IMPORTANT INFORMATION – Both Agency Vendors and Individuals may present an application to become a Contractor to provide the described services. Efforts are made in some locations throughout the document to characterize differences; however, there may be instances where Agency Vendors and Individuals are simply defined as Vendors. An Agency Vendor must present information with its application that describes all the individuals it may assign if a request for services is received. Individuals that present an application will only have a responsibility to present information that describes the applying applicant.

Individuals that are contracted by agencies and contemplate applying to be a contractor for DSDHH should review their agency contract to ensure that they are not bound by a non-compete agreement with the agency.

SECTION 1.0 INTRODUCTION

This Request for Applications (RFA) advertises the North Carolina Department of Health and Human Services (DHHS), Division of Services for the Deaf and the Hard of Hearing's (DSDHH), need for the services described herein and solicits applications offering to provide those services pursuant to the specifications, terms, and conditions specified herein. All applications received shall be treated as offers to enter into an agreement.

Applications are accepted on an on-going basis, throughout the agreement period, subject to the conditions described in the application process. Vendors whose applications are submitted must wait to receive a confirmation letter of acceptance from the Contract Administrator before providing any service. The confirmation letter will indicate the effective date work may begin.

Written questions concerning the specifications in this Request for Application are to be forwarded via email to Tony Davis, Contract Administrator, at tony.davis@dhhs.nc.gov. A summary of all questions and answers in the form of an addendum will be mailed or e-mailed in response.

SECTION 2.0 PURPOSE

The purpose of this Request for Application (RFA) is the creation of an on-going list of qualified individuals and/or business agencies that the Department of Health and Human Services (DHHS) staff can use for obtaining Captioning Services. Captioning services will be provided as a way for DHHS to meet communication access needs of deaf or hard of hearing staff, customers, and clients. It's important to note that Captioning Services are needed on an infrequent basis; however, the frequency and location are not systematic in a manner that can be defined as routine or patterned based. No Contractor is guaranteed a minimum of work.

For the purpose of this RFA, Captioning Services may include Communication Access Realtime Translation (CART), Computer Assisted Notetaking (CAN), C-Print™/TypeWell™, transcription services, and off-line captioning services. This vendor list will be used by all employees of DHHS Divisions, Institutions, and Offices to secure captioning services to facilitate communication access needs for both staff and consumers on an as needed basis.

Vendors do not have to be able to provide all the services outlined in the RFA. Vendors providing partial services may be considered. Vendors responding to this RFA should include the services it has an interest in providing, including what area of the state it prefers to provide services in if a request is made to perform on-site services.

SECTION 3.0 BACKGROUND

The DHHS is the largest agency in North Carolina State government. It is divided into thirty (30) divisions and offices, oversees fourteen (14) facilities, has more than nineteen thousand (19,000) employees, and has an operating budget of \$18.3 billion plus. The Department is responsible for ensuring the health, safety, and well-being of all North Carolinians; providing the human service needs for special populations including those with a mental illness, deaf, blind, and developmentally disabled; and, helping North Carolinians achieve economic independence.

The Census Bureau and the National Center for Health Statistics estimate that approximately 1.2 million people in North Carolina have a hearing loss. Some of these individuals are customers, clients, and staff of DHHS. All Divisions, Sections, Branches, Units, Offices, Facilities, and Institutions are required to establish an accessibility plan to provide communication access for consumers, clients, or staff who may be deaf, hard of hearing, deaf-blind or blind. The plan must include procedures for the procurement of and payment for accessibility for Communication Access Realtime Translation (CART), Computer Assisted Notetaking (CAN), C-Print™/TypeWell™, transcription, and off-line captioning services.

- 1. When DHHS has a need to provide a communication access accommodation in the form of captioning, DHHS staff will be able to request a captioning provider from a list of pre-qualified Vendors that have been added to the vendor list. DHHS, as the Hiring Agency, may make a request for captioning services to any of the Vendors on the list.  - d) **Off-Line Captioning Services**
 - e) **C-Print™/TypeWell™**
- 2. Being on the approved Captioning Services Vendor list for DHHS does not guarantee a captioning provider that it will ever receive a request for services. Any DHHS division, office, or facility as the Hiring Agency, may issue a request for captioning services to any of the Vendors on the list of its choosing taking into consideration individual situational needs.
 - 3. The request for services may be issued by written or verbal means but must be confirmed via written communication. All requests for services will be initiated by the DHHS hiring agency on an as-needed basis.

The DSDHH defines collaboratively as the hiring agency providing the captionist with information such as copies of materials that will be used, names of attendees, and other information that the hiring agency has that will aid the captionist(s).
- d. Qualified for the assignment. This includes, **but is not limited to**, possessing one of the following certifications issued by the National Court Reporter Association: Certified Realtime Reporter (CRR), Certified CART Provider (CCP), Certified Broadcast Captioner (CBC), and Certified Verbatim Reporter (CVR). *For purposes of this RFA, the inclusion above, "but is not limited to" translates that a combination of qualifications and experiences will be considered if a CART Vendor does not have a certification.* Attachment A (DHHS Captioning Services Vendor List, Background Information) seeks information that explains and defines credentialing. The captionist types as much information as possible, providing a meaning-to-meaning translation using fewer words than the speaker covers;
