has unique needs. These funds will assist local communities in dealing with the specific needs of the individuals in their communities who have a substance use disorder and/or substance use disorder and mental illness. This program is designed to allow the applicant organization to identify the specific need it wishes to address in its program. This may be a specific underserved population: e.g., minority populations, individuals using methamphetamine or other stimulants; individuals living in rural areas; individuals who misuse alcohol, etc. Applicants may also choose to expand or enhance a specific area of focus, e.g., expansion of mobile SUD services, telehealth, expansion of peer recovery support services, etc. These populations and areas of focus are simply examples. Applicant organizations are encouraged to carefully assess specific needs and propose a project focus based on those needs.

1.1 PURPOSE
The North Carolina Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMH/DD/SAS) is interested in implementing projects across the state to address emerging and existing needs in the substance use disorder (SUD) treatment and recovery system. The purpose of this initiative is to increase access to, and improve the quality of, substance use disorder treatment and recovery services through innovative strategies designed to meet tailored and specific community needs.

Additionally, these funds are intended to develop and implement targeted strategies for substance use disorder treatment provision to address a specific population or area of focus identified by the community; i.e., to address an unmet need or underserved population through the provision of evidence-based substance use disorder treatment and/or recovery support services.

To support the purpose of this RFA, applicants will be required to demonstrate in their application that they have the technical ability to meet the scope of work (section 5.0 of this RFA) within the grant period.

The funding opportunity will be available to eligible organizations across the State. All organizations who meet eligibility criteria are encouraged to apply.

2.0 ELIGIBILITY

- Applicant agencies must:
  - be a non-profit or Tribal entity

- Applicants must demonstrate that they are able to provide the service specifications and standards set forth in this RFA. Award recipients must meet all applicable DMH/DD/SAS regulations and policies, and conditions and requirements for the Substance Abuse Block Grant (SABG) grant. As per the SABG grant, this includes completion of NC-TOPPS.
- Applicant agencies that are applying as part of a partnership must clearly identify the lead agency and the other partner agencies, the roles and responsibilities of each agency should be identified and documentation confirming the partnership should be included in the appendices.

3.0 AWARD INFORMATION
The total amount of funding available in this RFA is $5,784,000. Organizations may apply for a maximum of
$482,000 per year for each of the three years this opportunity is available (for a total of $1,446,000). The anticipated number of awardees is four, with a period of award for this RFA of October 1, 2022 – June 30, 2025. Funds are contingent upon availability. Any extension will be contingent upon successful implementation of strategies and deliverables as defined by the implementation sites and agreed upon by the Division, as evidenced by the selection of awardees, and contingent upon award of such funds by the federal grantor.

Awards will be made through this RFA and will be based on a thorough review of all submitted complete applications and will be allocated and monitored through DMH/DD/SAS.

5.0 SCOPE OF WORK

5.1 PROGRAMMATIC REQUIREMENTS AND PRIORITIES

The scope of work for this initiative is intended to address emerging and existing needs which are not addressed by other funding sources. They must be community-driven and focused on creating, enhancing and extending the reach of SUD services in communities throughout the state. An award based upon successful application for these funds is intended to allow SUD providers to expand and enhance the continuum of SUD treatment and/or recovery services provided, widening the reach, and increasing populations served.

Applicants must clearly identify the special population or area of focus the organization wishes to address. Successful applicants for these funds will have the following expectations, depending on the area of focus (treatment, recovery or both):

- Screen and assess clients for the presence of SUD and/or co-occurring substance use and mental disorders and use the information obtained from the screening and assessment to develop appropriate treatment approaches.
- Develop and implement strategies to recruit and engage clients in care to ensure that clients with the greatest need are being served by your program.
- Provide evidence based and population appropriate treatment approaches to meet the unique needs of diverse populations at risk. Treatment strategies and services may include outreach and engagement, medication assisted treatment, outpatient, intensive outpatient, recovery housing or residential programs. With the exception of tribal government entities, applicant agencies should be licensed as a SUD treatment provider in the state of North Carolina or be able to obtain the appropriate SUD treatment license if awarded for an applicable, licensable service. Note: if your area of focus is the delivery of peer recovery support services, the provision of clinical treatment services is not required.
- Provide recovery support services, including but not limited, to peer coaching and mentoring, vocational, educational and transportation services, designed to improve access and retention in services and sustain recovery.

Applicants may also use funding for the purchase of a mobile unit to provide mobile care. SAMHSA supports the use of the SABG funds for mobile units for the purpose of providing substance use disorder outreach, screening, assessment, treatment and recovery support services. SABG provisions require that funds be used “only ... for planning, carrying out, and evaluating activities to prevent and treat substance use disorders...” 42 U.S.C. § 300x-21(b). As the stated purpose of the expenditure of funds for vehicles is to provide SUD-related services, the expenditure falls within the definition of an “authorized activity” under 42 U.S.C. § 300x-21(b).

Programs must comply with reporting requirements outlined in section 5.4 of this RFA.

5.2 APPLICANT RESPONSIBILITIES

The Applicant is required to submit the following in addition to the application:

• NC-TOPPS is a web-based system for gathering outcome and performance data on behalf of consumers with mental health and substance use disorders in North Carolina’s public system of treatment services. NC-TOPPS provides reliable information that is used to measure the impact of treatment and to improve service and management quality throughout the service system.
• Initial, Update and Episode Completion Interviews are designed to assist in assessing the effectiveness of treatment. QPs conducting interviews use the NC-TOPPS web-based system to compile data on consumer outcomes such as symptom reduction, employment, education, retention, housing, family support and criminal justice. Recovery Follow-Up Interviews are optional, but available to conduct an interview with a consumer at any time after an episode of care.

GENERAL TERMS AND CONDITIONS

Relationships of the Parties

**Independent Contractor:** The Contractor is and shall be deemed to be an independent contractor in the performance of this contract and as such shall be wholly responsible for the work to be performed and for the supervision of its employees. The Contractor represents that it has, or shall secure at its own expense, all personnel required in performing the services under this agreement. Such employees shall not be employees of, or have any individual contractual relationship with, the Division.

Any approved subcontract shall be subject to all conditions of this contract. Only the subcontractors specified in the contract documents are to be considered approved upon award of the contract. The Division shall not be obligated to pay for any work performed by any unapproved subcontractor. The Contractor shall be responsible for the performance of all of its subcontractors.

**Assignment:** No assignment of the Contractor's obligations or the Contractor's right to receive payment hereunder shall be permitted. However, upon written request approved by the issuing purchasing authority, the State may: (a) Forward the Contractor's payment check directly to any person or entity designated by the Contractor, or (b) Include any person or entity designated by Contractor as a joint payee on the Contractor's payment check. In no event shall such approval and action obligate the State to anyone other than the Contractor and the Contractor shall remain responsible for fulfillment of all contract obligations.

**Beneficiaries:** Except as herein specifically provided otherwise, this contract shall inure to the benefit of and be binding upon the parties hereto and their respective successors. It is expressly understood and agreed that the enforcement of the terms and conditions of this contract, and all rights of action relating to such enforcement, shall be strictly reserved to the Division and the named Contractor. Nothing contained in this document shall give or allow any claim or right of action whatsoever by any other third person. It is the express intention of the Division and Contractor that any such person or entity, other than the Division or the Contractor, receiving services or benefits under this contract shall be deemed an incidental beneficiary only.

**Services**

**Service Standards:** During the term of the Agreement the Contractor and its employees, agents, and subcontractors shall provide high quality professional services consistent with the standards of practice in the geographic area and with all applicable federal, state, and local laws, rules and regulations, all applicable ethical standards, and standards established by applicable accrediting agencies. The Contractor and its employees, agents and subcontractors shall exercise independent professional judgment in the treatment and care of patients.

**Records:** During the term of this Agreement, the Contractor and its employees, agents, and subcontractors shall maintain complete and professionally adequate medical records consistent with the standards of practice in the geographic area and their respective health care professions. The Contractor and its employees, agents, and subcontractors shall prepare all reports, notes, forms, claims and correspondence that are necessary and appropriate to their professional services.

**Licenses:** During the term of this Agreement, the Contractor and its employees, agents, and subcontractors shall hold, current facility and occupational licenses and certifications at the levels required to practice their professions and to provide the contracted services in the State of North Carolina.

**Indemnity and Insurance**

**Indemnification:** The Contractor agrees to indemnify and hold harmless the Division, the State of North Carolina, and any of their officers, agents and employees, from any claims of third parties arising out of any act or omission of the Contractor or its employees, agents, or subcontractors in connection with the performance of this contract.

(a) **Insurance:** During the term of the contract, the Contractor shall provide, at its sole cost and expense, commercial insurance of such types and with such terms and limits as may be reasonably associated with the contract. At a minimum, the Contractor shall provide and maintain the following coverage and limits:

1. **Professional Liability Insurance:** The Contractor shall ensure that the Contractor and its employees, agents, and subcontractors each maintain through an insurance company or through a program of self-funded insurance, professional liability insurance with limits of at least $1,000,000 per occurrence and at least $3,000,000 in the aggregate.
(2) **Worker’s Compensation Insurance:** The Contractor shall provide and maintain worker’s compensation insurance, as required by the laws of the states in which its employees work, covering all of the Contractor’s employees who are engaged in any work under the contract.

(3) **Employer’s Liability Insurance:** The Contractor shall provide employer’s liability insurance, with minimum limits of $500,000.00, covering all of the Contractor’s employees who are engaged in any work under the contract.

(4) **Commercial General Liability Insurance:** The Contractor shall provide commercial general liability insurance on a comprehensive broad form on an occurrence basis with a minimum combined single limit of $1,000,000.00 for each occurrence.

(5) **Automobile Liability Insurance:** The Contractor shall provide automobile liability insurance with a combined single limit of $500,000.00 for bodily injury and property damage; a limit of $500,000.00 for uninsured/under insured motorist coverage; and a limit of $2,000.00 for medical payment coverage. The Contractor shall provide this insurance for all automobiles that are:

   (A) owned by the Contractor and used in the performance of this contract;

   (B) hired by the Contractor and used in the performance of this contract; and

   (C) owned by Contractor’s employees and used in performance of this contract ("non-owned vehicle insurance"). Non-owned vehicle insurance protects employers when employees use their personal vehicles for work purposes. Non-owned vehicle insurance supplements, but does not replace, the car-owner’s liability insurance.

   The Contractor is not required to provide and maintain automobile liability insurance on any vehicle — owned, hired, or non-owned -- unless the vehicle is used in the performance of this contract.

   (b) The insurance coverage minimums specified in subparagraph (a) are exclusive of defense costs.

   (c) The Contractor understands and agrees that the insurance coverage minimums specified in subparagraph (a) are not limits, or caps, on the Contractor’s liability or obligations under this contract.

   (d) The Contractor may obtain a waiver of any one or more of the requirements in subparagraph (a) by demonstrating that it has insurance that provides protection that is equal to or greater than the coverage and limits specified in subparagraph (a). The Division shall be the sole judge of whether such a waiver should be granted.

   (e) The Contractor may obtain a waiver of any one or more of the requirements in paragraph (a) by demonstrating that it is self-insured and that its self-insurance provides protection that is equal to or greater than the coverage and limits specified in subparagraph (a). The Division shall be the sole judge of whether such a waiver should be granted.

   (f) Providing and maintaining the types and amounts of insurance or self-insurance specified in this paragraph is a material obligation of the Contractor and is of the essence of this contract.

   (g) The Contractor shall only obtain insurance from companies that are authorized to provide such coverage and that are authorized by the Commissioner of Insurance to do business in the State of North Carolina. All such insurance shall meet all laws of the State of North Carolina.

   (h) The Contractor shall comply at all times with all lawful terms and conditions of its insurance policies and all lawful requirements of its insurer.

   (i) The Contractor shall require its subcontractors to comply with the requirements of this paragraph.

   (j) The Contractor shall demonstrate its compliance with the requirements of this paragraph by submitting certificates of insurance, if requested, to the Division before the Contractor begins work under this contract.

**Default and Termination**

**Termination Without Cause:** The Division may terminate this contract without cause by giving 30 days written notice to the Contractor. In that event, all finished or unfinished deliverable items prepared by the Contractor under this contract shall, at the option of the Division, become its property and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such materials, minus any payment or compensation previously made.

**Termination for Cause:** If, through any cause, the Contractor shall fail to fulfill its obligations under this contract in a timely and proper manner, the Division shall have the right to terminate this contract by giving written notice to the Contractor and specifying the effective date thereof. Notwithstanding the foregoing provision, the Contractor shall not be relieved of liability to the Division for damages sustained by the Division by virtue of the Contractor’s breach of this agreement, and the Division may withhold any payment due the Contractor for the purpose of setoff until such time as the exact amount of damages due the Division from such breach can be determined. In case of default by the
Contractor, without limiting any other remedies for breach available to it, the Division may procure the contract services from other sources and hold the Contractor responsible for any excess cost occasioned thereby. The filing of a petition for bankruptcy by the Contractor shall be an act of default under this contract.

Waiver of Default: Waiver by the Division of any default or breach in compliance with the terms of this contract by the Contractor shall not be deemed a waiver of any subsequent default or breach and shall not be construed to be modification of the terms of this contract unless stated to be such in writing, signed by an authorized representative of the Department and the Contractor and attached to the contract.

Availability of Funds: The parties to this contract agree and understand that the payment of the sums specified in this contract is dependent and contingent upon and subject to the appropriation, allocation, and availability of funds for this purpose to the Division.

Duty to Report: The Contractor shall report a suspected or confirmed security breach to the Division’s Contract Administrator within twenty-four (24) hours after the breach is first discovered, provided that the Contractor shall report a breach involving Social Security Administration data or Internal Revenue Service data within one (1) hour after the breach is first discovered. During the performance of this contract, the Contractor shall notify the Division contract administrator of any contact by the federal Office for Civil Rights (OCR) received by the contractor.

Also, if any litigation, claim, negotiation, audit, disallowance action, or other action involving this Contract has been started before expiration of the five-year retention period described above, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular five-year period described above, whichever is later. The record retention period for Temporary Assistance for Needy Families (TANF) and MEDICAID and Medical Assistance grants and programs must be retained for a minimum of ten years.

Indemnification: The Contractor agrees to indemnify and hold harmless the Division, the State of North Carolina, and any of their officers, agents and employees, from any claims of third parties arising out of any act or omission of the Contractor in connection with the performance of this contract.

Insurance: (a) During the term of the contract, the Contractor shall provide, at its sole cost and expense, commercial insurance of such types and with such terms and limits as may be reasonably associated with the contract. At a minimum, the Contractor shall provide and maintain the following coverage and limits:

(e) The Contractor may obtain a waiver of any one or more of the requirements in paragraph (a) by demonstrating that it is self-insured and that its self-insurance provides protection that is equal to or greater than the coverage and limits specified in subparagraph (a). The Division shall be the sole judge of whether such a waiver should be granted.

(f) Providing and maintaining the types and amounts of insurance or self-insurance specified in this paragraph is a material obligation of the Contractor and is of the essence of this contract.

(g) The Contractor shall only obtain insurance from companies that are authorized to provide such coverage and that are authorized by the Commissioner of Insurance to do business in the State of North Carolina. All such insurance shall meet all laws of the State of North Carolina.

(h) The Contractor shall comply at all times with all lawful terms and conditions of its insurance policies and all lawful requirements of its insurer.

Conflict of Interest Policy Example

The Board of Directors/Trustees or other governing persons, officers, employees or agents are to avoid any conflict of interest, even the appearance of a conflict of interest. The Organization's Board of Directors/Trustees or other governing body, officers, staff and agents are obligated to always act in the best interest of the organization. This obligation requires that any Board member or other governing person, officer, employee or agent, in the performance of Organization duties, seek only the furtherance of the Organization mission. At all times, Board members or other governing persons, officers, employees or agents, are prohibited from using their job title, the Organization's name or property, for private profit or benefit.

A. The Board members or other governing persons, officers, employees, or agents of the Organization should neither solicit nor accept gratuities, favors, or anything of monetary value from current or potential contractors/vendors, persons receiving benefits from the Organization or persons who may benefit from the actions of any Board member or other governing person, officer, employee or agent. This is not intended to preclude bona-fide Organization fund raising-activities.

B. A Board or other governing body member may, with the approval of Board or other governing body, receive honoraria for lectures and other such activities while not acting in any official capacity for the Organization. Officers may, with the approval of the Board or other governing body, receive honoraria for lectures and other such activities while on personal days, compensatory time, annual leave, or leave without pay. Employees may, with the prior written approval of their supervisor, receive honoraria for lectures and other such activities while on personal days, compensatory time, annual leave, or leave without pay. If a Board or other governing body member, officer, employee or agent is acting in any official capacity, honoraria received in connection with activities relating to the Organization are to be paid to the Organization.

C. No Board member or other governing person, officer, employee, or agent of the Organization shall participate in the selection, award, or administration of a purchase or contract with a vendor where, to his knowledge, any of the following has a financial interest in that purchase or contract:
   1. The Board member or other governing person, officer, employee, or agent;
   2. Any member of their family by whole or half blood, step or personal relationship or relative-in-law;
   3. An organization in which any of the above is an officer, director, or employee;
   4. A person or organization with whom any of the above individuals is negotiating or has any arrangement concerning prospective employment or contracts.

D. Duty to Disclosure -- Any conflict of interest, potential conflict of interest, or the appearance of a conflict of interest is to be reported to the Board or other governing body or one’s supervisor immediately.

E. Board Action -- When a conflict of interest is relevant to a matter requiring action by the Board of Directors/Trustees or other governing body, the Board member or other governing person, officer, employee, or agent (person(s)) must disclose the existence of the conflict of interest and be given the opportunity to disclose all material facts to the Board and members of committees with governing board delegated powers considering the possible conflict of interest. After disclosure of all material facts, and after any discussion with the person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

In addition, the person(s) shall not participate in the final deliberation or decision regarding the matter under consideration and shall leave the meeting during the discussion of and vote of the Board of Directors/Trustees or other governing body.

F. Violations of the Conflicts of Interest Policy -- If the Board of Directors/Trustees or other governing body has reasonable cause to believe a member, officer, employee or agent has failed to disclose actual or possible conflicts of interest, it shall inform the person of the basis for such belief and afford the person an opportunity to explain the alleged failure to disclose. If, after hearing the person's response and after making further investigation as warranted by the circumstances, the Board of Directors/Trustees or other governing body determines the member, officer, employee or agent has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.
G. **Record of Conflict** -- The minutes of the governing board and all committees with board delegated powers shall contain:

1. The names of the persons who disclosed or otherwise were found to have an actual or possible conflict of interest, the nature of the conflict of interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.

2. The names of the persons who were present for discussions and votes relating to the transaction or arrangement that presents a possible conflict of interest, the content of the discussion, including any alternatives to the transaction or arrangement, and a record of any votes taken in connection with the proceedings.

CONFLICT OF INTEREST ACKNOWLEDGEMENT AND POLICY - INDIVIDUAL

A conflict of interest is a situation in which the individual and/or independent contractor has competing professional or personal interests (usually in a financial or economic nature). Such competing interests can make it difficult to fulfill his or her duties and responsibilities impartially. A conflict of interest exists even if no unethical or improper act results from it. A conflict of interest can create an appearance of impropriety that can undermine confidence in the person, profession, or court system.

As an independent contractor for the Department of Health and Human Services (DHHS) the contractor warrants and affirms the following:

His/her business is independent and that he/she markets his/her professional services to others, except to the extent necessary to avoid a conflict of interest.

The position is not used for financial gain beyond that received directly for this service nor will the work performed on this project create an appearance of a conflict of interest for me or a member of my family or others with whom I have business or other ties.

When a conflict of interest is identified, the contractor will disclose it in writing to the contract administrator listed on the contract.
