# NC FAST Timeline

## NC FAST Overall Timeline

## Project 3 Update

- NC FAST conducted a workshop at the Social Services Institute that covered high level information regarding how the Subsidized Child Care Application process will work in NC FAST.
- Information shared during the Social Services Institute was repeated during the County Champion Call last week. If you or your staff were unable to attend either the workshop or the County Champion Call, please refer to the recording. The link to the recording was distributed in last Friday's Weekly Communication Summary.
- The second Project 3 Fact Sheet covering information on the Subsidized Child Care Application process was distributed on October 29<sup>th</sup>. The Fact Sheet also included information on the ePASS application function. The Fact Sheets are available in FAST Help if additional copies are needed.

## Ways to Begin Preparing for P3

- Grant inquiry-only access to current child care workers so they may begin becoming familiar with the look and feel of NC FAST. A Job Aid is currently under development to help workers deem income for Subsidized Child Care Assistance using the FNS case in NC FAST.
- Reference materials in the *Navigating NC FAST* folder (located within the *Applications & Processing* folder) in FAST Help (<https://ncfasthelp.nc.gov>).
- Allow child care workers to shadow Medicaid or FNS workers as they process applications, reviews, or changes.
- Subscribe child care workers & supervisors to the NC FAST email listserv. Visit the FAST Help homepage for the procedure.
- Share County Champion call materials and Fact Sheets with child care & energy workers. Our next County Champion call will also cover today's material and is scheduled for October 28 at 3 pm. Logistics will be emailed to all County Champions.

## Ways to Begin Preparing for P3

- Start registering current Subsidized Child Care Assistance recipients in NC FAST:
  - Search for individuals - parent/RA, child(ren) - associated with the case to see if they are already known to NC FAST. See the *Searching for Persons* procedure in FAST Help.
  - Register any individuals not found in NC FAST. See the *Registering Persons Job Aid* in FAST Help.
  - Make a note in the child care case file when the family is registered in NC FAST.
- Pair up an experienced NC FAST user with a child care worker:
  - Talk through proper searching techniques and the importance of avoiding duplicates.
  - Perform thorough searches together before registering clients in NC FAST.
  - Establishing good habits for these workers now is a great way to prepare for go-live!
