Subject: NCTracks Customer Satisfaction Survey

The purpose of this bulletin is to remind LME-MCOs and providers of the NCTracks customer satisfaction survey.

CSC, the NC Medicaid Management Information Systems’ fiscal agent responsible for implementing policy for the federal Centers for Medicare and Medicaid Services and the North Carolina Department of Health and Human Services through NCTracks, is required to conduct an annual customer satisfaction survey of a representative sampling of providers.

The survey focuses on the aspects of the project that involve direct customer interaction, such as the call center, provider relations, training, and communications, as well as functional areas, such as pharmacy prior approval and provider enrollment. Unless otherwise noted, the time period for which this survey applies is from July 1, 2014 to present. The survey is anonymous.

This year, the survey is being sent to all NCTracks providers. The survey should take approximately 15 minutes to complete and must be completed by May 22, 2015. Results of the survey will be compiled and submitted to the state. We appreciate your participation as we strive to continue to improve our service to providers.
