1.0 Description of the Service

Supported Living Periodic (I/DD & TBI) provides a flexible partnership that enables an individual 18 years and older to live in their own home with support from an agency that provides individualized assistance in a home that is under the control and responsibility of the individual. The service includes direct assistance as needed with activities of daily living, household chores essential to the health and safety of the individual, budget management, attending appointments, and interpersonal and social skill building to enable the individual to live in a home in the community. Training activities, supervision, and assistance may be provided to allow the individual to participate in home or community activities. Other activities include assistance with monitoring health status and physical conditions, and assistance with transferring, ambulation and use of special mobility devices.

Transportation is an inclusive component of Supported Living Periodic (I/DD & TBI) to achieve goals and objectives related to these activities with the exception of transportation by another funding source and to and from medical services completed by natural supports.

1.1 Definitions

Assistive Technology as a device can be any item or piece of equipment that helps a person with a disability increase, maintain, or improve their ability to function. Assistive Technology as a device can range from low-tech to high tech. Example of devices:

- d. the service is experimental, investigational, or part of a clinical trial.

4.2 Specific Criteria Not Covered

4.2.1 Specific Criteria Not Covered by State Funds

None that apply.

5.0 Requirements for and Limitations on Coverage

5.1 Prior Approval

State funded Supported Living Periodic (I/DD & TBI) shall require prior approval. Refer to Subsection 5.3 for additional limitations.

A service order must be signed prior to or on the first day Supported Living Periodic (I/DD & TBI) are rendered. Refer to Subsection 5.4 of this policy.

Providers shall collaborate with the individual's existing provider to develop an integrated plan of care. Prior authorization is not a guarantee of claim payment.

5.2 Prior Approval Requirements

5.2.1 General

The provider(s) shall submit to the LME-MCO both of the following:

- a. the prior approval request; and
- b. all health records and any other records that support the individual has met the specific criteria in Subsection 3.2 of this policy.

5.2.2 Specific

Utilization management of covered services is a part of the assurance of medically necessary service provision. Authorization, which is an aspect of utilization management, validates approval to provide a medically necessary covered service to an eligible individual.

Initial Authorization

Services are based upon a finding of medical necessity, must be directly related to the individual's diagnostic and clinical needs, and are expected to achieve the specific habilitative goals detailed in the individual's PCP or ISP. Medical necessity is determined by North Carolina community practice standards, as verified by the LME-MCO who evaluates the request to determine if medical necessity supports intensive services. Medically necessary services are authorized in the most cost-effective modes, if the treatment that is made available is similarly efficacious as services requested by the individual's physician, therapist, or another licensed qualified professional. The medically necessary service must be recognized as an accepted method of treatment.

To request an initial authorization, the psychological evaluation, service order for medical necessity, PCP or ISP, SIS evaluation and/or SNAP evaluation, or TBI assessment where applicable, the required LME-MCO authorization request form must be submitted to the LME-MCO. Refer to Subsection 5.4 for Service Order requirements.

Reauthorization

Reauthorization requests must be submitted to the LME-MCO 14-days prior to the end date of the individual's active authorization. Reauthorization is based on medical necessity documented in the updated PCP or ISP, the authorization request form, and supporting documentation to include a current SNAP, SIS or TBI assessment, where applicable. The duration and frequency at which Supported Living Periodic (I/DD & TBI) is provided must be based on medical necessity and progress made by the individual toward goals outlined in the PCP or ISP.

If medical necessity dictates the need for increased service duration and frequency, clinical consideration must be given to other services and interventions with a more intense clinical component.

D. Modifiers

There are no modifiers for this service.

E. Billing Units

Provider(s) shall report the appropriate code(s) used which determines the billing unit(s).

NC Division of Mental Health, Developmental Disabilities, and Substance Abuse Services	State-Funded Supported Living Periodic (I/DD & TBI) Date Published March 28, 2022
--	--

Units are billed in 15-minute increments.

LME-MCOs and provider agencies shall monitor utilization of service by conducting record reviews and internal audits of units of service billed. LME-MCOs shall assess their Supported Living Periodic (I/DD & TBI) network providers' adherence to service guidelines to assure quality services for individuals served.

F. Place of Service

The service may be provided in the home or community that meet the home and community based characteristics established by Centers for Medicare & Medicaid Services and adopted by NC DHHS. This service is distinct from Residential Supports in that it provides for a variety of living arrangements for individuals who choose to live in their own home versus the home of a provider. An individual's own home is defined as the place the individual lives and in which the individual has all of the ownership or tenancy rights afforded under the law and that meet the home and community based characteristics established by Centers for Medicare & Medicaid Services and adopted by NC DHHS. This home must have a separate address from any other residence located on the same property. Individuals living in a Supported Living Periodic (I/DD & TBI) arrangement shall choose who lives within the home, are involved in the selection of direct support professionals and participate in the development of roles and responsibilities of staff. Individuals receiving Supported Living Periodic (I/DD & TBI) have the right to manage personal funds as specified in the PCP or ISP. A formal roommate agreement, separate from the landlord lease agreement, is established and signed by individuals whose name is on the lease. Homes leased under Section 8 Housing are licensed and inspected by the local housing agency and must meet the housing quality standards per 24CFR 882-109.

The provider of Supported Living Periodic (I/DD & TBI) services shall not:

- a. Own the individual's home or have any authority to require the individual to move if the individual changes service providers.
- b. Own, be owned by, or be affiliated with any entity that leases or rents a place of residence to an individual if such entity requires, as a condition of renting or leasing, the individual to move if the Supported Living Periodic (I/DD & TBI) provider changes.

To ensure the intent of the definition to support individuals to live in a home of their own and achieve independence, Supported Living Periodic (I/DD & TBI) shall not be provided in a home where an individual lives with family members unless such family members are an individual receiving Supported Living, a spouse, or a minor child. Family member is defined as a parent, grandparents, siblings, grandchildren, and other extended family members. In addition, it also includes step-parents, non-minor step-children and step-siblings and non-minor adoptive relationships. All individuals receiving Supported Living Periodic (I/DD & TBI) services who live in the same household must be on the lease unless the individual is a live-in caregiver.

This service is not Medicaid billable.
