Telephone Contacts

If a client calls to change his/her address:

- We update their address in Scheduler (Scheduler is comprehensive client registration system developed by Durham County IS&T).
- Mail a North Carolina Voter Registration Application to them.
- Provide a self-addressed stamp envelope for them to return the form upon completion.
- Upon receipt of the application, the same batching process as described earlier is followed.
System/Process Enhancements

• Scheduler was enhanced to include a field that would allow staff to record the date each client was offered the opportunity to register to vote

• Each month supervisors pull data from Scheduler to determine if staff are asking the “Voter Registration” question and documenting properly

• Reviewing the results of the data is a standing agenda item during staff’s monthly meetings with their supervisor
As a result.....................

The number of citizens completing the North Carolina State Board of Elections, Voter Registration Preference Form and/or registered increased by over 70 %

❖ From July 2014 to June 2015
   7,137 citizens have been given an opportunity to register to vote

❖ From July 2015 to January 2016
   12,478 citizens have been given an opportunity to register to vote
To support staff thru this change........

Two meetings were held with staff to review the SOP and reiterate the importance of our Voter Registration efforts.

The SOPs were incorporated into staff’s work plans as performance expectation.

Supervisors are expected to monitor monthly.
System/Process Enhancements

Effective, April 15, 2016; Prior to transmitting Voter Registration Forms to BOE, each completed form will be scanned into our electronic filing system.

The electronic copies will be retrievable as needed (Month and Week of).

North Carolina Voter Registration posters were ordered and received from NC NVRA program for each lobby.
