Training

• June 2016 Virtual Training scheduled posted on FAST HELP, classes available for registration on Learning Gateway

• June 2016 Virtual Trainings offered: Navigation 101, FNS/CA, MAGI, SA and LTC

• NC FAST Trainer/Business Rep attending TANF Summit on June 15th for WFFA Presentation

• Training NC FAST New Help Desk Hires
Training

• NC FAST Community College Collaborative: to date as a result of the pilot project, there have been 10 permanent new hires and one temporary new hire at the local DSS. NC FAST staff are in the process of expanding the interview portion of the course to enhance the student’s skill in this area. Roll out meetings will begin in June throughout the state, and the remaining 54 colleges will begin teaching the course in August 2016.

• The Readiness Liaisons would like to thank County Leadership for their participation in the P3 Readiness Assessments. All 100 counties have been completed. Several counties will be contacted for follow-up regarding information pending confirmation.

• The Readiness Liaisons have continued to work closely with counties to identify trends and coordinate with the Help Desk other NC FAST teams.

• NC FAST will host the next County Champion Call on June 15th from 3-4 p.m.

• The Readiness Liaisons will resume conducting Touch Point Calls with the County Champions beginning July 2016.
The project Executive Advisory Committee (EAC) has officially accepted the updated timeline shown below.

The deployment of CIP and LIEAP functionality is now targeted for Spring 2017, more details on how this will be deployed will be communicated as it is finalized.
Project 3 Updates

- NC FAST completed User Acceptance Testing with approximately 30 participants including 8 different providers at the end of May.
  - Positive feedback from both the Providers and Pilot Counties

- Release 1, which includes Provider Management and the Provider Portal, will be deployed to production over the weekend of June 11th.

- On Monday, June 13th, the Pilot Counties will be able to begin linking the NCIDs of their Providers.

- Although the Provider Portal functionality will also be deployed, the Provider Portal will display an informational page until early July.
  - This allows the Pilot Counties to focus on NCID linking for a short period before Providers gain access to the Portal to enroll.
Project 3 Updates

• All counties will see minor changes to production with the release, such as the availability of the new LPA Provider Manager security role.

• If you are not a Pilot County, please do not attempt to link your Provider NCIDs. We want to ensure the process is as smooth as possible and will communicate when any non-Pilot County should begin linking NCIDs.

• Counties should have their Provider Managers complete the Provider Manager training available in the Learning Gateway.
  • Pilot Counties – recommended during week of June 6th
  • Non-Pilot Counties – recommended during week of June 23rd

• The NC FAST Provider Help Desk will be operational beginning on June 13th. This help desk will support Providers and DSS/LPA Provider Managers. The number for the Provider Help Desk is 919-813-5460.
